SOMACIS, INC.
401(K) SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 - Description of Plan:

The following description of the Somacis, Inc. (formerly: Hallmark Circuits, Inc.) 401(k) Salary Reduction Plan and Trust (the "Plan") provides only general information. For additional information concerning the Plan's provisions, participants should refer to the Plan Agreement and Summary Plan Description.

General

The Plan is a defined contribution plan covering the employees of Somacis, Inc. (the "Company" and "Employer") who have completed one month of service and attained the age of 18. An employee will become a participant in the Plan on the first day of the quarter immediately following the date of employee satisfies the eligibility conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company has appointed Lincoln National Life Insurance Company as the Custodian of the Plan assets, with authority over management and investment of Plan assets and Plan accounting and reporting.

Contributions

Each year participants may elect to make pre-tax contributions of at least 1% of eligible annual compensation up to the maximum amount allowed by law. The Plan permits Roth elective deferrals. The Plan also provides for a matching contribution at the discretion of the Company. In addition to the discretionary matching contribution, the Company may elect to make a discretionary profit sharing contribution to the Plan at any time. A participant is eligible to participate in the profit sharing contribution if he/she has completed 1,000 hours of service during the Plan year, and is employed on the last date of the Plan year. There were no Employer matching or discretionary profit sharing contributions made for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, and allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct their salary deferral contributions and their allocated share of Employer contributions into various investments, which are more fully described in the Plan's literature. The Plan currently offers a variety of pooled separate accounts, and a guaranteed interest contract. Participants may change their investment options any time throughout the year.

Vesting

Participants are immediately vested in their voluntary contributions and for all Employer contributions made after January 1, 2001, plus actual earnings thereon.

Note 1 - Description of Plan: (Continued)

Notes Receivable From Participants

Participants may borrow from their accounts in amounts not to exceed the lesser of $50,000 or 50% of the participant's vested account balance, with a minimum of $1,000. The loans bear interest at rates equal to the prime rate plus 2%, established when the loan is granted. Interest rates ranged from 4.25% to 6.50% on the participants' loan balances at December 31, 2019. Loans are repaid through payroll withholding, generally over five years; however, the Plan provides for longer maturities if the loan is used to acquire the participant's principal residence.

Payment of Benefits

Upon termination of services due to death, disability or retirement, a participant or his/her beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his/her account in either a lump-sum amount or through various annuities, based on the participant's election. Participants with account balances of $5,000 or less will receive a lump-sum distribution upon termination of service with the Company. Participants with account balances of greater than $1,000 but less than $5,000, a direct rollover will be made to an individual retirement account, unless otherwise directed by the participant.

Participants may receive withdrawals for reasons of financial hardship. These withdrawals are included with benefits paid, and cannot exceed the participant's voluntary contributions and vested Employer contributions plus earnings.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. All accounting and legal services and administrative fees (other than loan and investment transfer fees) of the Plan are either provided or paid for by the Company, at no cost to the Plan.

Note 2 - Significant Accounting Policies:

Accounting Method

The financial statements of the Plan have been prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Employee and Employer contributions were recognized in the period that contributions are due.

Guaranteed interest contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 - Significant Accounting Policies: (Continued)

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value, and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy), and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the Plan has the ability to access at the measurement date.

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the investment, either directly or indirectly.

- Level 3 inputs are unobservable inputs for the investment.

The Plan's statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in pooled separate accounts (PSAs) are segregated investment accounts established by The Lincoln National Life Insurance Company or Lincoln Life & Annuity Company of New York. The value of the Plan's investment in the PSAs is equal to the contract value. The contract value is equal to the number of participation units owned under the contract in each PSA, times the unit value of the participation units. The PSAs are considered Level 2 assets, and are reported at fair value based on the unit value of the underlying assets owned by the fund, minus the fund's liabilities, divided by the number of participation units outstanding. This value is also commonly referred to as the net asset value (NAV). This is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment Valuation and Income Recognition

Investments held in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Investments held in guaranteed interest accounts are reported at contract value (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2 - Significant Accounting Policies: (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable From Participants

Participant loans are reported at their unpaid balances plus any accrued and unpaid interest.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 23, 2020, the date the financial statements were available to be issued, and concluded that there were no events or transactions that needed to be disclosed.

Note 3 - Fair Value Measurements:

The Plan has no assets measured at fair value that are required to be reported by classification within the fair value hierarchy at December 31, 2019 and 2018.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2019			
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 2,714,948	N/A	Daily	12 months

	2018			
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Lincoln National Life Insurance Company, the Custodian of the Plan assets, as complete and accurate, except for comparing such information certified by the Custodian of information included in the Plan's financial statements and supplementary information.

Note 4 - Investments: (Continued)

The Custodian has certified that the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value a total of $394,097, and interest and dividend income totaled $12,414, for the year ended December 31, 2019.

Note 5 - Guaranteed Interest Contract:

The Plan has a fully benefit-responsive guaranteed investment contract with Lincoln Insurance Company ("Lincoln") totaling $831,446 and $830,641 at December 31, 2019 and 2018, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal, and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes, or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Guaranteed Interest Contract: (Continued)

The following is a summary of the activity reported at contract value certified by Lincoln National Life Insurance Company for the years ended December 31:

	2019	2018
Balance, Beginning of Year at Contract Value	$ 830,641	$ 922,884
Add:		
Employee contributions	19,087	28,830
Interest income	12,414	13,134
Less:		
Purchases, sales, issuances and settlements, net	(28,542)	(131,921)
Administrative expenses	(2,158)	(2,286)
Balance, End of Year at Contract Value	$ 831,446	$ 830,641

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status:

The prototype Plan sponsor, Lincoln Retirement Services Company, LLC, has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently being operated in accordance with the IRC.

The Plan believes that it has appropriate support for any tax position taken, and, as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2016.

Note 8 - Party-In-Interest Transaction:

Certain Plan investments are shares of pooled separate accounts managed by Lincoln National Life Insurance Company, the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. The Plan paid contract administrator fees, loan fees, and loan maintenance fees totaling $8,034, and investment advisory fees totaling $2,241, for the year ended December 31, 2019. In addition, the Plan may pay fees for investment management services which are included in net appreciation in fair values of investments.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits, per the financial statements, to Schedule H of Form 5500 at December 31:

	2019	2018
