NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Canton Christian Home, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) retirement plan which was formed for the purpose of providing retirement benefits to all full time employees of Canton Christian Home (“Company”). Employees become eligible to participate in the Plan upon reaching age twenty-one, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Plan’s Investment committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions

Participants can voluntarily contribute up to 100% of pre-tax annual compensation or make Roth contributions, as defined in the Plan. The maximum employee contribution allowed in 2019 and 2018 was \$19,000 and \$18,500, respectively. Participants who have attained age 50 by the end of the Plan year may also make catch up contributions to the Plan up to \$6,000 for 2019 and 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. Participants may change their deferral percentage contribution at monthly intervals throughout the Plan year. Investment election changes can be made at any time. With the exception of participants who are classified as managers or PRN employees, the Company makes tiered matching contributions to the Plan based upon years of service in an amount up to 5% of eligible compensation, as follows:

<u>Years of service</u>	<u>Matching percentage</u>
1 to <5	25%
5 to <10	50%
10 to <15	75%
15 or more	100%

The Company also may elect to make additional profit sharing contributions to the Plan as determined by the Board of Directors. No profit sharing contributions were made during the Plan years ended December 31, 2019 and 2018

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and Plan earnings, and is charged with loan origination fees, as applicable, and benefits paid. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions and Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of: (1) 50% of their vested account, less any outstanding loan balances they might have or (2) \$50,000, less their highest outstanding loan balance from the Plan during the past year. Loan terms may range from 1 to 5 years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

During their employment, participants may withdraw their vested account balance in the event of financial hardship. The balance in an employee's account not previously withdrawn may be paid to the participants or their designated beneficiary in the event of death, permanent disability, retirement, or other termination of employment with the Company. In addition, an in-service withdrawal may be taken after age 59 ½. Benefit payments are generally made in a lump-sum amount but there is an option for installment payments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

CANTON CHRISTIAN HOME, INC.
401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan's administrative expenses are paid by either the Plan or the plan sponsor as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

Due to the national and world-wide disruptions caused by COVID-19 in 2020, the Plan may be adversely impacted. The Plan is adjusting its operations to compensate for disruptions on an ongoing basis. At this time, any financial impact of potential COVID-19 related disruptions are not known.

Plan management has evaluated subsequent events through September 9, 2020, the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in the fair value of pooled separate accounts for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock (the custodian of the Plan).

401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENT

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments valued using NAV as a practical expedient (a) Pooled separate accounts				\$ 2,669,585
Total assets at fair value				<u>\$ 2,669,585</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation for the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2019 and 2018, respectively.

- (a) This category seeks high total return through its target retirement date, with a greater focus on income beyond the target date. The category allocates its assets among underlying funds according to an asset allocation strategy that becomes increasingly conservative over time. The Portfolio's asset mix increases its allocation to fixed income funds and reduces its allocation to stock funds as it nears its target date. Automatic reallocation helps maintain an age-appropriate investment mix up to, and throughout, retirement.
- (b) This category includes funds that seek long-term capital appreciation. This category includes funds that seek long-term capital appreciation. The primary objectives of the category include capturing the return premiums of the emerging U.S. and non-U.S. value asset class by investing in well-diversified portfolios of securities.
- (c) This category includes funds that seek primarily to provide long-term growth of capital. The portfolio's investment professionals diversify among blue chip companies in the United States and abroad, emphasizing multi-national or global companies and focusing on opportunities generated by changes in global trade patterns and economic and political relationships.
- (d) This category includes funds that seek to provide a high level of current income with prudent investment risk. The fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in a diversified portfolio of bonds. These may include, but are not limited to, corporate bonds and debentures, mortgage-related and asset-backed securities, and U.S. government and agency securities.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are accumulation units of variable annuity portfolios managed by affiliates of John Hancock, custodian of the Plan (see Note 3). Therefore, these transactions qualify as party-in-interest transactions. Management fees for these portfolios are paid by the respective portfolios and reduce the return earned on the portfolios. Trustee fees for administering the Plan are paid by the Company.

CANTON CHRISTIAN HOME, INC.
401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Additionally, the Plan holds party-in-interest receivables of \$68,131 and \$45,807 as of December 31, 2019 and 2018, respectively, in the form of participant loans.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7: TAX STATUS

John Hancock., sponsor of the Volume Submitter Profit Sharing Plan with CODA, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated volume submitter document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated volume submitter document on June 1, 2015. The volume submitter opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2019, the Plan held \$3,252,693 of John Hancock (JH) pooled separate accounts, which was approximately 97% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.
