Independent Auditor's Report

To the Plan Administrator of the Clean Earth Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Clean Earth Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, and Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee and custodian as of December 31, 2019 and for the year then ended, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - Supplemental Schedules

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2019 and Schedule of Assets (Held at End of Year) as of December 31, 2019 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, and Reliance Trust Company, the trustee of the Plan, from March 1, 2018 through December 31, 2018 and Transamerica Life Insurance and Annuity Company, the custodian of the Plan, from January 1, 2018 through February 28, 2018. Their report, dated October 10, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians and trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**CLEAN EARTH PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Plan Description

The following description of the Clean Earth Plan (the "Plan") provides only an abbreviated summary of the general provisions of the Plan. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, covering substantially all non-union employees of Clean Earth, Inc. and Subsidiaries ("the Companies"). Employees who have completed 60 days of service and have attained age 18 are eligible for the Plan. Interns and employees who are scheduled for less than 30 hours per week are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute from 1% to 100% of their compensation to the Plan on a pre-tax basis, subject to limitations imposed under the Internal Revenue Code (IRC). The Plan also allows after-tax and after-tax (Roth) contributions. Participants who enter the Plan through automatic enrollment who do not specify a deferral amount will have 2% deferred on their behalf. Participants who enter the Plan through automatic enrollment will have their deferral percentage automatically increased 1% every year up to 6%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans. Eligible participants may opt out of the Plan at any time.

Pursuant to the Plan, the Companies may make a discretionary matching contribution. For the plan year ended December 31, 2019, the Companies made matching contributions to the Trustee for the account of each participant in an amount equal to 50% of the first 6% of such participant's contributions. The Companies may also make a discretionary contribution to the Plan in an amount determined by the Companies' Board of Directors. Employees are eligible for discretionary contributions if they are employed with the Companies on the last day of the Plan year. No employer discretionary contribution was made for the year ended December 31, 2019.

Participants' Accounts

Each participant's account is credited with his or her contributions, the Companies' discretionary matching contributions, an allocation of discretionary employer contributions, and investment earnings and losses, and charged with an allocation of administrative expenses. Discretionary employer contribution allocations are based on participant compensation. All other allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Companies' matching and discretionary employer contributions is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	—%
1 year but less than 2	20%
2 years but less than 3	60%
3 years of more	100%

While employed by the Companies, a participant will become 100% vested in their account balance upon death, disability or attainment of normal retirement age.

**CLEAN EARTH PLAN
NOTES TO FINANCIAL STATEMENTS**

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan or are automatically invested in the appropriate target date funds.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$40,518 and \$62,578, respectively. At the Companies' discretion, forfeitures may be used to reduce employer contributions or used to pay Plan expenses. The Companies used \$81,334 to reduce employer contributions with forfeitures and \$164 of forfeitures to pay Plan expenses during the year ended December 31, 2019.

Unallocated Assets

The Plan holds assets in an unallocated account which receives deposits as a result of a revenue sharing agreement with Massachusetts Mutual Life Insurance Company. During 2019, deposits to the account totaled \$46,000 which is included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified plan expenses including investment management fees, trustee fees, audit fees, and legal fees. During 2019, \$40,000 was used to pay plan expenses. Unallocated assets were \$2,308 and \$0 at December 31, 2019 and 2018, respectively.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation of service, participants or their beneficiaries are entitled to receive a distribution of their vested account balance in the form of a lump-sum payment or installments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401 (k) of the Internal Revenue Code or standards established by the Secretary of Treasury or his delegate. A participant may also request a withdrawal from rollover funds at any time.

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested account balance, from a minimum of \$1,000 up to a maximum of \$50,000. Notes receivable terms range from one to five years or up to 30 years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. No more than two loans may be outstanding at any time. Principal and interest are paid ratably through payroll deductions and remitted to the custodian on a biweekly basis. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. Notes receivable from participants are carried at unpaid principal plus accrued, but unpaid interest.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Payment of Benefits

Benefit payments to participants are recorded when paid.

**CLEAN EARTH PLAN
NOTES TO FINANCIAL STATEMENTS**

Administrative Expenses

The Plan participants pay investment management and recordkeeping fees related to maintaining the Plan as a whole. All other expenses related to the Plan are paid by the Companies.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Subsequent Events

The Companies have evaluated subsequent events through September 21, 2020, the date these financial statements were available for issuance.

The 2019 novel coronavirus (or "COVID-19") has affected, and may continue to affect, the values of the investments held by the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments cannot be predicted at this time.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan Management has amended the Plan to include the CARES Act.

3. Information Certified by the Custodians and Trustee

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan, and Massachusetts Mutual Life Insurance Company, the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee and custodian have certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2019 and 2018, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2019, and the information contained in the Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan primarily applies the market approach for fair value measurements and endeavors to utilize the best available information. Accordingly, the Plan utilizes valuation techniques that maximize the use of observable inputs, such as quoted prices in active markets, and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan recognizes the methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants expectations for the Plan's investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement. There have been no significant change in the valuation methodologies or transfers between levels during the years ended December 31, 2019 and 2018.

5. Guaranteed Interest Account

The Plan has entered into a benefit-responsive guaranteed interest account contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

With investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. Such interest rates are reviewed on a semi-annual basis for resetting. The contract does not have a maturity date.

The Plan may elect to receive a lump sum at market value, subject to a 45 day notice period. Alternatively, the Company may elect to receive equal annual installments of book value over a period not longer than 10 years.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan received a tax opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been restated and amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

8. Party-In-Interest Transactions

Certain Plan investments at December 31, 2019 and 2018 are invested in funds managed by MassMutual, the custodian of the Plan, and Reliance, the trustee of the Plan, and therefore, these transactions are considered party-in-interest transactions.

Additionally, notes receivable from participants qualify as party in interest transactions. For the year ended December 31, 2019, the Plan received \$21,278 in interest income on notes receivable from participants.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Corrective Distributions Payable

In order to pass the Actual Deferral Percentage (ADP) Test, the Plan administrator elected to refund excess elective deferrals and earnings thereon to certain highly-compensated employees. The calculated amount for elective deferrals was \$43,555 and \$32,298 for the years ended December 31, 2019 and 2018, respectively. These amounts are paid out to the employees in the following Plan year and thus have been included as corrective distributions payable in the accompanying Statements of Net Assets Available for Benefits.
