INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Rite Aid 401(k) Plan
Harrisburg, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Rite Aid 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the trustee of the Plan as of December 31, 2019 and for the period from September 1, 2019 through December 31, 2019 and Matrix Trust Company, the trustee as of December 31, 2018 and for the period from January 1, 2019 through August 31, 2019, the Trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the Trustees as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at the end of year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE RITE AID 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2019 AND 2018, AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF THE PLAN

The following brief description of The Rite Aid 401(k) Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan. An individual account is established for each participant and provides benefits that are based on (a) amounts the participant and Rite Aid Corporation (the “Company” or “Plan Sponsor”) contributed to a participant’s account, (b) investment earnings (losses), and (c) any forfeitures allocated to the account, less administrative expenses charged to the Plan and allocated to participant accounts, if any.

Effective September 1, 2019, Great-West Trust Company, LLC (“Trustee”) serves as Plan Trustee. Prior to September 1, 2019 Matrix Trust Company served as the Plan trustee. The Employee Benefits Administration Committee is the Plan administrator (the “Plan Administrator”) and is responsible for the preparation of the Plan’s financial statements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Also, Effective September 1, 2019 the Record Keeper for the Plan changed from Alight Solutions to Empower Retirement.

Participation — Substantially all non-union Plan Sponsor employees become eligible to participate in the Plan after attaining age 21 and completing three months of service. Participants of the Plan are eligible for matching contributions upon attaining age 21 and completing one year of service (a twelve-month period when at least 1,000 hours are credited).

Contributions — Participants may contribute up to 70% of pretax annual compensation up to the maximum dollar limit, as defined in the Plan. Participants age 50 and over may make additional pretax contributions, as defined in the Plan. The Plan Sponsor matches 100% of a participant’s pretax payroll contributions, up to a maximum of 3% of such participant’s pretax annual compensation. Thereafter, the Plan Sponsor will match 50% of the participant’s additional pretax payroll contributions, up to a maximum of 2% of such participant’s additional pretax annual compensation. A participant may also contribute, or rollover, amounts representing distributions from another qualified defined benefit or defined contribution plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment Options — The Plan provides participants with the option of investing the participant’s account balances into various investment options contained within the Rite Aid Master Retirement Savings Trust (“Master Trust”). The Plan currently offers four mutual funds, six custom funds, twelve common/collective trusts, and a stable value fund (“SVF”).

The Plan’s custom funds are custom investment options created specifically for the Plan by Northern Trust Global Advisors, Inc. The custom funds are an unregistered custom accounts maintained by the Trustee. The performance of the custom funds is based on the performance of the underlying mutual funds which are registered in the market.

Payment of Benefits — Upon termination of service, a participant may elect to receive benefit distributions in one of several forms, including installment payments or lump-sum payments. In certain cases, spousal consent may be required in order to elect a form of distribution other than a joint and survivor annuity. Benefits are payable upon retirement, termination of employment, or the death or disability of the participant. In certain circumstances, benefits may be paid to a participant prior to the participant's termination of employment.

Notes Receivable from Participants — A participant may elect to borrow against the participant's vested balance at a reasonable rate of interest as defined in the Plan document. A participant may borrow up to 50% of the participant's vested balance, with a maximum loan of \$50,000. A participant may only have one loan outstanding at any time.

Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2019, participant loans have maturities through 2030 at interest rates ranging from 4.25 percent to 10.5 percent.

Vesting — Participants are immediately vested in all employee contributions credited to the participant's accounts plus actual earnings (losses) thereon. Effective January 1, 2002, participants became immediately vested in all Plan Sponsor's contributions credited to the participant's accounts plus actual earnings (losses) thereon made after that date.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$0 and \$982, respectively. During 2019, employer contributions were reduced by \$982 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties — The Plan utilizes various investment instruments, including registered investment companies and a SVF. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Use of Estimates — The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes to the Plan's net assets available for benefits during the reporting period. Actual results may differ from those estimates and assumptions.

The Plan invests in mutual funds, custom funds, common/collective trusts, and the SVF. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible

that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Master Trust investments are stated at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gain or loss on investment transactions is determined using the first-in, first-out method; investment transactions are recorded at the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Valuation of Investment Contracts — The Plan offers the SVF as an investment option, which as discussed above consists of a synthetic GIC. Interest on the synthetic GIC portion of the SVF is credited daily. Prudential declares an annual interest rate on a quarterly basis and credits one-fourth of that amount on a quarterly basis. The synthetic GIC portion of the SVF is deemed to be fully benefit responsive; therefore, it is presented in the Master Trust at contract value.

Administrative Expenses — Plan fees and expenses related to account maintenance, transactions and investment fund management are allocated to participant accounts. Under the terms of the Plan document, costs relating to Plan administration may be paid by the Plan Sponsor or paid from Plan forfeitures. For the year ended December 31, 2019, participant accounts have paid substantially all administrative expenses.

Benefits Payable - Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were \$0 at December 31, 2019 and \$2,612,014 at December 31, 2018.

New Accounting Standards not yet effective - In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, Codification Improvements. ASU 2018-09 removes the stable value common collective trust fund from the illustrative example in the codification to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with Topic 820. ASU 2018-09 is effective for annual and interim periods beginning after December 15, 2018 for public plans and after December 15, 2019 for all others. The guidance requires entities to apply the requirements using a modified retrospective approach in the year of adoption. The Plan is currently evaluating the potential impact of this new guidance on its financial statements.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this ASU add, modify, and eliminate certain disclosure requirements on fair value measurements in Topic 820. The amendments in this update are effective for all entities for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Certain amendments should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. Others should be applied retrospectively. An entity is permitted to early adopt any removed

or modified disclosures upon issuance of this ASU and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the potential impact of this new guidance on its financial statements.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included in the Plan's financial statements and supplemental schedule that were prepared by or derived from information prepared by Great-West, the trustee, of the Plan as of December 31, 2019 and for the period September 1, 2019 to December 31, 2019, and Matrix Trust Company, the trustee of the Plan as of December 31, 2018 and for the period January 1, 2019 to August 31, 2019, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate.

4. INVESTMENTS IN MASTER TRUST

The Plan's investments are held in a Master Trust that was established for the investment of assets of the Plan and several other Company sponsored retirement plans. A portion of the Plan's asset portfolio is segregated from the other participating plan's assets within the Master Trust whereas the remaining portion is commingled with other participating plan's assets for investment and administrative purposes. Although a portion of the assets of all plans are commingled in the Master Trust, the Trustees maintain supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income and administrative expenses are allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. For the portion of assets that is segregated, the Plan does not have an undivided interest in each investment in the Master Trust. Rather, the Plan has a specific interest in each of these investments that differs from the overall percentage interest in the Master Trust.

A summary of net assets of the Master Trust and the Plan's interest in the net assets of the Master Trust as of December 31, 2019 and 2018, are as follows:

	December 31, 2019

5. FAIR VALUE MEASUREMENTS

The Plan utilizes the three-level valuation hierarchy for the recognition and disclosure of fair value measurements.

The categorization of assets and liabilities within this hierarchy is based upon the lowest level of input that is significant to the measurement of fair value. The three levels of the hierarchy consist of the following:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 — Inputs to the valuation methodology are quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3 — Inputs to the valuation methodology are unobservable inputs based upon management's best estimate of inputs market participants could use in pricing the asset or liability at the measurement date, including assumptions about risk.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Funds — Money market funds, which are cash and cash equivalents, are classified within Level 1 of the valuation hierarchy.

Mutual Funds — The Master Trust measures its mutual funds that are exchange-traded using the fund's quoted price, which is in an active market. Therefore, these investments are classified within Level 1 of the valuation hierarchy.

Custom Funds — Custom funds are made up of two mutual funds. The Master Trust measures its mutual funds that are exchange-traded using the fund's quoted price. They are traded daily based on observable fair value at a net asset value (NAV) that is recalculated daily. Regardless of the underlying investments, as permitted under GAAP, the Plan values its investment in the custom funds using the practical expedient of NAV. There are no redemption restrictions on its investment in the custom funds and shares can be redeemed at NAV on a daily basis without a notice period. In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Common and Collective Trusts — The Common and Collective trusts are priced at trust NAV per unit, adjusted for trustee fees accrued daily (as applicable). Investments held by the trusts are stated at fair value in accordance with ASC Topic 820. Regardless of the underlying investments, as permitted under GAAP, the Plan values its investment in the custom and collective trusts using the practical expedient of NAV. There are no redemption restrictions on its investment in the custom funds and shares can be redeemed NAV on a daily basis without a notice period. In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

Stable Value Fund — Stable value fund is a blended investment consisting of the synthetic GIC and the stable value common trust fund. The fair value of the synthetic GIC is made up of a group annuity contract and a portfolio of assets owned by the Master Trust and designee. The fair value of the synthetic GIC portion of the SVF is based on the fair value of the underlying investments and the wrapper contract. The stable value common trust fund has underlying investments that consist of cash equivalents, collective trust funds, GICs, and alternative investment contracts. Cash equivalents are short-term investment funds that have a maturity of 90 days or less and are valued at cost. The collective trust funds value is derived by their respective NAV. The collective trust funds consist of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. GICs are valued based on their underlying securities, which consist of bonds whose value is derived from observable inputs, including London InterBank Offered Rate (LIBOR) forward interest rate curves. The bonds are valued based on the pricing of similar bonds that are publicly traded. In determining fair value, factors such as the benefit-responsiveness of the investment contracts and the ability of the parties to the investment contracts to perform in accordance with the terms of the contracts, such inputs were not significant to the valuation. Alternative investment contracts are valued based on their underlying securities, which consists of common funds consisting of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. Regardless of the underlying investments, as permitted under GAAP, the Master Trust values its investment in the stable value common trust fund using the practical expedient of NAV. There are no redemption restrictions on its investment in the common trust fund and shares can be redeemed at NAV on a daily basis without a notice period. In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by Level within the fair value hierarchy a summary of the Master Trust's investments, measured at fair value on a recurring basis at December 31, 2019 and 2018.

For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Levels 1, 2, or 3.

Other Financial Instruments — Other financial instruments not detailed above, employer and employee contributions receivable and notes receivable from participants, are recorded at book value, which the Plan believes approximates their fair values due to their short term nature.

6. NET ASSET VALUE (NAV) PER SHARE

The following tables set forth a summary of the Master Trust's investments with a reported NAV at December 31, 2019 and 2018.

Fair Value Estimated Using Net Asset Value per Share December 31, 2019

Total	<u>\$ 1,890,464,383</u>				

- (a) The Custom Funds are made up of two primary mutual funds with the following investment strategy and risk. The first mutual fund consists of several underlying funds, including a small, mid, and large cap growth fund, a large cap value fund and an international equity fund. Each underlying fund seeks to utilize multiple investment advisors covering the respective capitalization size (small, mid, large) and respective style spectrum (full, growth, value) within the domestic or international stock universe and aims to balance investment risks in achieving a competitive rate of return in relation to the respective benchmark index over a complete market cycle. The domestic funds utilize the respective Russell index as a benchmark, whereas the international fund utilizes the MSCI ACWI ex US index as a benchmark. The second mutual fund is a fixed income fund that seeks to utilize multiple investment advisors to create a fixed income portfolio diversified across the fixed income market spectrum and to balance investment risks while achieving a competitive total return in relation to the Bloomberg Barclays Aggregate Bond index over a complete market cycle.

7. SYNTHETIC GUARANTEED INVESTMENT CONTRACT

As part of the investment in the SVF, the Plan provides a self-managed stable value investment option to participants that includes a synthetic guaranteed investment contract which simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Master Trust. The synthetic GIC contract includes underlying assets which are held in trust owned by the Master Trust and utilizes a benefit-responsive wrapper contract. The contract provides that participants execute Plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The interest rates are reset quarterly based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value. Certain events such as Plan termination or a Plan merger initiated by the Plan sponsor, may limit the ability of the Plan to transact at contract value or may allow for the termination of the wrapper contract at less than contract value. The Plan sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

8. TAX STATUS

The Plan received a determination letter dated March 14, 2016, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan and the related trust are currently designed and being operated in compliance with the applicable requirements of the IRC and continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2017, 2018, and 2019 remain open to audit.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants would become fully vested in the Plan Sponsor contributions.

On September 18, 2017, the Company entered into an Amended and Restated Asset Purchase Agreement with Walgreens Boots Alliance (WBA) to sell (the "Sale") 1,932 Stores ("Stores") and three distribution centers to WBA. All 1,932 Stores were sold as of March 28, 2018. When each of the Stores were sold, the employees were terminated from the Company, but were still given the opportunity to participate in the Plan. However, those participants who remained employed at the Stores became WBA employees. During 2018, as expected, a significant number of Plan participants that were terminated rolled over their balances to WBA defined contribution plans. We believe the effects of the Sale on our Plan participants in 2018 constituted a partial plan termination, which occurs if 20% or more of plan participants are terminated. Partial plan termination results in affected participants becoming fully vested

in the accrued benefits at the termination date. Since participants of the Plan are fully vested immediately in their contributions to the Plan, the Company's matching contributions, and actual earnings thereon; the partial plan termination had a minimal effect on the Plan or its participants.

10. PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are shares of mutual funds managed by the Trustee. The transactions related to such investments qualify as party-in-interest transactions. The Plan Administrator does not consider Plan Sponsor contributions or benefits paid by the Plan to be party-in-interest transactions.

The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 21, 2020, the date the financial statements were available to be issued. Except as discussed below, there were no subsequent events requiring recording or disclosure in the financial statements.

Subsequent to year end, there was an outbreak of the novel corona virus (COVID-19) which impacted the financial markets and the global economy. The outbreak of COVID-19 is still on-going and the extent of the impact of COVID-19 on the Plan's net assets available for benefits and changes in net assets available for benefits is uncertain. The related financial impact and duration cannot be reasonably estimated at this time.

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan implemented the provision of the CARES Act allowing temporary suspension of the required minimum distributions for 2020 from the Plan. The future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.
