Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock Life Insurance Company, the Trustee of the Plan. Their report, dated September 17, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations - 2019

The form and content of the information included in the 2019 financial statements and supplemental information, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the A-1 Roof Trusses Limited Company 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a single-employer defined contribution employee benefit plan sponsored by A-1 Roof Trusses Limited Company (the "Company"), which covers all eligible employees who have completed one year of eligible service, and are age twenty-one or older. An employee's entry date is the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Federal income taxes on amounts contributed by participants are deferred in accordance with Section 401(k) of the Internal Revenue Code.

2. Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan and subject to Internal Revenue Service ("IRS") limitations. The Plan allows participants to designate all or part of their contribution as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may direct participant and employer contributions in any of the Plan's investment options. The Plan currently offers various registered investment accounts as investment options for participants. The Company has the option to make a discretionary matching contribution and profit sharing contribution. No employer contributions were made in the current year. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

3. Participant accounts

Each participant's account is credited with the participant's contribution, and an allocation of the employer discretionary contribution (if declared), expenses, and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (continued)

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any Company discretionary contribution portion of their accounts is based on years of continuous service. A participant is fully vested after three years of credited service. A participant also becomes fully vested at normal retirement age, death, total disability or termination of the Plan.

5. Payment of benefits

A participant is eligible to receive in-service benefit payments of the vested portion of his or her participant account upon reaching age 59 ½ or to assist with certain financial hardships. On termination of service due to death, disability, retirement or other reasons, a participant will receive the benefit payment in a lump-sum based on the participant's account balance.

6. Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), including the use of the accrual method of accounting.

2. Investment valuation and income recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Payment of benefits

Benefits are recorded when paid.

5. Recently issued accounting standards, regulations and new legislation

Fair value measurements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurements*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. With respect to employee benefit plans, this update is effective for fiscal years beginning after December 15, 2019. The effect of this guidance on the financial statements of the Plan has not been determined.

SECURE Act of 2019

In 2019, Congress implemented Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 ("Act"). The Act is a mixture of incremental changes to defined contribution plans and defined benefit plans. The majority of the provisions in this legislation are effective for fiscal years beginning after December 15, 2019. The effect of this Act on the financial statements of the Plan has not been determined.

CARES Act

On March 27, 2020, Congress implemented the Coronavirus, Aid, Relief, and Economic Security (CARES) Act ("Act"). The Act was created to help the struggling US Economy as a result of the COVID-19 pandemic. In addition, a portion of the Act temporarily made changes to qualified retirement plans to assist retirement plan participants during the pandemic. The Act is effective beginning March 27, 2020 and expires December 31, 2020.

6. Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants before March 15, 2019.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - UNAUDITED

The December 31, 2019 and 2018 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustees as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $440,328 and $336,743 at December 31, 2019 and 2018, respectively, and net related investment income of $70,321 for the year ended December 31, 2019.

NOTE D - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments represent shares of registered investment companies which were managed by two Trustees as of December 31, 2019 and 2018. John Hancock Life Insurance Company and Mid Atlantic Trust Company were the Trustees. As defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. It is impractical to estimate the total fees paid through this arrangement with the trustees.

Fees paid by the Plan for administrative and other expenses amounted to $5,077 for the year ended December 31, 2019.

All of these party-in-interest transactions are exempt from the prohibited transactions under rules of ERISA.

NOTE E - INCOME TAX STATUS

The IRS had determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan administrator has determined that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Accounts/Mutual Funds: Value is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts ("PSAs"): Valued at the net asset value as reported on the last business day of the Plan year.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2019

	Level 1	Level 2	Level 3	Total
Assets:				
Registered investment accounts	$ 440,328	$ -	$ -	$ 440,328
Total investments in the fair value hierarchy	$ 440,328	$ -	$ -	$ 440,328

2018

	Level 1	Level 2	Level 3	Total
Assets:				
Pooled separate accounts	$ 336,743	$ -	$ -	$ 336,743
Total investments in the fair value hierarchy	$ 336,743	$ -	$ -	$ 336,743

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

1. Classification

The attached financial statements report corrective distributions as a deduction from participant contributions on the financial statements while they are listed as a separate expense of the Plan on Form 5500. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of and for the years ended December 31, 2019 and 2018.

2. Basis of accounting

The financial statements are prepared on the accrual basis of accounting while the Form 5500 is prepared on a modified cash basis of accounting. As such, certain receivables and liabilities are recognized in the financial statements in a different period than they are recognized in the Form 5500. Total assets, liabilities and net assets available for benefits of the Plan reconcile fully once these timing differences are taken into consideration.

NOTE J - SUBSEQUENT EVENTS

In early 2020, the World Health Organization has declared a pandemic constituting a "Public Health Emergency of International Concern." The pandemic has caused worldwide business disruptions through mandated and voluntary business closures. This has resulted in instability and fluctuations of the investment markets. Due to significant uncertainties, the financial impact to the Plan cannot be reasonably estimated through the date of the financial statements.

The Company amended its plan in early 2020 as follows:

- Age requirement for elective deferrals, matching contributions and employer profit sharing contributions was changed to (18) eighteen years.
- Eligibility service requirements was changed to 3 consecutive months of eligibility service.
- An automatic enrollment feature was added to the Plan. Employee contributions that are enrolled under this provision will be set at 3% of compensation.
- Matching contributions by the Company will be less than or equal to 6% based on 50% of the employee's contribution.

The Plan administrator has evaluated subsequent events through August 31, 2020, the date the financial statements were available to be issued, and, excluding the previously mentioned events, has determined that no material events occurred that would require disclosure in the financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), including the use of the accrual method of accounting.

2. Investment valuation and income recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Payment of benefits

Benefits are recorded when paid.

5. Recently issued accounting standards, regulations and new legislation

Fair value measurements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurements*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. With respect to employee benefit plans, this update is effective for fiscal years beginning after December 15, 2019. The effect of this guidance on the financial statements of the Plan has not been determined.

SECURE Act of 2019

In 2019, Congress implemented Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 ("Act"). The Act is a mixture of incremental changes to defined contribution plans and defined benefit plans. The majority of the provisions in this legislation are effective for fiscal years beginning after December 15, 2019. The effect of this Act on the financial statements of the Plan has not been determined.

CARES Act

On March 27, 2020, Congress implemented the Coronavirus, Aid, Relief, and Economic Security (CARES) Act ("Act"). The Act was created to help the struggling US Economy as a result of the COVID-19 pandemic. In addition, a portion of the Act temporarily made changes to qualified retirement plans to assist retirement plan participants during the pandemic. The Act is effective beginning March 27, 2020 and expires December 31, 2020.

6. Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants before March 15, 2019.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - UNAUDITED

The December 31, 2019 and 2018 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustees as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $440,328 and $336,743 at December 31, 2019 and 2018, respectively, and net related investment income of $70,321 for the year ended December 31, 2019.

NOTE D - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments represent shares of registered investment companies which were managed by two Trustees as of December 31, 2019 and 2018. John Hancock Life Insurance Company and Mid Atlantic Trust Company were the Trustees. As defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. It is impractical to estimate the total fees paid through this arrangement with the trustees.

Fees paid by the Plan for administrative and other expenses amounted to $5,077 for the year ended December 31, 2019.

All of these party-in-interest transactions are exempt from the prohibited transactions under rules of ERISA.

NOTE E - INCOME TAX STATUS

The IRS had determined and informed the Company by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan administrator has determined that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Accounts/Mutual Funds: Value is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts ("PSAs"): Valued at the net asset value as reported on the last business day of the Plan year.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2019

	Level 1	Level 2	Level 3	Total
Assets:				
Registered investment accounts	$ 440,328	$ -	$ -	$ 440,328
Total investments in the fair value hierarchy	$ 440,328	$ -	$ -	$ 440,328

2018

	Level 1	Level 2	Level 3	Total
Assets:				
Pooled separate accounts	$ 336,743	$ -	$ -	$ 336,743
Total investments in the fair value hierarchy	$ 336,743	$ -	$ -	$ 336,743

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

1. Classification

The attached financial statements report corrective distributions as a deduction from participant contributions on the financial statements while they are listed as a separate expense of the Plan on Form 5500. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of and for the years ended December 31, 2019 and 2018.

2. Basis of accounting

The financial statements are prepared on the accrual basis of accounting while the Form 5500 is prepared on a modified cash basis of accounting. As such, certain receivables and liabilities are recognized in the financial statements in a different period than they are recognized in the Form 5500. Total assets, liabilities and net assets available for benefits of the Plan reconcile fully once these timing differences are taken into consideration.

NOTE J - SUBSEQUENT EVENTS

In early 2020, the World Health Organization has declared a pandemic constituting a "Public Health Emergency of International Concern." The pandemic has caused worldwide business disruptions through mandated and voluntary business closures. This has resulted in instability and fluctuations of the investment markets. Due to significant uncertainties, the financial impact to the Plan cannot be reasonably estimated through the date of the financial statements.

The Company amended its plan in early 2020 as follows:

- Age requirement for elective deferrals, matching contributions and employer profit sharing contributions was changed to (18) eighteen years.
- Eligibility service requirements was changed to 3 consecutive months of eligibility service.
- An automatic enrollment feature was added to the Plan. Employee contributions that are enrolled under this provision will be set at 3% of compensation.
- Matching contributions by the Company will be less than or equal to 6% based on 50% of the employee's contribution.

The Plan administrator has evaluated subsequent events through August 31, 2020, the date the financial statements were available to be issued, and, excluding the previously mentioned events, has determined that no material events occurred that would require disclosure in the financial statements.
