INDEPENDENT AUDITOR'S REPORT

To Plan Administrator and Participants
Delta Centrifugal Corporation
Employee Salary Reduction Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Delta Centrifugal Corporation Employee Salary Reduction Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule, Schedule H-Item 4i-Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DELTA CENTRIFUGAL CORPORATION
EMPLOYEE SALARY REDUCTION PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2019

1. DESCRIPTION OF PLAN

The following description of Delta Centrifugal Corporation (the "Company") Employee Salary Reduction Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained twelve months of service, are twenty-one or older, and who are not either leased or H2-b Visa employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Employee Contributions

Pursuant to Section 401(k) of the Internal Revenue Code (the "IRC"), participants may contribute up to the lesser of 100% of their compensation or $19,000 for 2019. Employees who are age 50 or older may also make catch-up contributions of up to $6,000 for 2019. All participants' contributions are fully vested at all times. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Plan has elected safe harbor status under the IRC. In order to maintain the safe harbor status, the Company makes certain matching contributions to the Plan, which automatically satisfy the nondiscrimination testing requirements under the IRC section 401(m). For the year ended December 31, 2019, the Company made a matching contribution in the amount of $211,357.

Receivables of $211,357 and $194,491 are recorded as of December 31, 2019 and 2018, respectively, for employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contribution and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Per the Plan document, participants are always 100% vested in accounts attributable to the following contributions, and the earnings thereon: salary deferrals including catch-up contributions, safe harbor contributions, employer matching contributions, employer discretionary profit-sharing contributions, and rollover contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account.

Forfeitures

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and may first be used to pay administrative expenses or to reduce subsequent employer contributions. As participants are 100% vested in their account balance as soon as they are eligible to participate in the plan, there are no Plan forfeitures.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The maximum number of loans that a participant may have outstanding at one time is two. The notes are secured by the balance in the participants' accounts and bear interest at a rate from 4.25 to 6.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years unless it is a residential type loan.

Investment Options

The assets of the Plan are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities, and changes therein, at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded on the Schedule H of the 5500. Under generally accepted accounting principles, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts "FBRIC"), which are reported at contract value as previously stated in the Basis of Accounting paragraph.) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants prior to March 15th.

Expenses

The daily operation expenses of maintaining the Plan are paid by the Plan and are reflected in the financial statements as administrative expenses. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Investment related expenses are included in net deprecation of fair value of investments. All other expenses of the Plan are paid directly by the Company.

Payment of Benefits

Benefits are recorded when paid.

3. ASSET INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

At December 31, 2019 and 2018, the Plan's investments were held by Massachusetts Mutual Life Insurance Company (the "Trustee").

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The value of investments at December 31, 2019 and 2018, as reported by the Trustee, is summarized as follows:

	2019	2018
Group annuity contract, at contract value	$ 3,060,284	$ 2,838,981
Common collective trust, at fair value	304,809	240,760
Pooled separate accounts, at fair value	5,741,687	4,694,037
	$ 9,106,780	$ 7,773,778

During 2019, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year), appreciated in value by $1,478,444.

4. FAIR VALUE MEASUREMENTS

As required by Accounting Standards Codification 820-10, *Fair Value Measurement and Disclosures*, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies and approaches used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Pooled separate accounts ("PSA") – valued based upon the market value of the underlying net assets in each separate account. The underlying net assets have observable quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These are classified as level 2 in the fair value hierarchy table. The redemption frequency of each PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in PSAs.

Collective trusts- valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant's transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, no notification is required.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2019	Quoted Prices for Similar Assets (Level 2)	Total
Pooled separate accounts	$ 5,741,687	$ 5,741,687
Total assets in the fair value hierarchy	5,741,687	5,741,687
Investments measured at net asset value (a)	-	304,809
	$ 5,741,687	$ 6,046,496

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2018	Quoted Prices for Similar Assets (Level 2)	Total
Pooled separate accounts	$ 4,694,037	$ 4,694,037
Total assets in the fair value hierarchy	4,694,037	4,694,037
Investmetns measured at net asset value (a)	-	240,760
	$ 4,694,037	$ 4,934,797

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers into or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Collective Trust at December 31, 2019:

	Fair Value	Redemption Frequency	Redemption Notice Period
BNY Mellon Aggregate Bond Fund	$ 304,809	Daily	None required

Collective Trust at December 31, 2018:

	Fair Value	Redemption Frequency	Redemption Notice Period
BNY Mellon Aggregate Bond Fund	$ 240,760	Daily	None required

5. GROUP ANNUITY CONTRACT

The Plan offers the option to invest in a group annuity contract ("Fixed Account") with Massachusetts Mutual Insurance Company who maintains the contribution in a general account. The Fixed Account contract is considered fully benefit-responsive and is reported in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. This investment option offers a guaranteed minimum rate of return for the period of time specified in the contract.

Because the Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fixed Account. As such, the Fixed Account is presented on the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the Fixed Account at December 31, 2019 and 2018 was $3,061,155 and $2,794,155, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The declared interest rate as of both December 31, 2019 and 2018 was 3%.

Certain events might limit the ability of the Plan to transact at contract value with Massachusetts Mutual Insurance Company. These events may be different under each contract, but examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or any required prohibited transaction exemption under ERISA
- Premature termination of the contract
- Complete or partial Plan termination or merger
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the Company or other events (divestitures, spinoffs, etc.) that significantly affect the Plan's normal operations and/or cause a significant withdrawal from the Plan

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Additionally, the guaranteed funds do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements agree to the Schedule H of Form 5500 in its entirety for the years ended December 31, 2019 and 2018.

7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $5,955 and $3,258 for the year ended December 31, 2019 and 2018, respectively.

8. TAX STATUS

The Plan obtained its latest determination letter on July 9, 1992, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations three years after filing.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS

For the year-ended December 31, 2019, the Company has evaluated subsequent events for potential recognition and disclosure through August 27, 2020, the date of financial statement issuance. As a result of the spread of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
