INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee,
Plan Participants and Plan Administrator of
the Libbey Inc. Retirement Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Libbey Inc. Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matter - 2018 Financial Statements

The financial statement of the Plan, as of December 31, 2018, was audited by other auditors whose report dated June 14, 2019 expressed an unmodified opinion on that statement.

Libbey Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2019

1. Description of Plan

General

The Libbey Inc. Retirement Savings Plan (the Plan) was adopted by Libbey Inc. (the Company) for the benefit of eligible salary and non-union hourly employees. The Plan was amended and restated on January 28, 2013 which was effective as of January 1, 2013.

The Plan is a defined contribution plan that provides eligible employees the opportunity to make pre-tax and/or after-tax contributions, in specific percentages, within guidelines established by the Libbey Inc. Employee Benefits Committee (the Committee). The Plan is administered by the Committee, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participant contributions are limited to 50% of their eligible wages and are immediately 100% vested. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are allocated at the participant's discretion among the various investment options with no limit on the number of options selected. See "Company Stock" in [Note 2](#) for limitations on investing in Libbey Inc. common stock. A participant may elect to change the percentage of eligible compensation to be contributed, and any such changes shall be effective as soon as administratively feasible.

The Company contributes to the Plan on behalf of each participant an amount equal to 100% of the participant's first 6% of pre-tax contributions not to exceed 6% of the participant's eligible compensation. Company matching contributions are allocated to investments based on the participant's deferral elections. Company matching contributions are immediately 100% vested. A newly eligible participant will be automatically enrolled at a pre-tax contribution rate of 3% of eligible compensation unless an affirmative election is made to contribute at a different rate. Enrollment occurs as soon as administratively feasible following the first 30 days of becoming eligible. If another election is not made, these contributions will be deposited into the Plan's default fund. The default fund is a target-date (or "life cycle") fund that applies generally accepted investment theories, is diversified to reduce the risk of large losses, and provides varying degrees of long-term appreciation and capital preservation through a mix of equity and fixed income exposures based on age. In addition, the rate of pre-tax contributions will automatically increase 1% each year until the pre-tax deferral rate is 6% of eligible compensation. The participant has the opportunity to waive the automatic enrollment provision or elect to contribute a different percentage of compensation by contacting the recordkeeper.

Within certain limitations of the Internal Revenue Code (IRC), a participant may also transfer into the Plan by making a rollover contribution from another qualified plan.

The above information is intended as a general description of the Plan's operating guidelines. Reference should be made to the plan document for more specific provisions, including benefit payments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, the entire interest of each participant's account is distributed to the participants.

Assets in Trust

At December 31, 2019 and 2018, Great-West Trust Company, LLC was the Plan's Trustee, and the Bank of New York Mellon was the sub-custodian of the Libbey Inc. stock fund. The Plan utilizes record keeping services from Great-West Financial Retirement Plan Services, which is branded as Empower Retirement.

Libbey Inc. Retirement Savings Plan

Notes to Financial Statements (continued)

Investments

Participants may direct the investment of their contribution, the Company's matching contribution and their account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily, within certain limitations. Including the various retirement target date funds, the Plan offers over 25 different mutual funds across several asset categories including US and International equities and fixed income funds, through ten registered investment companies, a stable asset income fund and Libbey Inc. common stock.

Distributions of Benefits

Distribution of vested benefits may be made upon the occurrence of any one of the following:

- In-service withdrawal on or after attainment of age 59-1/2;
- Total and permanent disability, as defined in the Plan, of the participant;
- Death of the participant;
- Termination of employment; or
- Financial hardship that complies with IRS regulations.

Benefits due upon death are generally paid in a lump sum or installments. Death benefits are based on amounts in the participants' accounts. Benefits due upon termination, withdrawal, or disability are paid in a lump sum or installments of a substantially equal amount for a period of time not to exceed the life expectancy of the participant or the participant's designated beneficiary, as applicable, and are based on vested amounts in the participants' accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and their respective share of investment fund earnings (losses) and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the value of the participant's account.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Payment of Benefits

Benefit payments to participants are recorded when paid. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2019.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See [Note 3](#) for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Company Stock

At December 31, 2019 and 2018, the Plan held \$1,078,413 and \$1,917,465, respectively, of Libbey Inc. common stock which represented approximately 1% and 2%, respectively, of net assets available for benefits. Dividends paid or deemed paid constitute applicable dividends per the IRC. During the year ended December 31, 2019, the Plan received no dividend income from Libbey Inc.

A participant may instruct the Trustee in writing how to vote shares held in the Libbey Inc. stock fund at any meeting of shareholders, and may revoke their instruction, to the extent permitted under the terms of such vote. Such instruction or revocation thereof shall apply to the total number of shares of Libbey Inc. credited to such participant's account under the Libbey Inc. stock fund as of the valuation date coinciding with or immediately preceding the record date for the shareholders' meeting. All the shares of Libbey Inc. in the Libbey Inc. stock fund for which no such instructions are received shall be voted by the Trustee in a uniform manner as a single block in accordance with the instructions received with respect to a majority of such shares for which instructions are received. Voting instructions from the participants will remain confidential by the Trustee.

Per provisions of a 2015 Plan amendment, the Company implemented a 20% limit on investments in Libbey Inc. common stock on July 1, 2016, to ensure portfolio diversity. Any contribution amount over 20% is redirected to the Plan's default fund, the JP Morgan SmartRetirement target date funds, based on the participant's age. A maximum of 20% of each participant's account balance can be invested in Libbey Inc. common stock. The participant is unable to transfer additional investments into the stock fund if Libbey Inc. common stock is more than 20% of the participant's account balance, or would be more than 20% as a result of the transfer. In addition, there is a 20% cap on future contributions to purchase Libbey Inc. common stock. At implementation on July 1, 2016, participants were not required to sell any shares of Libbey Inc. common stock greater than 20% of their account balance.

For additional information concerning Libbey Inc. common stock refer to [Note 8](#), Subsequent Events.

Plan Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, consulting and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are included in net appreciation (depreciation) of fair value of investments. All other administrative expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2019, participant loans have interest rates ranging from 4.25% to 6.5%.

Transfers

Along with the Plan, the Company sponsors a defined contribution plan for union hourly employees. If employees change their status during the year, their account balances are transferred into or from the Libbey Inc. Supplemental Retirement Plan.

Excess Contributions Payable

The Plan is required to re-characterize or return contributions received during the Plan year in excess of the IRC limits. There were no Plan payables as of December 31, 2019 or 2018.

3. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 — Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 — Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 — Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan:

- *Registered investment companies:* Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.
- *Common stock:* Valued at the closing price reported in the active market in which the individual securities are traded.
- *Common collective trust:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the common collective trust. The net asset value, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Complete or partial Plan withdrawals must be given in writing not less than one year prior to the valuation date on which the withdrawal is to be effected.

There have been no changes in the methodologies used at December 31, 2019 and 2018. For the year ended December 31, 2019, there were no transfers between levels.

- (a) In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

4. Notes Receivable from Participants

The Plan permits participants to borrow up to a maximum of \$50,000, or 50%, of their investment balance once their investment balance reaches \$1,000. Loans are made subject to certain conditions and limitations specified in the plan document and are repaid in semi-monthly or weekly installments, including interest, over periods of between one to five years or up to 10 years for the purchase of a primary residence. A participant is entitled to a maximum of two loans; however, the loans must be initiated 12 months apart. Participant loans are collateralized by their account balances. The rate at which loans bear interest is established at the inception of the borrowing, based on the prime rate then being charged by the Trustee plus 1%. Repayments of loans, including the interest portion thereof, are reinvested on the participants' behalf in accordance with their current choice of investment options. If a participant terminates employment from the Company, the participant must make arrangements with the record keeper to pay off the loan, otherwise it will be treated as a distribution to the participant after 90 days.

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 1, 2014, stating that the Plan is qualified under applicable sections of the IRC and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Parties-in-Interest

The investments in Libbey Inc. common stock and the notes receivable from participants, both described in [Note 2](#), qualify as party-in-interest transactions. There have been no known prohibited transactions with a party-in-interest.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

In March 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Libbey Inc. common stock and other Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

In May 2020, the Seventh Amendment to the Plan was executed which provides for the suspension of Company matching contributions effective on and after May 15, 2020, and for provisions related to the Coronavirus Aid, Relief and Security (CARES) Act.

On June 1, 2020, the Company and certain of its direct and indirect subsidiaries (collectively, the “Debtors”) filed voluntary petitions (“Bankruptcy Petitions”) for relief under Chapter 11 of the U. S. Bankruptcy Code (the “Chapter 11 Cases”) with the U. S. Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”). The Debtors' Chapter 11 Cases are being jointly administered under the caption *In re Libbey Glass Inc., et al.*, Case No. 20-11439 (LSS). Documents filed on the docket of, and other information related to, the Chapter 11 Cases are available free of charge online at <https://cases.primeclerk.com/libbey>.

The Debtors are authorized to continue to operate their businesses as “debtors-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court. As debtors-in-possession under the Bankruptcy Code, the Debtors may not engage in transactions outside the ordinary course of business without the prior approval of the Bankruptcy Court. Further, the Debtors filed a variety of “first day” motions with the Bankruptcy Court requesting permission to continue the Debtors’ business activities in the ordinary course. The Bankruptcy Court entered an order approving the Debtors’ “first day” motions on June 2, 2020, on an interim basis. These orders authorized the Debtors to, among other things, enter into debtor-in-possession financing, pay certain prepetition employee and retiree expenses and benefits, use their existing cash management system, and allow the Debtors to operate their businesses in the ordinary course. The Company continues to operate its business as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court.

The Company’s common stock (the “Common Stock”) was previously listed on the NYSE American LLC (the “NYSE American”) exchange under the symbol “LBYY”. The NYSE Regulation, Inc. suspended trading of the Common Stock on June 1, 2020, and filed an application on Form 25 on June 10, 2020, to delist the Common Stock from the NYSE American. The delisting was effective June 22, 2020. The Common Stock began trading on the OTC Pink marketplace under the symbol “LBYYQ” on June 2, 2020. The Company can provide no assurance that the Common Stock will continue to trade on this market, whether broker-dealers will continue to provide public quotes of the Common Stock on this market, whether the trading volume of the Common Stock will be sufficient to provide for an efficient trading market or whether quotes for the Common Stock will continue on this market in the future. The transition to over-the-counter markets will not affect the Company’s business operations or its SEC reporting requirements and does not conflict with or cause an event of default under any of the Company’s material debt or other agreements. Trading prices for the Company’s securities may bear little or no relationship to the actual recovery, if any, by the holders of the Company’s equity securities as a result of the Chapter 11 Cases. The Company expects that its equity holders will experience a complete loss on their investment, depending on the outcome of the Chapter 11 Cases.

As a result of the Chapter 11 Cases, the following Plan changes took effect mid-June 2020:

- Future contributions (payroll deferrals) are no longer able to be invested in the Libbey Inc. stock fund;
- Unless the participant makes a different election, future contributions designated for the Libbey Inc. stock fund will be invested in the Plan's default fund; the applicable JP Morgan SmartRetirement fund, a target-date retirement (or "life cycle") fund based on the participant's age.
