**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

## Report of Independent Auditors

Textron Inc.

Plan Administrator and Participants

Textron Master Retirement Plan

We have audited the accompanying financial statements of Textron Master Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Textron Master Retirement Plan at December 31, 2019, and the changes in its net assets available for benefits for the year then ended, and the financial status of Textron Master Retirement Plan at December 31, 2018, and the changes in its financial status for the year then ended, in conformity with U.S. generally accepted accounting principles.

# Textron Master Retirement Plan

## Notes to Financial Statements

December 31, 2019

### **1. Description of the Plan**

The Textron Master Retirement Plan (the Plan) is a noncontributory defined benefit pension plan. The Plan covers certain eligible domestic salaried and hourly employees of Textron Inc. (Textron) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For a description of the Plan, refer to the Plan document, which is available at the personnel office of Textron.

The Plan is a part of the Textron Retirement Program, which applies to all salaried employees and uses a structure known as a “floor-offset arrangement.” A floor-offset arrangement is comprised of both a defined benefit plan and a defined contribution plan (the Retirement Account Plan). The defined benefit plan establishes a minimum benefit accrual for each participant and is determined with reference to the participant’s account balance in the defined contribution plan (the offset benefit). The benefit is payable first from the participant’s vested account balance in the defined contribution plan. Then, only to the extent necessary to reach the defined benefit plan’s minimum benefit accrual, benefits are payable from the defined benefit plan. In 2019 and 2018, \$2,843,204 and \$4,602,500, respectively, were transferred into the Plan from the Retirement Account Plan.

The Plan has been closed to new participants for all businesses and bargaining units. This change does not impact employees or retirees currently in the Plan.

### **2. Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

#### **Reclassifications**

Certain prior year amounts in the Statement of Assets Available for Benefits and the Statement of Changes in Net Assets have been reclassified to conform to the current year presentation. Accrued administrative expenses include only Plan specific expenses. Master Trust expenses and accrued expenses allocated to the Plan have been included in the Investment of Textron Master Trust Fund, at fair value.

#### **Benefit Payments**

Benefit payments to participants are recorded when paid.

#### **Valuation of Investments**

The Plan’s investments and those investments held in the Textron Master Trust (the Master Trust) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 6 for further discussion of fair value measurements.

### 2. Significant Accounting Policies (continued)

Investments in public securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Public fixed income securities are also priced in this manner, assuming the bonds trade on the last business day. However, if the bond does not trade, the price is determined by third-party pricing services, which consider such factors as reported prices and extent of trading activity in similar investments, quality ratings, maturity date, call provisions and other factors in determining fair value.

Commingled trust funds are valued at the net asset value established by the trustee of the commingled fund, which is generally based on the fair value of the underlying assets. There are no redemption restrictions on these investments.

Private security (limited partnerships) valuations are provided on a quarterly basis by the investment managers, general partners, or external valuation services to the Trustee. These valuations take into consideration factors such as investment type, reported prices, extent of trading activity in similar investments, company fundamentals, quality ratings, maturity date, call provisions, and changes in economic conditions relating to the investment. During the period between the date of the valuation and the pricing date cash flows are reported to and updated by the Trustee.

Valuations of direct real estate investments are estimated by the Plan's external real estate manager, Core and Value Advisors LLC, on an annual basis and at least once every three years by a qualified third-party appraiser. Factors such as real estate type, market conditions, property performance, valuation of comparable properties, and consultations with external real estate advisors are considered in determining fair value.

### Income Recognition

Purchases and sales of securities are recorded on the trade date. Gains and losses on the sale of investments are determined based on the average cost of the investment. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

### Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 9) are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on a formula, which includes compensation, as defined in the Plan documents, and years of credited service. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The accumulated plan benefit information is presented at the beginning of each Plan year.

### 2. Significant Accounting Policies (continued)

The interest rate used to determine accumulated plan benefits is adjusted to reflect administrative expenses paid by the Plan.

#### Administrative Expenses

Administrative expenses consist of investment advisor fees, actuarial fees, custodial fees, Pension Benefit Guaranty Corporation (PBGC) premiums, consulting fees, legal fees, auditing fees and other professional services fees.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### New Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board (FASB) issued ASU 2017-06, *Employee Benefit Plan Master Trust Reporting*. For each master trust in which a plan holds an interest, ASU 2017-06 requires a plan's interest in that master trust and any change in that interest to be presented in separate line items on the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. Further, ASU 2017-06 removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of the master trust's general type of investments, which supplements the existing requirements to disclose the master trust's balances in each general type of investments. ASU 2017-06 also requires plans to disclose (1) their master trust's other asset and liability balances and (2) the dollar amount of the plan's interest in each of those balances. The Plan adopted the standard in 2019.

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The new standard is effective at the beginning of 2020. Management is currently evaluating the impact of the standard on the Plan's financial statements.

#### Subsequent Events

Management evaluated subsequent events for the Plan through September 15, 2020, the date the financial statements were available to be issued.

### **2. Significant Accounting Policies (continued)**

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. The Plan's assets have and will continue to fluctuate in response to changing market conditions. The amount of gains or losses, if any, that will be recognized in subsequent periods cannot be determined.

### **3. Funding Policy**

Textron contributes amounts sufficient to meet minimum funding requirements as set forth in employee benefit and tax law plus such additional amounts, if any, as management may determine in its sole discretion to be appropriate. The Plan has met the ERISA minimum funding requirements for 2019 and 2018.

### **4. Plan Termination**

Should the Plan terminate at some future time, its net assets may generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all. Information about the PBGC's benefit guarantee is available in the Summary Plan Description, which is available at the personnel office of Textron.

### **5. Investment in the Textron Master Trust Fund**

The investments of the Plan are held in the Master Trust, which also holds the assets of other Textron-sponsored pension plans. The Plan is administered under the terms of a Master Trust Agreement, dated March 1, 2011, with BNY Mellon. Investment income and changes in unrealized gain or loss on investments of the Master Trust are allocated monthly among the participating plans in proportion to the adjusted market value of the Master Trust attributable to each plan, as determined by BNY Mellon. The adjusted market value is calculated by adding to the market value at the end of the previous period the contributions and income received for each plan during the period and subtracting benefit payments and expenses for each plan during the period. On this basis, 69.07% and 69.04% of the Master Trust's net assets were attributed to the Plan as of December 31, 2019 and 2018, respectively.

Fair market value for each type of investment is determined as discussed in Note 6, Fair Value Measurements.

The investments of the Master Trust (including investments bought, sold, and held during the year appreciated by \$1,116,963,796 in 2019 and depreciated by \$469,968,210 in 2018. During 2019 and 2018, interest and dividend income earned by the Master Trust was \$141,580,969 and \$145,380,317, respectively. Other income for 2019 and 2018 was \$43,998,789 and \$46,126,144, respectively.

Included in the net earnings of the Master Trust were the Plan's share of the non-Plan specific administrative expenses of \$20,321,679 and \$18,862,836 for 2019 and 2018, respectively.

Certain Master Trust investments require additional capital commitments. The callable commitments associated with real estate and private equity partnerships amounted to \$113,500,420 and \$445,687,852 respectively, at December 31, 2019.

#### 6. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety.

#### Valuation Methodologies Used for Assets Measured at Fair Value

Common stock, mutual funds, and exchange traded funds are traded and quoted on an open market and are valued at their quoted market price.

Short-term investment funds primarily consist of cash, which is swept nightly into an institutional equivalent of a money market fund, for which the cash earns interest. These investments are valued at their cost basis plus accrued interest. The accrued interest is an observable input, but is not quoted on an active market. Therefore, we have classified these assets as Level 2 measurements. Some short-term investment funds are valued using net asset value (NAV) as a practical expedient and, therefore, are not subject to leveling.

Government bonds include bonds issued by various government entities, such as FNMA, FHLMC, and the U.S. Treasury, as well as a small number of municipalities. Corporate bonds include debt issued by corporate entities. U.S. Treasury bonds are traded and quoted on an active market and are valued at their quoted market price. These investments are classified as Level 1. Government Agency bonds, Municipal bonds, and Corporate bonds are traded using brokers which make the market, and price the bonds using

published historical transactions for similar securities and a matrix pricing model. These inputs are observable, although the investments are not quoted on an active market. Therefore, the assets are classified as Level 2 measurements.

Common collective trusts, or commingled funds, are not quoted on an active market. The objective is to maintain a diversified portfolio of publicly traded securities which seek to achieve long term capital appreciation. These investments can generally be liquidated within several business days. Comingled funds are valued using NAV as a practical expedient and, therefore, are not subject to leveling.

Private investment partnerships represent interests in funds which invest in equity, debt and other financial assets. These funds are generally not publicly traded so the interests therein are valued using income and market methods that include cash flow projections and market multiples for various comparable investments. Real estate includes owned properties and limited partnership interests in real estate partnerships. Owned properties are valued using certified appraisals at least every three years that are updated at least annually by the real estate investment manager based on current market trends and other available information. These appraisals generally use the standard methods for valuing real estate, including forecasting income and identifying current transactions for comparable real estate to arrive at a fair value. Limited partnership interests in real estate partnerships are valued similarly to private investment partnerships, with the general partner using standard real estate valuation methods to value the real estate properties and securities held within their portfolios. The Plan is generally unable to liquidate these investments during the term of the partnership or fund, which range from 10 to 15 years. Real estate partnerships and private investment partnerships are valued using NAV as a practical expedient and, therefore, are not subject to leveling within the fair value hierarchy.

Derivatives in the Plan are primarily used to manage risk and gain asset class exposure while still maintaining liquidity. Derivative instruments consist of equity futures and currency forward contracts. At December 31, 2019, the net notional amounts of equity futures and currency forwards were approximately \$61 million and \$284 million, respectively. At December 31, 2018, the net notional amounts of equity futures and currency forwards were approximately \$42 million and \$291 million, respectively.

### 7. Risks and Uncertainties

Through the Master Trust, the Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

#### 8. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated June 19, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust and Master Trust are exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Subsequent to this determination by the IRS, the Plan was amended and restated. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan, as amended and restated, is qualified and the related trust is tax exempt. The Plan applied for an advanced determination letter with the Internal Revenue Service on August 28, 2020.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### 9. Accumulated Plan Benefits

An actuary from Towers Watson estimates the actuarial present value of accumulated plan benefits for the Plan, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information, as of December 31, 2018 is as follows:

| Assumed rate of return on investments | 7.75 % for 2018 valuation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Mortality                             | RP-2014 “Employees” tables for non-annuitants and the RP-2014 “Healthy Annuitants” tables for annuitants without collar adjustments, projected from 2006 by the MP-2017 improvement scale to 2015, with individual rates uniformly multiplied by a factor of 0.971. Subsequent mortality improvements projected through age 95 using MP-2018, adjusted so that near-term improvement rates converge to the long term improvement rates in 2024. Long term improvement rates are 0.75% for ages 65-84, grading down to 0% at age 95. |
| Retirement                            | Rates varying by age, average age 64.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

Assumption changes include changes to the segment interest rates used to calculate the funding target and target normal cost and an increase to assumed plan expenses due to increased PBGC fees.

The Plan amendment related to the benefit multiplier increasing for one union benefit program.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The actuary estimated the accumulated benefits as of January 1, 2019 and 2018. There have been no significant changes to the Plan that would have changed the valuation had they been performed as of December 31, 2018 and 2017.

| <b>Form of payment</b>                    | Participants are assumed to elect the normal form. For Beechcraft, 50% of actives and vested participants are assumed to elect the single life annuity and the remaining 50% are assumed to elect the 50% joint and survivor annuity.                                                                                                                                 |
| <b>Percent married</b>                    | For purposes of valuing the pre-retirement surviving spouse's benefit, 80% of the participants are married for the majority of the subgroups. For the Bell Aerospace Non-union and Bell Aerospace Union groups, 90% of the participants are assumed to be married. For Beechcraft, 85% of male participants and 75% of female participants are assumed to be married. |
| <b>Spouse age</b>                         | Wife three years younger than husband.                                                                                                                                                                                                                                                                                                                                |
| <b>Covered pay</b>                        | Compensation assumed paid in the current year beginning on the valuation date is the current base pay and target bonus, if available. Otherwise, compensation in the prior year is assumed to be the prior year annualized pensionable earnings.                                                                                                                      |
| <b>Timing of benefit payments</b>         | Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.                                                                                                                                                                                                                                            |
| <b>Retirement account balance</b>         | 2% of compensation per year after January 1, 2007, accumulated with 7% interest per year.                                                                                                                                                                                                                                                                             |
| <b>Retirement account rollover option</b> | It was assumed that participants do not roll over their account balance into the Pension Plan at retirement.                                                                                                                                                                                                                                                          |

## **Actuarial value of assets**

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2018 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

## **Benefits not valued**

All benefits described in the Plan Provisions section of this report were valued including discussions with Textron regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with Textron and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits in a single lump sum payment. Such lump sums are not explicitly valued as such; rather such participants' benefits are valued using the benefit choice assumptions described above.

benefit as soon as it is available.

**Deferred vested  
benefit**

Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

**Form of payment**

The percentage of retiring participants assumed to take joint and survivor annuities, and the assumed survivor percentages, are based on general population statistics regarding marital status and historical election patterns.

**Percent married**

The percentage of participants who are assumed to be married is based on general population statistics on the marital status of individuals of retirement age.

**Spouse age**

The assumed difference between spouses' ages is based on general population statistics for married individuals of retirement age.

### Source of Prescribed Methods

**Funding methods**

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law," as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

## Changes in Assumptions and Methods

### Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The lump sum conversion mortality table was updated to the 2019 IRS 417(e) mortality table, which reflects the SOA mortality study. The prior valuation used the 2018 IRS 417(e) mortality table.

The mortality table used to calculate the funding target and target normal cost was updated to reflect separate IRS-prescribed annuitant and non-annuitant tables with “static” projection of assumed mortality improvements based on the RP/MP-2014 Society of Actuaries study and subsequent updates.

The assumed plan-related expenses added to the target normal cost were changed from \$10,900,000 for the prior valuation to \$21,400,000 for the current valuation to account for higher expected expenses to be paid from the trust.

### Change in methods since prior valuation

The decrement timing used in the valuation was changed to rounded middle of year. Under rounded middle of year decrement timing, all decrements are assumed to occur at the middle of the year and eligibility for benefits, commencement and cessation of benefits, and other events are assumed to occur at the middle of the year. The change in funding method meets the parameters for automatic approval of software changes under IRS. Rev. Proc. 2017-56.

**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Schedule SB, Line 22**  
**Description of Weighted Average Retirement Age**  
**as of January 1, 2019**

The average retirement age for Line 22 was calculated by determining the average age at retirement for those current active participants expected to reach retirement, based on all current decrements assumed.

## Schedule SB, Line 25 Change in Method

The decrement timing used in the valuation was changed to rounded middle of year. Under rounded middle of year decrement timing, all decrements are assumed to occur at the middle of the year and eligibility for benefits, commencement and cessation of benefits, and other events are assumed to occur at the middle of the year. The change in funding method meets the parameters for automatic approval of software changes under IRS Rev. Proc. 2017-56.

For Beechcraft, 50% of actives and vested participants are assumed to elect the single life annuity and the remaining 50% are assumed to elect the 50% joint and survivor annuity.                                                                                                                                 |
| <b>Percent married</b>                    | For purposes of valuing the pre-retirement surviving spouse's benefit, 80% of the participants are married for the majority of the subgroups. For the Bell Aerospace Non-union and Bell Aerospace Union groups, 90% of the participants are assumed to be married. For Beechcraft, 85% of male participants and 75% of female participants are assumed to be married. |
| <b>Spouse age</b>                         | Wife three years younger than husband.                                                                                                                                                                                                                                                                                                                                |
| <b>Covered pay</b>                        | Compensation assumed paid in the current year beginning on the valuation date is the current base pay and target bonus, if available. Otherwise, compensation in the prior year is assumed to be the prior year annualized pensionable earnings.                                                                                                                      |
| <b>Timing of benefit payments</b>         | Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.                                                                                                                                                                                                                                            |

## **Actuarial value of assets**

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2018 plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

## **Benefits not valued**

All benefits described in the Plan Provisions section of this report were valued including discussions with Textron regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with Textron and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits in a single lump sum payment. Such lump sums are not explicitly valued as such; rather such participants' benefits are valued using the benefit choice assumptions described above.

benefit as soon as it is available.

**Deferred vested  
benefit**

Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

**Form of payment**

The percentage of retiring participants assumed to take joint and survivor annuities, and the assumed survivor percentages, are based on general population statistics regarding marital status and historical election patterns.

**Percent married**

The percentage of participants who are assumed to be married is based on general population statistics on the marital status of individuals of retirement age.

**Spouse age**

The assumed difference between spouses' ages is based on general population statistics for married individuals of retirement age.

### Source of Prescribed Methods

**Funding methods**

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law," as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

## Changes in Assumptions and Methods

### Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The lump sum conversion mortality table was updated to the 2019 IRS 417(e) mortality table, which reflects the SOA mortality study. The prior valuation used the 2018 IRS 417(e) mortality table.

The mortality table used to calculate the funding target and target normal cost was updated to reflect separate IRS-prescribed annuitant and non-annuitant tables with “static” projection of assumed mortality improvements based on the RP/MP-2014 Society of Actuaries study and subsequent updates.

The assumed plan-related expenses added to the target normal cost were changed from \$10,900,000 for the prior valuation to \$21,400,000 for the current valuation to account for higher expected expenses to be paid from the trust.

### Change in methods since prior valuation

The decrement timing used in the valuation was changed to rounded middle of year. Under rounded middle of year decrement timing, all decrements are assumed to occur at the middle of the year and eligibility for benefits, commencement and cessation of benefits, and other events are assumed to occur at the middle of the year. The change in funding method meets the parameters for automatic approval of software changes under IRS. Rev. Proc. 2017-56.

**Grandfathered employee**

A Covered Employee on January 1, 2007 who had:

1. Attained age 60 or completed 5 years of vesting service no later than January 1, 2007  
  
plus
2. Earned sufficient vesting service such that the sum of the member's age in completed years as of January 1, 2007 and full years of vesting service as of January 1, 2007 equals or exceeds 55.

**Retirement account**

The sum of:

1. The account balance in the Textron Retirement Account Plan  
  
and
2. The Actuarial Equivalent of the single sum value of all prior distributions the participant has received from such account.

**Retirement account actuarial equivalence**

The 1994 Group Annuity Reserving Mortality Table (unisex) and an interest rate of 7% should be used to determine the Actuarial Equivalent of a Member's Retirement Account for any purpose, except that, for purposes of projecting the Retirement Account to any age, mortality shall be disregarded.

**Retirement account rollover option**

The participant can roll over his entire account balance under the Textron Retirement Account Plan upon retirement into this plan. The balance is converted into an actuarial equivalent Normal Retirement pension and is reduced for early commencement consistent with post-December 31, 2006 accruals.

**Normal retirement date (NRD)**

First of month coinciding with or next following the attainment of age 65.

|                           |                                                                                                                                                                                                                                                                                                                                                          |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vested termination</b> | The benefit, payable as a straight life annuity starting on the participant's Normal Retirement Age (65), equals the participant's Normal Retirement benefit. The benefit is reduced the same as the Early Retirement benefit reduction that applies to benefits accrued after December 31, 2006 if commenced before age 65, but no earlier than age 55. |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                    |                                                                                                                                                                                                                                                                  |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Disablement</b> | Participant continues to accrue pension service and vesting service until the earlier of death, recovery, age 65 or pension commencement. Employees transferred to other Textron Plans who subsequently become disabled continue to accrue vesting service only. |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                                    |                                                                                                                                                                                                                                                                                                                                                            |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Maximum of benefits and pay</b> | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

|---------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                      | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Pension service</b>                      | A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to January 1, 1983.                                                                                                                                                                                                                                                                                             |
| <b>Hours of service</b>                     | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                 |
| <b>Monthly pension benefit</b>              | Monthly benefit is equal to \$20.00 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Normal retirement date (NRD)</b>         | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Monthly disability benefit</b>           | Monthly benefit based on twice the benefit level per year of pension service payable until age 65, at which time the benefits are recalculated based on the normal benefit accrued at disability retirement.                                                                                                                                                                                                                                                                                                                                             |
| <b>Monthly pre-retirement death benefit</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. Effective January 1, 1989, participants' accrued benefits will be reduced 1/20%/month of coverage after January 1, 1989, for this pre-retirement death benefit. |

## Benefits Paid Upon the Following Events

|                           |                                                                                                                                                                                                                                                                                                                                                          |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Normal retirement</b>  | Monthly pension benefit determined as of NRD                                                                                                                                                                                                                                                                                                             |
| <b>Early retirement</b>   | Accrued monthly pension benefit, reduced ½% per month of commencement before age 62                                                                                                                                                                                                                                                                      |
| <b>Disablement</b>        | Monthly disability benefit payable until age 65, at which time the benefits are recalculated based on the normal benefit accrued at disability retirement.                                                                                                                                                                                               |
| <b>Vested termination</b> | The benefit, payable as a straight life annuity starting on the participant's Normal Retirement Age (65), equals the participant's Normal Retirement benefit. The benefit is reduced the same as the Early Retirement benefit reduction that applies to benefits accrued after December 31, 2006 if commenced before age 65, but no earlier than age 55. |

| <b>Vesting service</b>                      | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Pension service</b>                      | A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to July 1, 1970.                                                                                                                                                                                                                                                                                                 |
| <b>Hours of service</b>                     | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                  |
| <b>Normal retirement date (NRD)</b>         | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Monthly pension benefit</b>              | Monthly benefit is equal to \$20.00 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Monthly disability benefit</b>           | Monthly benefit based on twice the benefit level per year of pension service payable until age 65, at which time the benefit is recalculated based on the normal benefit accrued at disability retirement.                                                                                                                                                                                                                                                                                                                                                |
| <b>Monthly pre-retirement death benefit</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. Effective January 1, 1989, participants' accrued benefits will be reduced 1/20%/month of coverage, after January 1, 1989, for this pre-retirement death benefit. |

| <b>Vesting service</b>              | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| <b>Pension service</b>              | A participant earns one year of service towards benefit accrual if earning 1,700 (or more) hours of service per calendar year. If less than 1,700 hours of service but more than 1,299, a participant earns $\frac{3}{4}$ year pension service; if less than 1,300 hours of service but more than 899, a participant earns $\frac{1}{2}$ year pension service; if less than 900 hours of service but more than 449, a participant earns $\frac{1}{4}$ year pension service; if less than 450 hours of service, no pension service is earned; provided that in any year where 1,000 hours are earned, a minimum of the ratio of hours earned to 2,080, rounded to the nearest tenth, shall be granted. |
| <b>Hours of service</b>             | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Normal retirement date (NRD)</b> | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Monthly pension benefit</b>      | Monthly basic benefit is equal to \$27.00 per year of pension service. Monthly Supplemental benefit for participants who have made employee contributions equal to \$1.50 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| <b>Monthly pre-retirement death benefit</b> | Upon the death of a participant after 5 years of Vesting service who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 15 years of Vesting service, spousal benefits will commence immediately with the reduction for early commencement being $\frac{1}{2}\%$ per month for each complete month the participant was under 62 at death. To provide this coverage, there is a charge to participants of $\frac{1}{20}\%$ reduction in pension for each month the coverage is in effect after the later of January 1, 1996 or age 55. |

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## Other Plan Provisions

|                                         |                                                                                                                                                                                                                                                                                                                                                            |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, on a reduction basis, a 50% joint and surviving spouse form is automatic unless the spouse consents otherwise.                                                                                                                                                                       |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                       |
| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                       |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

Beginning January 1, 1976 one full year of pension service is earned for each Plan Year (calendar year) in which the Employee earns 1,000 or more hours of service; no credit for less.                                                                                                                                                                                                                                                                                                |
| <b>Final average earnings</b>                | The final 60 months' average of an Employee's regular earnings, excluding bonuses, overtime and other non-recurring compensation.                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Monthly pension benefit</b>               | 1% of the Employee's Final Average Earnings times full years of pension service (not in excess of 30).                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Monthly pre-retirement death benefit</b>  | Upon the death of a participant after 5 years of pension service, who has not waived coverage, the surviving spouse shall receive 50% of the pension the participant would have been entitled to receive had he terminated at date of death, survived to earliest benefit commencement date, retired with the 50% joint and contingent option in effect and then died. Coverage is automatic. However, for participants over age 55, a reduction of 1/20% of the accrued benefit per month of coverage will be effective. Waiver can only be made with spousal consent. |
| <b>Monthly post-retirement death benefit</b> | The elected form of payment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                |
| <b>Pension service</b>                | A participant earns one year service toward benefit accrual if compensated for 1,600 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,600 hours. On February 7, 1981, all pension service accruals ceased.   |
| <b>Hours of service</b>               | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                 |
| <b>Normal retirement date (NRD)</b>   | First of month coinciding with or next following the attainment of age 65 or age 62 with 10 years of vesting service.                                                                                                                                    |
| <b>Special age 65 benefit</b>         | Early and Normal retirees who are over age 65, and Disability retirees, receive an additional monthly benefit of \$14.60.                                                                                                                                |
| <b>Level income special allowance</b> | Participants retiring after attainment of age 60 and 20 years of Pension service shall receive a Level Income Supplemental Allowance (LISA) of \$375 per month until age 62.                                                                             |
| <b>Monthly pension benefit</b>        | Monthly benefit is equal to \$18.00 per year of pension service.                                                                                                                                                                                         |
| <b>Supplemental benefit</b>           | Participants retiring after attainment of age 60 and 10 years pension service, (but less than 20) will receive a temporary supplement equal to \$96 per month (reduced by 5/9% for each month by which retirement precedes age 62) payable until age 62. |
| <b>Monthly disability benefit</b>     | A monthly benefit of \$325 is payable until age 65, at which time the benefits are recalculated.                                                                                                                                                         |

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

**Grandfathered employee**

A Covered Employee on January 1, 2007 who had:

- a) Attained age 60 or completed 5 years of vesting service no later than January 1, 2007

plus

- 1. Earned sufficient vesting service such that the sum of the member's age in complete years as of January 1, 2007 and full years of vesting service as of January 1, 2007 equals or exceeds 55.

**Retirement account**

The sum of:

- 1. The account balance in the Textron Retirement Account Plan

and

- 2. The Actuarial Equivalent of the single sum value of all prior distributions the participant has received from such account.

**Retirement account actuarial equivalence**

The 1994 Group Annuity Reserving Mortality Table (unisex) and an interest rate of 7% should be used to determine the Actuarial Equivalent of a Member's Retirement Account for any purpose, except that, for purposes of projecting the Retirement Account to any age, mortality shall be disregarded.

**Retirement account rollover option**

The participant can roll over his entire account balance under the Textron Retirement Account Plan upon retirement into this plan. The balance is converted into an actuarial equivalent Normal Retirement pension and is reduced for early commencement consistent with post-December 31, 2006 accruals.

**Normal retirement date (NRD)**

First of month coinciding with or next following the attainment of age 65.

## Monthly pension benefit

Benefit is equal to the greater of A, B, C, D or E:

### A. The larger of 1 or 2:

1. Final Average Benefit Formula:  $1\frac{1}{3}\%$  of Final Average Monthly Salary times Plan Membership (limited to 40 years) as of December 31, 2006.
2.
  - a. Career Average Benefit Formula:  $1/12^{\text{th}}$  of  $1\frac{3}{4}\%$  of base compensation (including 50% of incentive compensation) up to \$23,400, plus 2% of base compensation in excess of \$23,400, for each year while an active member of the Plan but only taking into account credited service as of December 31, 2006 (or if less, 35 years of pension service). For each year benefits accrue beyond 35 years,  $1/12^{\text{th}}$  of 2% of base compensation shall accrue.

NOTE: Benefits will accrue under the career average benefit formula only for those individuals who were salaried employees as of July 1, 1990.

plus

- b.  $4/3\%$  of the Compensation base, divided by 12 times Pension service earned after December 31, 2006, offset by the participant's Retirement Account expressed as an actuarially equivalent single life annuity commencing at age 65 (or, if later, his actual retirement date)

### B. For Grandfathered Employees only:

The larger of 1 or 2:

1. Final Average Benefit Formula:  $4/3\%$  of Final Average Monthly Salary times Plan Membership not in excess of 40 years with any portion of such amount that is attributable to Plan Membership earned after December 31, 2006 being offset by the participant's Retirement Account as described in A2.
2. Career Average Benefit Formula:  $1/12^{\text{th}}$  of  $1\frac{3}{4}\%$  of base compensation (including 50% of incentive compensation) up to \$23,400, plus 2% of base compensation in excess of \$23,400, for each year while an active member of the Plan (or if less, 35 years of credited service). For each year benefits accrue beyond 35 years,  $1/12^{\text{th}}$  of 2% of base compensation shall accrue. Any portion of such amount that is attributable to Plan Membership earned after December 31, 2006 is offset by the participant's Retirement Account as described in A2.

- Normal retirement (continued)**
- C. \$51 per year of pension service with service up to 5 years, with any portion of such amount that is attributable to pension service earned after December 31, 2006 being offset by the participant's Retirement Account as described in A2.
  - D. Supplement 4 to Addendum F1 specifies the minimum monthly benefit payable to participants listed in the Supplement.
  - E. The participant's accrued benefit as of December 31, 2006.

**Monthly pre-retirement death benefit**

Upon the death of a vested married Employee, the surviving spouse shall receive, commencing on the earliest commencement date of date of death if later, the 50% surviving spouse benefit that would have been payable to the spouse had the Employee terminated at death and elected early commencement of benefits. Upon the death of a participant eligible for Normal or Early Retirement, a death benefit will be payable to the beneficiary equal to 60 monthly payments of the participant's life annuity that would have been payable had he retired at death.

**Monthly post-retirement death benefit**

The beneficiary of a participant who dies while receiving or eligible to receive a normal or early retirement benefit shall be eligible to receive a death benefit if the participant had not yet received 60 monthly payments. Death benefits are equal to an annuity for the remainder of the 60-month period in the amount of the participant's single life annuity. This death benefit is in addition to any other elected option.

### **Vested termination**

The benefit, payable as a straight life annuity starting on the participant's Normal Retirement Age (65), equals the participant's monthly pension benefit. The benefit is reduced the same as the Early Retirement benefit if commenced before age 65, but no earlier than age 55. A terminated Employee may elect to receive his Accumulated Contributions in lump sum with subsequent actuarial reduction in deferred vested pension.

### **Other Plan Provisions**

#### **Forms of payment**

The normal form is a single life annuity, unless married. If married, a 50% joint and surviving spouse form is automatic unless the spouse consents otherwise.

#### **Pension increases**

None

#### **Maximum of benefits and pay**

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### **Future Plan Changes**

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### **Changes in Benefits Valued Since Prior Year**

There have been no changes in benefits valued since the prior year.

### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## Appendix B17: Summary of plan provisions – Micromatic

### Plan Provisions

**Covered employees** All persons covered by the Collective Bargaining Agreement between Micromatic Operations, Inc., a subsidiary of Textron Inc., and Local 1502 of the UAAAIW.

**Participation date** An Employee participates at the date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. Hours that would have been credited while on Workers' Compensation or military leave will be included.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Monthly pension benefit** Monthly benefit is equal to the monthly benefit rate according to the schedule below, per year of pension service:

| Monthly Benefit Rate | Effective for Terminations<br>On or After |
|----------------------|-------------------------------------------|
| \$22.50              | February 1, 1998                          |
| 23.00                | February 1, 1999                          |
| 23.50                | February 1, 2000                          |
| 24.00                | February 1, 2001                          |
| 24.50                | February 1, 2002                          |
| 25.00                | February 1, 2003                          |

**Monthly disability benefit** Monthly benefit is equal to \$39.00 times years of pension service.

## SCHEDULE SB ATTACHMENTS

**Monthly pre-retirement death benefit** For non-Highly Compensated Members, the vested Cash Balance payable to the Beneficiary in a lump sum. If the Beneficiary is the Surviving Spouse the spouse may choose an Actuarial Equivalent single life annuity.

For Highly Compensated Members, the Surviving Spouse shall receive a single life annuity equal to 50% of the joint and 50% survivor annuity computed as if the Member retired, commenced payment of such benefit, and then died. If the Member's death occurred after age 55, payment commences immediately. If the Member's death occurred prior to age 55, payment commences when the Member would have attained age 55.

**Monthly post-retirement death benefit** The elected form of payment.

### Eligibility for Benefits

**Normal retirement** Retirement on NRD

**Early retirement** A non-Highly Compensated Employee is eligible to receive his or her Vested Cash Balance Account benefit upon termination of Employment. Highly Compensated Employees are eligible for early retirement at the earliest of age 55 and 10 years of vesting service, age 60 or 20 years of vesting service.

**Disability** Eligible for Social Security benefits (or equivalent) and disabled during employment

**Vested termination** Termination for reasons other than death or retirement after completing three years of vesting service. Non-U.S. citizens are 50% vested before completing three years of vesting service.

### Benefits Paid Upon the Following Events

**Normal retirement** Monthly pension benefit determined as of NRD

**Early retirement** The annuity amount is equal to the Actuarial Equivalent of the Cash Balance Account

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Vesting service</b>                       | An Employee earns one year of pension service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| <b>Pension service</b>                       | A participant earns one year of service toward benefit accrual if compensated for 1,800 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,800 hours, except that less than 750 compensated hours will earn no credit for the year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Monthly pension benefit</b>               | Monthly benefit is equal to \$22.50 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Monthly pre-retirement death benefits</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 55% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 60, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 10 years of pension service, spousal benefits will commence immediately with the reduction for early commencement being 6/10% per month for each complete month the participant was under 65 at death. To provide this coverage there is a charge to participants of 1/100% reduction in pension for each month the coverage is in effect after the age of 35 until the age of 60. |

### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Monthly pre-retirement death benefits</b> | Upon the death of a participant after 5 years of pension service, the surviving spouse shall receive a 55% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 60, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 5 years of pension service, spousal benefits will commence immediately with the reduction for early commencement being 6/10% per month for each complete month the participant was under 65 at death. The charge to the participant for this coverage will be 1/100% per month reduction in benefit for months of coverage prior to eligibility for immediate spousal benefit commencement, and 1/20% reduction per month of coverage after age 60. |

| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, 95% of the single life annuity (adjusted for differences in age between the Employee and spouse) will automatically be payable, with a 55% continuation to the surviving spouse after the retiree's death. The survivor option may be waived only with spousal consent, and will not apply to any temporary benefits payable. For participants retiring on or after December 1, 1975, the computed benefit reverts to single life annuity form if the spouse predeceases the participant. |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                                                                                                      |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Monthly pre-retirement death benefits</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 10 years of vesting service, spousal benefits will commence immediately with the reduction for early commencement being 1/2% per month for each complete month the participant was under 62 at death. To provide this coverage, there is a charge to participants on and after August 23, 1984 of: 1/40% reduction in pension for each month the coverage is in effect before the age of 50, 1/20% per month reduction between ages 50 and 55, and 1/12% per month reduction for coverage between ages 55 and 65. |

| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                       |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## Appendix B23: Summary of plan provisions – Jacobsen Racine

### Plan Provisions

**Covered employees** All persons covered by the Collective Bargaining Agreement between the Racine, Wisconsin plant of the Jacobsen Division of Textron Inc. and Local No. 556, UAW, Racine, Wisconsin and the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America, working at least 1,000 hours for the first 12 months of employment or any calendar year.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** As of July 1, 2001, the benefit level is \$24.50.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65 or fifth anniversary of participation, if later.

**Supplemental benefit** Employees who retire after age 60, but before age 62 and who have 30 or more years of pension service will receive a supplemental pension, in addition to their basic pension until they attain age 62. This supplement, when added to the basic pension, will increase their total monthly benefit to \$750.

## Other Plan Provisions

|                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, a percentage of the single life annuity (adjusted for differences in age between the Employee and spouse) will automatically be payable, with a 55% continuation to the surviving spouse after the retiree's death. The conversion factor can be found in Table 2 or Table 3 of the Plan. The survivor option may be waived only with spousal consent, and will not apply to any temporary benefits payable. |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                         |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## SCHEDULE SB ATTACHMENTS

---

### **Vested termination**

Accrued monthly pension benefit is payable in full at age 65, or reduced for early commencement after attaining age 60 with at least 10 years pension service, at the same rate as early retirement

### **Other Plan Provisions**

#### **Forms of payment**

The normal form is a single life annuity, unless married. If married, on a reduction basis, a 50% joint and surviving spouse form is automatic unless the spouse consents otherwise.

#### **Pension increases**

None

#### **Plan participants' contributions**

None

#### **Maximum of benefits and pay**

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### **Future Plan Changes**

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### **Changes in Benefits Valued Since Prior Year**

There have been no changes in benefits valued since the prior year.

## Appendix B26: Summary of plan provisions – Textron Marine and Land Systems

### Plan Provisions

**Covered employees** Non-union hourly-paid employees and all persons covered by the Collective Bargaining Agreement between Textron Marine Systems and the UAW, Local 1750 of the Textron Marine Systems Division of Textron Inc. Participants of Cadillac Gage Textron Inc. at its Cocoa, Florida Plant. All participants of Cadillac Gage Textron Inc. and Union Participants of Textron Marine Systems of Textron Inc. are inactive participants.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earned pension service prior to December 31, 1975 but after August 1, 1970, based on the service considered for vesting under the plan as in effect at that time and beginning January 1, 1976, he earns one year of service toward benefit accrual if compensated for 1,600 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,600 hours. In addition, pension service under this plan will include Years of Service for benefit accrual under the Halter Marine Services Pension Plan.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** Monthly benefit is equal to \$20.00 per year of pension service (\$15.00 for Cadillac Gage participants).

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Special early retirement for Textron Marine Systems Division of Textron Inc.** Age 60 but less than age 62, with 10 years of vesting service: Accrued normal retirement benefit, reduced actuarially from age 65. In addition, a supplement of \$96 per month (reduced by 5/9% for each month below age 62 at the time of retirement) is payable from retirement until age 62.

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## Appendix B27: Summary of plan provisions – Turbine Engine Components

### ACE PROVISIONS

#### Plan Provisions

**Covered employee** All hourly paid employees at the Santa Fe Springs, California plant of Ace Industries Textron Inc.

**Participation date** An Employee participates at date of hire if employed for 1,000 hours in the first 12 months of employment.

#### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to January 1, 1985.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** Monthly benefit is equal to \$18.50 per year of pension service.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Participants under prior plan** 30 participants in the Ace Industries Inc. Retirement Income Plan (terminated as of December 31, 1984) who subsequently retire under this Plan will be guaranteed as a Plan minimum the retirement benefit that would have been computed under the terminated Ace Plan based on total service to retirement and the compensation rate in effect as of June 30, 1984, less the accrued benefit distributed as of December 31, 1984 and any benefit based on the provisions of this plan.

## AIRFOIL BLUFFTON PROVISIONS

### Plan Provisions

**Covered employee** All persons covered by the Collective Bargaining Agreement between Airfoil Textron Inc. at its Bluffton, Ohio plant and Local 1327 of the UAAAIW.

**Participation date** An Employee participates at date of hire until such time as seniority is lost.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of uninterrupted employment with Ex-Cell-O Corporation and Textron Inc. of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to April 7, 1987.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** Monthly benefit is equal to \$24.50 per year of pension service.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Special age 65 benefit** Retirees over age 65, or their surviving spouses receiving pensions, receive an additional monthly benefit of \$17.90.

**Monthly pre-retirement death benefits** Upon the death of a participant after 5 years of vesting service, the surviving spouse shall receive a 60% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 60, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time.

**Monthly post-retirement death benefit** The elected form of payment.

## SCHEDULE SB ATTACHMENTS

### Monthly pre-retirement death benefits

The surviving spouse of a participant who had, at date of death, attained at least age 50 with 15 or more years of continuous service, or who had attained at least age 55, shall receive a survivor annuity equal to 50% of the participant's Retirement Annuity Credits, reduced  $\frac{1}{2}\%$  for each year in excess of 5 years that the spouse was younger than the participant, and reduced  $\frac{1}{20}\%$  for each month of coverage after the age of 55 and after January 1, 1995.

Upon the death of a participant who does not qualify under the paragraph above, after 5 years of continuous service, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 55, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time. To provide this coverage there will be a charge to participants of  $\frac{1}{20}\%$  reduction in pension for each month the coverage is in effect after the age of 55 on and after January 1, 1995 (January 1, 1986 for deferred vested participants).

### Monthly post-retirement death benefit

The elected form of payment.

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Vesting service</b>              | Any 12-month period commencing with September 1 or the Employee's hire date in which he is credited with at least 1,000 hours of service.                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Pension service</b>              | As of September 1, 1976, pension service for a participant was equal to continuous service with the Company to the completed month. Commencing September 1, 1976 and for each 12-month period beginning with September 1 thereafter, an Employee earns a year of pension service if earning 1,000 hours of service during such 12-month period (no partial years). Once participating, an Employee is credited with pension service retroactive to the later of: (i) date of hire; (ii) September 1, 1977 if contributions to the Plan were waived; or (iii) date of election to contribute. |
| <b>Hours of service</b>             | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Accumulated contributions</b>    | A participant's contributions to the Plan accumulated with interest at 5% per annum.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

## SCHEDULE SB ATTACHMENTS

### Vested termination

The accrued benefit is payable in full at age 65 or commencing between the ages of 55 and 65 and reduced 5/9% per month for each month of payment between 60 and 65, reduced a further 5/18% for each month of commencement before age 60. A terminated Employee may elect to receive his Accumulated Contributions in lump sum with subsequent actuarial reduction in deferred vested pension.

### Other Plan Provisions

#### Forms of payment

The normal form is a single life annuity, unless married. If married, on a reduction basis, a 50% joint and contingent spouse form is automatic unless the spouse consents otherwise.

#### Pension increases

None

#### Plan participants' contributions

None

#### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## FOSTORIA PROVISIONS

### Plan Provisions

**Covered employee** All persons covered by the Collective Bargaining Agreement between Airfoil Textron Inc. at its Fostoria, Ohio plant and Local 1246 of the UAAAIW.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. Hours that would have been credited while on Workers' Compensation or military leave will be included.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Monthly pension benefit** Monthly benefit is equal to \$24.00 per year of pension service effective August 1, 1994.

**Supplemental allowance** Employees who retire on or after April 1, 1989 after age 60 with 85 or more points, shall receive a temporary benefit of \$500 per month payable from age 60 to 65.

**Special age 65 benefit** Early and Normal retirees who are over age 65, and Disability retirees, or their surviving spouses receiving pensions, will receive an additional monthly benefit of \$78.20.

**Monthly pre-retirement death benefit** Upon the death of a participant after 5 years of vesting service, the surviving spouse shall receive a 60% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest benefit commencement date based on his pension service, and elected commencement of benefits under the Normal Form of Payment and died at that time.

**Monthly post-retirement death benefit** The elected form of payment.

| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                                |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## LIMA PROVISIONS

### Plan Provisions

**Covered employee** All persons covered by the Collective Bargaining Agreement between Textron Inc., at its Lima, Ohio plant and Local 1211 of the UAAAIW.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. Hours that would have been credited while on Workers' Compensation or military leave will be included.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Monthly pension benefit** Monthly benefit is equal to \$24.50 per year of pension service.

**Special age 65 benefit** Early and Normal retirees who are over age 65, and Disability retirees, or their surviving spouses receiving pensions, receive an additional monthly benefit of \$78.20.

**Supplemental allowance** Employees who retire on or after April 1, 1989 and after attaining age 58 with 85 or more points, shall receive a temporary benefit of \$500 per month payable until age 62.

|----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Monthly pre-retirement death benefit</b>  | Upon the death of a participant after 5 years of vesting service, the surviving spouse shall receive a 60% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 55, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time. Payment commences the later of first of month following the participant's 55th birthday or first of month after death. If the participant had been age 55 or older with at least 10 years of pension service, spousal benefits will commence immediately with actuarial reduction for early commencement before age 62 (reduced from age 58, if the participant had at least 85 "points" at death). |
| <b>Monthly post-retirement death benefit</b> | The elected form of payment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

## Benefits Paid Upon the Following Events

**Normal retirement** Monthly pension benefit determined as of NRD

**Early retirement** Accrued monthly pension benefit, reduced as follows:

If not having 85 "points" (i.e., years of age plus years of service = 85 or more), benefit is adjusted in accordance with this table (pro-rated for intermediate ages):

| Age Pension Starts | Percent of Pension |
|--------------------|--------------------|
| 60                 | 86.7%              |
| 61                 | 93.3               |
| 62 or older        | 100.0              |

With 85 "points" and retiring before age 58, adjusted in accordance with this table (pro-rated for intermediate ages):

| Age Pension Starts | Percent of Pension |
|--------------------|--------------------|
| 55                 | 69.4%              |
| 56                 | 75.2               |
| 57                 | 80.8               |
| 58                 | 86.7               |

For employees retiring on or after age 58 with 85 "points", the accrued normal benefit is unreduced.

**Disablement** Full accrued monthly pension benefit under the Normal Form of Payment, plus a temporary monthly benefit equal to \$24.50 times years of pension service up to 25 years, payable until the earlier of receipt of Social Security benefits for disability, reduced Social Security benefits at age 62, or attainment of age 65

**Vested termination** Accrued monthly pension benefit is payable in full at age 65, or reduced for early commencement between the ages of 60 and 65, (between the ages of 55 and 60 with at least 85 "points"), at the rate of 6/10% per month of commencement before 65.

| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, 95% of the single life annuity (adjusted for differences in age between the Employee and spouse) will automatically be payable, with a 60% continuation to the surviving spouse after the retiree's death, with pop-up feature. If retired before January 1, 1977, the continuation will be 55%. The survivor option may be waived only with spousal consent, and will not apply to any temporary benefits payable. |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                                |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Vesting service</b>                       | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Pension service</b>                       | A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to January 1, 1980.                                                                                                                                                                                                                                                                                             |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                 |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Monthly pension benefit</b>               | Monthly benefit is equal to \$21.25 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Monthly pre-retirement death benefit</b>  | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. Effective January 1, 1989, participants' accrued benefits will be reduced 1/20%/month of coverage after January 1, 1989, for this pre-retirement death benefit. |
| <b>Monthly post-retirement death benefit</b> | The elected form of payment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## Appendix B28: Summary of plan provisions – Greenlee Union

### Plan Provisions

**Covered employees** Persons employed by Greenlee Textron Inc. in the bargaining unit represented by Unity Lodge No. 1553 of the IAMAW, AFL-CIO.

**Participation date** An Employee participates at date of hire until such time as seniority is lost. An employee who contributed \$2.75 per month prior to April 1, 1995 is eligible for a supplementary benefit.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service towards benefit accrual if earning 1,700 (or more) hours of service per calendar year. If less than 1,700 hours of service, but more than 1,299, a participant earns  $\frac{3}{4}$  year pension service; if less than 1,300 hours of service but more than 899, a participant earns  $\frac{1}{2}$  year pension service; if less than 900 hours of service but more than 449, a participant earns  $\frac{1}{4}$  year pension service; if less than 450 hours of service, no pension service earned; provided that in any year where 1,000 hours are worked, a minimum of the ratio of hours worked to 2,080, rounded to the nearest tenth, shall be granted.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly accrued benefit derived from employee contributions** Accumulated employee contributions with interest at 5.0% to January 1, 1988, 120% of AFR to date of determination, plus the interest rate used to calculate lump sums under the Plan to Normal Retirement Date, divided by the Plan lump sum factor at Normal Retirement Age.

**Monthly pension benefit** Monthly benefit is equal to \$31.00 per year of pension service. Supplementary monthly benefit is equal to \$7.00 per year of pension service.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65 with 5 years of pension service

**Monthly disability benefit** A monthly benefit based on the accrued benefit rate plus a monthly supplement of \$7.20 per year of pension service (maximum 25 years), payable until the earlier of age 65 or recovery, at which time the benefit is recalculated based on the normal benefit accrued at disability retirement. Disability retirement benefits will not be payable while company-paid sickness and accident benefits are being paid, and will be reduced each month (not below \$0) for payments under any workers' compensation or occupational disease law to which the retiree is entitled.

**Monthly preretirement death benefit** Monthly preretirement death benefit payable on behalf of an active employee is computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and at that time died. Coverage can be waived with spousal consent.

### Eligibility for Benefits

## Pre-retirement death

A terminee entitled to a Termination Benefit will be charged for this coverage at the rate of 1/40 of 1% reduction for each month after termination of employment and before age 50 and 1/20 of 1% for each month of coverage thereafter until age 55.

## Other Plan Provisions

### Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. If married, 95% of the single life annuity will automatically be payable, further adjusted if spouse is more than 5 years younger or older, with a 55% continuation to the surviving spouse after the retiree's death. The survivor option may be waived only with spousal consent. If the spouse predeceases the retiree, the benefit increases to the single life annuity. Disability and deferred vested employees in payment status, if married, will receive an actuarially reduced pension in order to provide a 50% continuation of benefits to the surviving spouse.

### Pension Increases

None

### Plan participants' contributions

None

### Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

**Grandfathered employee**

A Covered Employee on January 1, 2007 who had:

1. Attained age 60 or completed 5 years of vesting service no later than January 1, 2007  
  
plus
2. Earned sufficient vesting service such that the sum of the member's age in completed years as of January 1, 2007 and full years of vesting service as of January 1, 2007 equals or exceeds 55.

**Retirement account**

The sum of:

1. The account balance in the Textron Retirement Account Plan  
  
and
2. The Actuarial Equivalent of the single sum value of all prior distributions the participant has received from such account.

**Retirement account actuarial equivalence**

The 1994 Group Annuity Reserving Mortality Table (unisex) and an interest rate of 7% should be used to determine the Actuarial Equivalent of a Member's Retirement Account for any purpose, except that, for purposes of projecting the Retirement Account to any age, mortality shall be disregarded.

**Retirement account rollover option**

The participant can roll over his entire account balance under the Textron Retirement Account Plan upon retirement into this plan. The balance is converted into an actuarial equivalent Normal Retirement pension and is reduced for early commencement consistent with post-December 31, 2006 accruals.

**Normal retirement date (NRD)**

|                                    |                                                                                                                                                                                                                                                                                                                                                            |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Maximum of benefits and pay</b> | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

|---------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                      | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Pension service</b>                      | A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to January 1, 1983.                                                                                                                                                                                                                                                                                             |
| <b>Hours of service</b>                     | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                 |
| <b>Monthly pension benefit</b>              | Monthly benefit is equal to \$20.00 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Normal retirement date (NRD)</b>         | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Monthly disability benefit</b>           | Monthly benefit based on twice the benefit level per year of pension service payable until age 65, at which time the benefits are recalculated based on the normal benefit accrued at disability retirement.                                                                                                                                                                                                                                                                                                                                             |
| <b>Monthly pre-retirement death benefit</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. Effective January 1, 1989, participants' accrued benefits will be reduced 1/20%/month of coverage after January 1, 1989, for this pre-retirement death benefit. |

| <b>Vesting service</b>                      | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Pension service</b>                      | A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to July 1, 1970.                                                                                                                                                                                                                                                                                                 |
| <b>Hours of service</b>                     | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                  |
| <b>Normal retirement date (NRD)</b>         | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Monthly pension benefit</b>              | Monthly benefit is equal to \$20.00 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Monthly disability benefit</b>           | Monthly benefit based on twice the benefit level per year of pension service payable until age 65, at which time the benefit is recalculated based on the normal benefit accrued at disability retirement.                                                                                                                                                                                                                                                                                                                                                |
| <b>Monthly pre-retirement death benefit</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. Effective January 1, 1989, participants' accrued benefits will be reduced 1/20%/month of coverage, after January 1, 1989, for this pre-retirement death benefit. |

| <b>Monthly pre-retirement death benefit</b> | Upon the death of a participant after 5 years of Vesting service who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 15 years of Vesting service, spousal benefits will commence immediately with the reduction for early commencement being $\frac{1}{2}\%$ per month for each complete month the participant was under 62 at death. To provide this coverage, there is a charge to participants of $\frac{1}{20}\%$ reduction in pension for each month the coverage is in effect after the later of January 1, 1996 or age 55. |

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Pension service</b>                       | An Employee earns pension service for uninterrupted employment with the Company. Beginning January 1, 1976 one full year of pension service is earned for each Plan Year (calendar year) in which the Employee earns 1,000 or more hours of service; no credit for less.                                                                                                                                                                                                                                                                                                |
| <b>Final average earnings</b>                | The final 60 months' average of an Employee's regular earnings, excluding bonuses, overtime and other non-recurring compensation.                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Monthly pension benefit</b>               | 1% of the Employee's Final Average Earnings times full years of pension service (not in excess of 30).                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Monthly pre-retirement death benefit</b>  | Upon the death of a participant after 5 years of pension service, who has not waived coverage, the surviving spouse shall receive 50% of the pension the participant would have been entitled to receive had he terminated at date of death, survived to earliest benefit commencement date, retired with the 50% joint and contingent option in effect and then died. Coverage is automatic. However, for participants over age 55, a reduction of 1/20% of the accrued benefit per month of coverage will be effective. Waiver can only be made with spousal consent. |
| <b>Monthly post-retirement death benefit</b> | The elected form of payment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                       |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Vesting service</b>                | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                |
| <b>Pension service</b>                | A participant earns one year service toward benefit accrual if compensated for 1,600 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,600 hours. On February 7, 1981, all pension service accruals ceased.   |
| <b>Hours of service</b>               | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                 |
| <b>Normal retirement date (NRD)</b>   | First of month coinciding with or next following the attainment of age 65 or age 62 with 10 years of vesting service.                                                                                                                                    |
| <b>Special age 65 benefit</b>         | Early and Normal retirees who are over age 65, and Disability retirees, receive an additional monthly benefit of \$14.60.                                                                                                                                |
| <b>Level income special allowance</b> | Participants retiring after attainment of age 60 and 20 years of Pension service shall receive a Level Income Supplemental Allowance (LISA) of \$375 per month until age 62.                                                                             |
| <b>Monthly pension benefit</b>        | Monthly benefit is equal to \$18.00 per year of pension service.                                                                                                                                                                                         |
| <b>Supplemental benefit</b>           | Participants retiring after attainment of age 60 and 10 years pension service, (but less than 20) will receive a temporary supplement equal to \$96 per month (reduced by 5/9% for each month by which retirement precedes age 62) payable until age 62. |
| <b>Monthly disability benefit</b>     | A monthly benefit of \$325 is payable until age 65, at which time the benefits are recalculated.                                                                                                                                                         |

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

**Grandfathered employee**

A Covered Employee on January 1, 2007 who had:

- a) Attained age 60 or completed 5 years of vesting service no later than January 1, 2007

plus

- 1. Earned sufficient vesting service such that the sum of the member's age in complete years as of January 1, 2007 and full years of vesting service as of January 1, 2007 equals or exceeds 55.

**Retirement account**

The sum of:

- 1. The account balance in the Textron Retirement Account Plan

and

- 2. The Actuarial Equivalent of the single sum value of all prior distributions the participant has received from such account.

**Retirement account actuarial equivalence**

The 1994 Group Annuity Reserving Mortality Table (unisex) and an interest rate of 7% should be used to determine the Actuarial Equivalent of a Member's Retirement Account for any purpose, except that, for purposes of projecting the Retirement Account to any age, mortality shall be disregarded.

**Retirement account rollover option**

The participant can roll over his entire account balance under the Textron Retirement Account Plan upon retirement into this plan. The balance is converted into an actuarial equivalent Normal Retirement pension and is reduced for early commencement consistent with post-December 31, 2006 accruals.

**Normal retirement date (NRD)**

First of month coinciding with or next following the attainment of age 65.

## Monthly pension benefit

Benefit is equal to the greater of A, B, C, D or E:

### A. The larger of 1 or 2:

1. Final Average Benefit Formula:  $1\frac{1}{3}\%$  of Final Average Monthly Salary times Plan Membership (limited to 40 years) as of December 31, 2006.
2.
  - a. Career Average Benefit Formula:  $1/12^{\text{th}}$  of  $1\frac{3}{4}\%$  of base compensation (including 50% of incentive compensation) up to \$23,400, plus 2% of base compensation in excess of \$23,400, for each year while an active member of the Plan but only taking into account credited service as of December 31, 2006 (or if less, 35 years of pension service). For each year benefits accrue beyond 35 years,  $1/12^{\text{th}}$  of 2% of base compensation shall accrue.

NOTE: Benefits will accrue under the career average benefit formula only for those individuals who were salaried employees as of July 1, 1990.

plus

- b.  $4/3\%$  of the Compensation base, divided by 12 times Pension service earned after December 31, 2006, offset by the participant's Retirement Account expressed as an actuarially equivalent single life annuity commencing at age 65 (or, if later, his actual retirement date)

### B. For Grandfathered Employees only:

The larger of 1 or 2:

1. Final Average Benefit Formula:  $4/3\%$  of Final Average Monthly Salary times Plan Membership not in excess of 40 years with any portion of such amount that is attributable to Plan Membership earned after December 31, 2006 being offset by the participant's Retirement Account as described in A2.
2. Career Average Benefit Formula:  $1/12^{\text{th}}$  of  $1\frac{3}{4}\%$  of base compensation (including 50% of incentive compensation) up to \$23,400, plus 2% of base compensation in excess of \$23,400, for each year while an active member of the Plan (or if less, 35 years of credited service). For each year benefits accrue beyond 35 years,  $1/12^{\text{th}}$  of 2% of base compensation shall accrue. Any portion of such amount that is attributable to Plan Membership earned after December 31, 2006 is offset by the participant's Retirement Account as described in A2.

- Normal retirement (continued)**
- C. \$51 per year of pension service with service up to 5 years, with any portion of such amount that is attributable to pension service earned after December 31, 2006 being offset by the participant's Retirement Account as described in A2.
  - D. Supplement 4 to Addendum F1 specifies the minimum monthly benefit payable to participants listed in the Supplement.
  - E. The participant's accrued benefit as of December 31, 2006.

**Monthly pre-retirement death benefit**

Upon the death of a vested married Employee, the surviving spouse shall receive, commencing on the earliest commencement date of date of death if later, the 50% surviving spouse benefit that would have been payable to the spouse had the Employee terminated at death and elected early commencement of benefits. Upon the death of a participant eligible for Normal or Early Retirement, a death benefit will be payable to the beneficiary equal to 60 monthly payments of the participant's life annuity that would have been payable had he retired at death.

**Monthly post-retirement death benefit**

The beneficiary of a participant who dies while receiving or eligible to receive a normal or early retirement benefit shall be eligible to receive a death benefit if the participant had not yet received 60 monthly payments. Death benefits are equal to an annuity for the remainder of the 60-month period in the amount of the participant's single life annuity. This death benefit is in addition to any other elected option.

### **Vested termination**

The benefit, payable as a straight life annuity starting on the participant's Normal Retirement Age (65), equals the participant's monthly pension benefit. The benefit is reduced the same as the Early Retirement benefit if commenced before age 65, but no earlier than age 55. A terminated Employee may elect to receive his Accumulated Contributions in lump sum with subsequent actuarial reduction in deferred vested pension.

### **Other Plan Provisions**

#### **Forms of payment**

The normal form is a single life annuity, unless married. If married, a 50% joint and surviving spouse form is automatic unless the spouse consents otherwise.

#### **Pension increases**

None

#### **Maximum of benefits and pay**

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### **Future Plan Changes**

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### **Changes in Benefits Valued Since Prior Year**

There have been no changes in benefits valued since the prior year.

### Monthly death benefits

Surviving spouses:

Pre-Retirement: Upon the death of a participant after 5 years of continuous service, the surviving spouse shall receive the greater of a 10-Year Term Certain annuity commencing immediately, or a 50% survivor benefit computed as if the participant had terminated employment at date of death survived to the earliest retirement age and elected commencement of benefits under the Normal Form of Payment and died at that time.

Post-Retirement: Upon the death of a participant after 5 years of continuous service, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death, survived to the earliest retirement age and elected commencement of benefits under the Normal Form of Payment and died at that time.

Other Beneficiaries:

Upon the death of a participant after 5 years of continuous service, a designated beneficiary shall receive, at their option, a life annuity, a 10-year term certain annuity, or a lump sum actuarially equivalent to the 10-year term certain annuity.

### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## Appendix B17: Summary of plan provisions – Micromatic

### Plan Provisions

**Covered employees** All persons covered by the Collective Bargaining Agreement between Micromatic Operations, Inc., a subsidiary of Textron Inc., and Local 1502 of the UAAAIW.

**Participation date** An Employee participates at the date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. Hours that would have been credited while on Workers' Compensation or military leave will be included.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Monthly pension benefit** Monthly benefit is equal to the monthly benefit rate according to the schedule below, per year of pension service:

| Monthly Benefit Rate | Effective for Terminations<br>On or After |
|----------------------|-------------------------------------------|
| \$22.50              | February 1, 1998                          |
| 23.00                | February 1, 1999                          |
| 23.50                | February 1, 2000                          |
| 24.00                | February 1, 2001                          |
| 24.50                | February 1, 2002                          |
| 25.00                | February 1, 2003                          |

**Monthly disability benefit** Monthly benefit is equal to \$39.00 times years of pension service.

## SCHEDULE SB ATTACHMENTS

**Monthly pre-retirement death benefit** For non-Highly Compensated Members, the vested Cash Balance payable to the Beneficiary in a lump sum. If the Beneficiary is the Surviving Spouse the spouse may choose an Actuarial Equivalent single life annuity.

For Highly Compensated Members, the Surviving Spouse shall receive a single life annuity equal to 50% of the joint and 50% survivor annuity computed as if the Member retired, commenced payment of such benefit, and then died. If the Member's death occurred after age 55, payment commences immediately. If the Member's death occurred prior to age 55, payment commences when the Member would have attained age 55.

**Monthly post-retirement death benefit** The elected form of payment.

### Eligibility for Benefits

**Normal retirement** Retirement on NRD

**Early retirement** A non-Highly Compensated Employee is eligible to receive his or her Vested Cash Balance Account benefit upon termination of Employment. Highly Compensated Employees are eligible for early retirement at the earliest of age 55 and 10 years of vesting service, age 60 or 20 years of vesting service.

**Disability** Eligible for Social Security benefits (or equivalent) and disabled during employment

**Vested termination** Termination for reasons other than death or retirement after completing three years of vesting service. Non-U.S. citizens are 50% vested before completing three years of vesting service.

### Benefits Paid Upon the Following Events

**Normal retirement** Monthly pension benefit determined as of NRD

**Early retirement** The annuity amount is equal to the Actuarial Equivalent of the Cash Balance Account

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Vesting service</b>                       | An Employee earns one year of pension service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| <b>Pension service</b>                       | A participant earns one year of service toward benefit accrual if compensated for 1,800 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,800 hours, except that less than 750 compensated hours will earn no credit for the year.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Monthly pension benefit</b>               | Monthly benefit is equal to \$22.50 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Monthly pre-retirement death benefits</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 55% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 60, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 10 years of pension service, spousal benefits will commence immediately with the reduction for early commencement being 6/10% per month for each complete month the participant was under 65 at death. To provide this coverage there is a charge to participants of 1/100% reduction in pension for each month the coverage is in effect after the age of 35 until the age of 60. |

### Maximum of benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Monthly pre-retirement death benefits</b> | Upon the death of a participant after 5 years of pension service, the surviving spouse shall receive a 55% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 60, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 5 years of pension service, spousal benefits will commence immediately with the reduction for early commencement being 6/10% per month for each complete month the participant was under 65 at death. The charge to the participant for this coverage will be 1/100% per month reduction in benefit for months of coverage prior to eligibility for immediate spousal benefit commencement, and 1/20% reduction per month of coverage after age 60. |

| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, 95% of the single life annuity (adjusted for differences in age between the Employee and spouse) will automatically be payable, with a 55% continuation to the surviving spouse after the retiree's death. The survivor option may be waived only with spousal consent, and will not apply to any temporary benefits payable. For participants retiring on or after December 1, 1975, the computed benefit reverts to single life annuity form if the spouse predeceases the participant. |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                                                                                                      |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

| <b>Vesting service</b>                       | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Pension service</b>                       | A participant earns one year of service toward benefit accrual if compensated for 1,800 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,800 hours.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| <b>Monthly pension benefit</b>               | Monthly benefit is equal to \$44.00 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Monthly pre-retirement death benefits</b> | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. If the participant had been age 55 or older with at least 10 years of vesting service, spousal benefits will commence immediately with the reduction for early commencement being 1/2% per month for each complete month the participant was under 62 at death. To provide this coverage, there is a charge to participants on and after August 23, 1984 of: 1/40% reduction in pension for each month the coverage is in effect before the age of 50, 1/20% per month reduction between ages 50 and 55, and 1/12% per month reduction for coverage between ages 55 and 65. |

| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                       |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## Appendix B23: Summary of plan provisions – Jacobsen Racine

### Plan Provisions

**Covered employees** All persons covered by the Collective Bargaining Agreement between the Racine, Wisconsin plant of the Jacobsen Division of Textron Inc. and Local No. 556, UAW, Racine, Wisconsin and the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America, working at least 1,000 hours for the first 12 months of employment or any calendar year.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** As of July 1, 2001, the benefit level is \$24.50.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65 or fifth anniversary of participation, if later.

**Supplemental benefit** Employees who retire after age 60, but before age 62 and who have 30 or more years of pension service will receive a supplemental pension, in addition to their basic pension until they attain age 62. This supplement, when added to the basic pension, will increase their total monthly benefit to \$750.

## Other Plan Provisions

|                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, a percentage of the single life annuity (adjusted for differences in age between the Employee and spouse) will automatically be payable, with a 55% continuation to the surviving spouse after the retiree's death. The conversion factor can be found in Table 2 or Table 3 of the Plan. The survivor option may be waived only with spousal consent, and will not apply to any temporary benefits payable. |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Plan participants' contributions</b> | None                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                         |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## SCHEDULE SB ATTACHMENTS

---

### **Vested termination**

Accrued monthly pension benefit is payable in full at age 65, or reduced for early commencement after attaining age 60 with at least 10 years pension service, at the same rate as early retirement

### **Other Plan Provisions**

#### **Forms of payment**

The normal form is a single life annuity, unless married. If married, on a reduction basis, a 50% joint and surviving spouse form is automatic unless the spouse consents otherwise.

#### **Pension increases**

None

#### **Plan participants' contributions**

None

#### **Maximum of benefits and pay**

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### **Future Plan Changes**

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### **Changes in Benefits Valued Since Prior Year**

There have been no changes in benefits valued since the prior year.

## Appendix B26: Summary of plan provisions – Textron Marine and Land Systems

### Plan Provisions

**Covered employees** Non-union hourly-paid employees and all persons covered by the Collective Bargaining Agreement between Textron Marine Systems and the UAW, Local 1750 of the Textron Marine Systems Division of Textron Inc. Participants of Cadillac Gage Textron Inc. at its Cocoa, Florida Plant. All participants of Cadillac Gage Textron Inc. and Union Participants of Textron Marine Systems of Textron Inc. are inactive participants.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earned pension service prior to December 31, 1975 but after August 1, 1970, based on the service considered for vesting under the plan as in effect at that time and beginning January 1, 1976, he earns one year of service toward benefit accrual if compensated for 1,600 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,600 hours. In addition, pension service under this plan will include Years of Service for benefit accrual under the Halter Marine Services Pension Plan.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** Monthly benefit is equal to \$20.00 per year of pension service (\$15.00 for Cadillac Gage participants).

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Special early retirement for Textron Marine Systems Division of Textron Inc.** Age 60 but less than age 62, with 10 years of vesting service: Accrued normal retirement benefit, reduced actuarially from age 65. In addition, a supplement of \$96 per month (reduced by 5/9% for each month below age 62 at the time of retirement) is payable from retirement until age 62.

## Appendix B27: Summary of plan provisions – Turbine Engine Components

### ACE PROVISIONS

#### Plan Provisions

**Covered employee** All hourly paid employees at the Santa Fe Springs, California plant of Ace Industries Textron Inc.

**Participation date** An Employee participates at date of hire if employed for 1,000 hours in the first 12 months of employment.

#### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to January 1, 1985.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** Monthly benefit is equal to \$18.50 per year of pension service.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Participants under prior plan** 30 participants in the Ace Industries Inc. Retirement Income Plan (terminated as of December 31, 1984) who subsequently retire under this Plan will be guaranteed as a Plan minimum the retirement benefit that would have been computed under the terminated Ace Plan based on total service to retirement and the compensation rate in effect as of June 30, 1984, less the accrued benefit distributed as of December 31, 1984 and any benefit based on the provisions of this plan.

## AIRFOIL BLUFFTON PROVISIONS

### Plan Provisions

**Covered employee** All persons covered by the Collective Bargaining Agreement between Airfoil Textron Inc. at its Bluffton, Ohio plant and Local 1327 of the UAAAIW.

**Participation date** An Employee participates at date of hire until such time as seniority is lost.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of uninterrupted employment with Ex-Cell-O Corporation and Textron Inc. of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro-rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to April 7, 1987.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly pension benefit** Monthly benefit is equal to \$24.50 per year of pension service.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Special age 65 benefit** Retirees over age 65, or their surviving spouses receiving pensions, receive an additional monthly benefit of \$17.90.

**Monthly pre-retirement death benefits** Upon the death of a participant after 5 years of vesting service, the surviving spouse shall receive a 60% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 60, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time.

**Monthly post-retirement death benefit** The elected form of payment.

Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## SCHEDULE SB ATTACHMENTS

### Monthly pre-retirement death benefits

The surviving spouse of a participant who had, at date of death, attained at least age 50 with 15 or more years of continuous service, or who had attained at least age 55, shall receive a survivor annuity equal to 50% of the participant's Retirement Annuity Credits, reduced  $\frac{1}{2}\%$  for each year in excess of 5 years that the spouse was younger than the participant, and reduced  $\frac{1}{20}\%$  for each month of coverage after the age of 55 and after January 1, 1995.

Upon the death of a participant who does not qualify under the paragraph above, after 5 years of continuous service, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 55, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time. To provide this coverage there will be a charge to participants of  $\frac{1}{20}\%$  reduction in pension for each month the coverage is in effect after the age of 55 on and after January 1, 1995 (January 1, 1986 for deferred vested participants).

### Monthly post-retirement death benefit

The elected form of payment.

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions. |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

| <b>Vesting service</b>              | Any 12-month period commencing with September 1 or the Employee's hire date in which he is credited with at least 1,000 hours of service.                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Pension service</b>              | As of September 1, 1976, pension service for a participant was equal to continuous service with the Company to the completed month. Commencing September 1, 1976 and for each 12-month period beginning with September 1 thereafter, an Employee earns a year of pension service if earning 1,000 hours of service during such 12-month period (no partial years). Once participating, an Employee is credited with pension service retroactive to the later of: (i) date of hire; (ii) September 1, 1977 if contributions to the Plan were waived; or (iii) date of election to contribute. |
| <b>Hours of service</b>             | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Accumulated contributions</b>    | A participant's contributions to the Plan accumulated with interest at 5% per annum.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

## SCHEDULE SB ATTACHMENTS

---

### **Vested termination**

The accrued benefit is payable in full at age 65 or commencing between the ages of 55 and 65 and reduced 5/9% per month for each month of payment between 60 and 65, reduced a further 5/18% for each month of commencement before age 60. A terminated Employee may elect to receive his Accumulated Contributions in lump sum with subsequent actuarial reduction in deferred vested pension.

### **Other Plan Provisions**

#### **Forms of payment**

The normal form is a single life annuity, unless married. If married, on a reduction basis, a 50% joint and contingent spouse form is automatic unless the spouse consents otherwise.

#### **Pension increases**

None

#### **Plan participants' contributions**

None

#### **Maximum of benefits and pay**

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

### **Future Plan Changes**

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

### **Changes in Benefits Valued Since Prior Year**

There have been no changes in benefits valued since the prior year.

## FOSTORIA PROVISIONS

### Plan Provisions

**Covered employee** All persons covered by the Collective Bargaining Agreement between Airfoil Textron Inc. at its Fostoria, Ohio plant and Local 1246 of the UAAAIW.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. Hours that would have been credited while on Workers' Compensation or military leave will be included.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Monthly pension benefit** Monthly benefit is equal to \$24.00 per year of pension service effective August 1, 1994.

**Supplemental allowance** Employees who retire on or after April 1, 1989 after age 60 with 85 or more points, shall receive a temporary benefit of \$500 per month payable from age 60 to 65.

**Special age 65 benefit** Early and Normal retirees who are over age 65, and Disability retirees, or their surviving spouses receiving pensions, will receive an additional monthly benefit of \$78.20.

**Monthly pre-retirement death benefit** Upon the death of a participant after 5 years of vesting service, the surviving spouse shall receive a 60% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest benefit commencement date based on his pension service, and elected commencement of benefits under the Normal Form of Payment and died at that time.

**Monthly post-retirement death benefit** The elected form of payment.

| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                                                                |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

## LIMA PROVISIONS

### Plan Provisions

**Covered employee** All persons covered by the Collective Bargaining Agreement between Textron Inc., at its Lima, Ohio plant and Local 1211 of the UAAAIW.

**Participation date** An Employee participates at date of hire.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. Hours that would have been credited while on Workers' Compensation or military leave will be included.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65.

**Monthly pension benefit** Monthly benefit is equal to \$24.50 per year of pension service.

**Special age 65 benefit** Early and Normal retirees who are over age 65, and Disability retirees, or their surviving spouses receiving pensions, receive an additional monthly benefit of \$78.20.

**Supplemental allowance** Employees who retire on or after April 1, 1989 and after attaining age 58 with 85 or more points, shall receive a temporary benefit of \$500 per month payable until age 62.

| <b>Monthly pre-retirement death benefit</b>  | Upon the death of a participant after 5 years of vesting service, the surviving spouse shall receive a 60% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to age 55, or date of death, if later, and elected commencement of benefits under the Normal Form of Payment and died at that time. Payment commences the later of first of month following the participant's 55th birthday or first of month after death. If the participant had been age 55 or older with at least 10 years of pension service, spousal benefits will commence immediately with actuarial reduction for early commencement before age 62 (reduced from age 58, if the participant had at least 85 "points" at death). |
| <b>Monthly post-retirement death benefit</b> | The elected form of payment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

## Benefits Paid Upon the Following Events

**Normal retirement** Monthly pension benefit determined as of NRD

**Early retirement** Accrued monthly pension benefit, reduced as follows:

If not having 85 "points" (i.e., years of age plus years of service = 85 or more), benefit is adjusted in accordance with this table (pro-rated for intermediate ages):

| Age Pension Starts | Percent of Pension |
|--------------------|--------------------|
| 60                 | 86.7%              |
| 61                 | 93.3               |
| 62 or older        | 100.0              |

With 85 "points" and retiring before age 58, adjusted in accordance with this table (pro-rated for intermediate ages):

| Age Pension Starts | Percent of Pension |
|--------------------|--------------------|
| 55                 | 69.4%              |
| 56                 | 75.2               |
| 57                 | 80.8               |
| 58                 | 86.7               |

For employees retiring on or after age 58 with 85 "points", the accrued normal benefit is unreduced.

**Disablement** Full accrued monthly pension benefit under the Normal Form of Payment, plus a temporary monthly benefit equal to \$24.50 times years of pension service up to 25 years, payable until the earlier of receipt of Social Security benefits for disability, reduced Social Security benefits at age 62, or attainment of age 65

**Vested termination** Accrued monthly pension benefit is payable in full at age 65, or reduced for early commencement between the ages of 60 and 65, (between the ages of 55 and 60 with at least 85 "points"), at the rate of 6/10% per month of commencement before 65.

| <b>Vesting service</b>                       | An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Pension service</b>                       | A participant earns one year of service toward benefit accrual if compensated for 1,700 (or more) hours per calendar year, reduced pro rata to the nearest 1/10 year for less than 1,700 hours. No pension service could be earned prior to January 1, 1980.                                                                                                                                                                                                                                                                                             |
| <b>Hours of service</b>                      | Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.                                                                                                                                                                                                                                                                                                                                                 |
| <b>Normal retirement date (NRD)</b>          | First of month coinciding with or next following the attainment of age 65.                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Monthly pension benefit</b>               | Monthly benefit is equal to \$21.25 per year of pension service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Monthly pre-retirement death benefit</b>  | Upon the death of a participant after 5 years of vesting service, who has not waived coverage, the surviving spouse shall receive a 50% survivor benefit computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and died at that time. Effective January 1, 1989, participants' accrued benefits will be reduced 1/20%/month of coverage after January 1, 1989, for this pre-retirement death benefit. |
| <b>Monthly post-retirement death benefit</b> | The elected form of payment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## Appendix B28: Summary of plan provisions – Greenlee Union

### Plan Provisions

**Covered employees** Persons employed by Greenlee Textron Inc. in the bargaining unit represented by Unity Lodge No. 1553 of the IAMAW, AFL-CIO.

**Participation date** An Employee participates at date of hire until such time as seniority is lost. An employee who contributed \$2.75 per month prior to April 1, 1995 is eligible for a supplementary benefit.

### Definitions

**Vesting service** An Employee earns one year of vesting service for each calendar year of 1,000 or more hours of service, subject to a minimum of the pension service earned for that year.

**Pension service** A participant earns one year of service towards benefit accrual if earning 1,700 (or more) hours of service per calendar year. If less than 1,700 hours of service, but more than 1,299, a participant earns  $\frac{3}{4}$  year pension service; if less than 1,300 hours of service but more than 899, a participant earns  $\frac{1}{2}$  year pension service; if less than 900 hours of service but more than 449, a participant earns  $\frac{1}{4}$  year pension service; if less than 450 hours of service, no pension service earned; provided that in any year where 1,000 hours are worked, a minimum of the ratio of hours worked to 2,080, rounded to the nearest tenth, shall be granted.

**Hours of service** Such hours include all periods of time for which the Employee is paid by the Company or by a member of the Controlled Group, and also all other hours as required under Department of Labor regulations.

**Monthly accrued benefit derived from employee contributions** Accumulated employee contributions with interest at 5.0% to January 1, 1988, 120% of AFR to date of determination, plus the interest rate used to calculate lump sums under the Plan to Normal Retirement Date, divided by the Plan lump sum factor at Normal Retirement Age.

**Monthly pension benefit** Monthly benefit is equal to \$31.00 per year of pension service. Supplementary monthly benefit is equal to \$7.00 per year of pension service.

**Normal retirement date (NRD)** First of month coinciding with or next following the attainment of age 65 with 5 years of pension service

|-----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Forms of payment</b>                 | The normal form is a single life annuity, unless married. If married, the actuarial equivalent of the single life annuity will automatically be payable, with a 50% continuation to the surviving spouse after the retiree's death. Upon death of the spouse, the unreduced single life annuity will be payable to the retiree. The survivor option may be waived only with spousal consent and will not apply to any temporary benefits available. |
| <b>Pension increases</b>                | None                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Plan participants' contributions</b> | Up to 5% per annum.                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Maximum of benefits and pay</b>      | All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.                                                                                          |

## Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

## Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

**Monthly disability benefit** A monthly benefit based on the accrued benefit rate plus a monthly supplement of \$7.20 per year of pension service (maximum 25 years), payable until the earlier of age 65 or recovery, at which time the benefit is recalculated based on the normal benefit accrued at disability retirement. Disability retirement benefits will not be payable while company-paid sickness and accident benefits are being paid, and will be reduced each month (not below \$0) for payments under any workers' compensation or occupational disease law to which the retiree is entitled.

**Monthly preretirement death benefit** Monthly preretirement death benefit payable on behalf of an active employee is computed as if the participant had terminated employment at date of death (if not prior), survived to the earliest retirement age, and elected commencement of benefits under the Normal Form of Payment and at that time died. Coverage can be waived with spousal consent.

### Eligibility for Benefits

| 64                 | 93.3               |

## Pre-retirement death

A terminee entitled to a Termination Benefit will be charged for this coverage at the rate of 1/40 of 1% reduction for each month after termination of employment and before age 50 and 1/20 of 1% for each month of coverage thereafter until age 55.

## Other Plan Provisions

### Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. If married, 95% of the single life annuity will automatically be payable, further adjusted if spouse is more than 5 years younger or older, with a 55% continuation to the surviving spouse after the retiree's death. The survivor option may be waived only with spousal consent. If the spouse predeceases the retiree, the benefit increases to the single life annuity. Disability and deferred vested employees in payment status, if married, will receive an actuarially reduced pension in order to provide a 50% continuation of benefits to the surviving spouse.

### Pension Increases

None

### Plan participants' contributions

None

### Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

## Schedule SB, Line 25 Change in Method

The decrement timing used in the valuation was changed to rounded middle of year. Under rounded middle of year decrement timing, all decrements are assumed to occur at the middle of the year and eligibility for benefits, commencement and cessation of benefits, and other events are assumed to occur at the middle of the year. The change in funding method meets the parameters for automatic approval of software changes under IRS Rev. Proc. 2017-56.
