Dresser, LLC Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Dresser, LLC Savings Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering union employees of Dresser LLC (the Company), formerly Dresser, Inc., an affiliate of Baker Hughes, a GE company, LLC, who have completed three months of service as an eligible union employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective November 2018, Baker Hughes sold off the remaining divisions of Dresser LLC. There are no longer any employees that are eligible for participation or participating in the Plan per the Plans eligibility rules.

Plan Administration

The Plan is administered by the Baker Hughes Company Administrative Committee (the Committee). The assets of the Plan are maintained under the custody of Vanguard Fiduciary Trust Company (Vanguard), who is the trustee, custodian and recordkeeper of the Plan. The Committee selects and monitors outside investment managers to conduct buying and selling for investment options made available to participants.

Contributions

Each year, participants can contribute up to 75 percent of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after tax contributions or to a Roth 401(k) option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation, increasing annually by 1 percent until reaching 4 percent, and their contributions invested in a designated balanced fund until changed by the participant.

Participants who complete five years of service or more, or participants with less than five years of service who have elected to cease accruing pension benefits under a defined benefit plan, are eligible to receive Company matching contributions under the Plan. These contributions are equal to 100 percent of the amount contributed by the participant, up to 4 percent of the participant's eligible compensation for the period. Participants with less the five years of service who elected to cease accruing pension benefits will receive a 100 percent matching contribution up to 2 percent of their eligible compensation. After completing five years of service, these participants will receive 100 percent matching contributions up to 4 percent of their eligible compensation.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) Plan earnings, which are net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. Matching contributions are 25 percent vested with two years of service, with a 25 percent increase each year until the participant becomes fully vested. A participant is 100 percent vested in matching contributions after five years of credited service.

Participants impacted by reductions in force or plant closures during the year are 100 percent vested, to the extent required by law.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance less their highest outstanding loan balance from all plans maintained by the Company and its affiliates during the past 12 months. The loans are secured by the remaining balance in the participant's account and bear interest at the prime rate of interest in effect as of the last business day before the loan is requested, plus 1 percent. Principal and interest are paid ratably through payroll deductions, personal check or other methods as may be required.

Payment of Benefits

Participants' withdrawals are permitted under the Plan subject to certain restrictions. Participants are allowed to withdraw all or a portion of their after-tax and rollover contributions. Participants who are at least age 59 ½ are allowed to withdraw their entire vested account balance. All distributions are made in lump sum amounts up to the value of the participant's vested interest in his or her account.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan sponsor. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company has elected to early adopt this ASU; however, it did not have a material effect on the Plan's financial statements.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through September 17, 2020, the date the financial statements were available to be issued.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, investment income (loss), and interest income on notes receivable from participants for the years ended December 31, 2019 and 2018, was obtained or derived from information provided to Plan management and certified as complete and accurate by Vanguard, the trustee of the Plan.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment company shares: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Stable value fund: Valued at the NAV of the shares held by the Plan at year-end, which is based on the fair value underlying investments using information reported by the investment advisor at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	2019	2018
Level 1:		
Registered investment companies	$ 24,084,156	$ 27,604,544
Total assets in the fair value hierarchy	24,084,156	27,604,544
Investments measured at net asset value:		
Stable value fund/collective investment trusts	4,182,066	4,395,988
Investments at fair value	$ 28,266,222	$ 32,000,532

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively:

	2019	2018
Stable value fund		
Fair value	$ 3,503,009	$ 3,714,381
Unfunded commitment	None	None
Redemption frequency	Daily	Daily
Other redemption restrictions	None	None
Redemption notice period	12 months	12 months
Collective investment trusts		
Fair value	$ 679,057	$ 681,607
Unfunded commitment	None	None
Redemption frequency	Daily	Daily
Other redemption restrictions	None	None
Redemption notice period	None	None

Note 5. Stable Value Fund

The Plan invests in units of a stable value fund, which consists primarily of synthetic contracts (backed primarily by Vanguard fixed income funds), traditional investment contracts issued by insurance companies and banks, and cash (money market fund). All investment contracts held by the stable value fund are fully benefit responsive, which means that withdrawals from these investment contracts are required to be made at contract value for qualifying benefit payments, including participant-directed transfers. Investment contracts are carried at contract value in the aggregate, which consists of the fair value of the underlying portfolio, accrued interest on the underlying portfolio assets, the fair value of the contract, and adjustment to contract value. The investment contracts cannot credit an interest rate that is less than zero percent. The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. The net value of the stable value fund is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net asset of the stable value fund. Units of the fund are issued and redeemed at the current net asset value.

Certain events may limit the ability of the Plan to transact at contract value or may allow for the termination of the Wrapper Contracts at less than contract value, including the following: (i) amendments to the Plan documents or Plan's administration, including plan merger or termination; (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (iv) unless made in accordance with the withdrawal provisions of the Plan, the withdrawal from the wrap contract at the direction of the plan sponsor; (v) any change in law, regulation, ruling, administrative or judicial position or accounting requirement, in any case applicable to the Plan or stable value investment, and (vi) the delivery of any communication to plan participants designed to influence a participant not to invest in the fund. The Plan Sponsor believes that the occurrence of the events that may limit the ability of the Plan to transact at less than contract value is not probable.

Note 6. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of registered investment companies and a stable value fund provided through Vanguard. Vanguard is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's interest will be payable in full according to Plan provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Note 8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 13, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the years ended December 31, 2019 and 2018, to Form 5500:

Note 11. Subsequent Events

COVID-19

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The extent of the operational and financial impact the COVID-19 pandemic may have on the Plan Sponsor has yet to be determined and is dependent on its duration and spread, any related operational restrictions and the overall economy. The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of its operations or the Plan because the virus's severity and the duration of the pandemic are uncertain. Potential impacts include, but are not limited to, additional costs for responding to COVID-19, potential shortages of personnel, delays, loss of, or reduction to revenue and overall market decline. Management believes the Plan Sponsor is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted into law. The CARES Act includes provisions that provide for changes to retirement plans. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.
