Independent Auditors' Report

To the Trustees and Participants in the
Branford Group 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Branford Group 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Branford Group 401(k) Plan (the "Plan") for eligible employees of Branford Group provides only general information. Participants should refer to the Plan document and subsequent amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Branford Chain, Inc. ("Branford") and the subsidiaries of Branford, including employees of Dreyfus-Cortney, Inc. ("Dreyfus"), Washington Chain & Supply, Inc. ("Washington"), and Lister Chain & Forge, Inc. ("Lister") (collectively, the “Employer” or the “Plan Sponsor”) who have completed three months of service, with the exception of one year of service with 1,000 hours and 18 years of age for Lister union employees. On May 31, 2019, the collective bargaining agreement between Lister and the Union (as defined below) expired resulting in the Lister Union employees no longer qualifying for the terms of the Plan document that were specifically for Lister Union employees.

In July 2010, E-Mon, LLC (“E-Mon”), a previously owned subsidiary of Branford, was sold to Honeywell International, Inc. (“Honeywell”). As a result, E-Mon employees are no longer contributing into or requesting loans from the Plan. Account balances of E-Mon participants who became employees of Honeywell are available for distribution. The amounts distributed may be rolled over directly into the 401(k) plan of Honeywell or into an IRA. As of December 31, 2019 and 2018, there are E-Mon employees that have remaining participant account balances.

Effective December 31, 2012, American Condenser and Coil, LLC (“ACC”) no longer participates in the Plan. As a result, ACC employees are no longer contributing into or requesting loans from the Plan. Account balances of ACC participants are available for distribution and may be rolled over directly into the new plan ACC has established separately for its employees. ACC’s new plan was approved and adopted effective January 15, 2013. This company ceased operations in December of 2012. As of December 31, 2019 and 2018, there are ACC employees that have remaining participant account balances.

Fidelity Management Trust Company (the “Trustee”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Salary Deferral - Each year, participants may elect a deferral up to 50% of pre-tax compensation, as defined in the Plan document, up to the 401(k) deferral limit.

For the 2019 and 2018 Plan years, the 401(k) deferral limit was $19,000 and $18,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution permitted for 2019 and 2018 was $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Safe Harbor Matching Contributions - The Employer makes matching contributions on behalf of qualifying non-union contributing participants on the following basis: An amount equal to 100% of the first 3% of any active participant’s compensation contributed to the Plan and 50% of the next 2% of the active participant’s compensation contributed to the Plan, subject to maximums set by the Department of Treasury. The total matching contribution percentage on behalf of any contributing participant may not exceed 4% of compensation.

1. Description of the Plan (continued)

Employer Profit Sharing Contributions - For purposes of participants participating in the profit sharing feature, the Plan requires one year of service for eligibility purposes. Participants will be credited with one year of service for each twelve-month period during which they have completed 1,000 hours of service.

Lister makes profit sharing contributions on behalf of the employees who are members of United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union ("Union") and are eligible to participate in the Plan on the following basis: An amount equal to 3% of such employee's base hourly rate for all hours worked. This provision is consistent with the terms of the Collective Bargaining Agreement concluded between Lister and the Union on June 1, 2014 and renewed June 1, 2016. This agreement expired on May 31, 2019 and has not been renewed.

Except for Lister, in 2011, the Boards of Directors voted to suspend the profit sharing contributions for Branford, Dreyfus, Washington, E-Mon and ACC.

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, Plan earnings, and charged with an allocation of Plan losses, withdrawals and administrative expenses. Allocations are based on participant earnings, account balances, or as defined in the Plan document. Refer to Note 2 for information on investment transactions and income recognition on individual participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Money market and mutual funds are available as investment options for participants' salary deferrals, Employer safe harbor and profit sharing contributions, and rollovers.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contribution account plus actual earnings thereon. Non-elective employer contributions, additional matching employer contributions and any earnings thereon vest at 20% each year, and are fully vested after 5 years of service. For Lister union employees, employer profit sharing contributions and any earnings thereon vest at 25% each year beginning after two years of service, and are fully vested after five years of service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiaries, may elect to receive a lump-sum amount equal to the value of the participant's account balance with full vested rights. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

1. Description of the Plan (continued)

Forfeitures

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested are generally used first to pay administrative expenses and second, to reduce Employer contributions. At December 31, 2019 and 2018, the Plan had $9,673 and $4,668, respectively, of forfeitures that had not been used to pay administrative expenses or applied to reduce the Employer's contributions. For the 2019 and 2018 Plan years, the Plan used $875 and $875, respectively, from forfeited nonvested participant accounts to pay for administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), and are stated in United States Dollars. The following is a summary of the significant accounting policies used in preparing the financial statements:

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2019 and 2018.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. The financial statements include the delinquent loan balances until specifically written off. Form 5500 reflects delinquent loans as distributions. See Note 9 for the reconciliation of the Plan's financial statements to Form 5500. Included in the benefit payments to participants are discharged loans amounting to $0 and $3,288 for the years ended December 31, 2019 and 2018, respectively.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants and Withdrawals (continued)

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1 to 5 years, unless the loan is for the purchase of a primary residence. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time the loan is approved. Principal and interest is paid ratably through payroll deductions.

Participants may also obtain a cash withdrawal of all or a portion of the value of their vested contributions including rollover contributions on the basis of hardship as permitted under the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of its investments includes the realized gains or losses and the unrealized appreciation or depreciation on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or depreciation in fair value of investments.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, "Fair Value Measurement: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement" ("ASU 2018-13"). ASU 2018-13 amends ASC Topic 820, Fair Value Measurement by eliminating, amending and adding certain disclosure requirements related to fair value measurements, including certain changes to Level 3 fair value measurement disclosures and is applicable to all entities that are required under US GAAP to disclose recurring and nonrecurring fair value measurements. ASU 2018-13 is effective for all reporting periods beginning after December 15, 2019, though early adoption is permitted for any eliminated or modified disclosure requirements. The Plan Sponsor is currently evaluating the potential impact of this guidance on the Plan's financial statements, but it is not expected to have a material impact to the Plan's net assets available for benefits because it mainly relates to disclosures.

3. Information Certified by the Plan's Trustee

Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

In accordance with the authoritative guidance on fair value measurements and disclosures under US GAAP, the Plan follows a standard that establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels are defined as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

> **Money market and mutual funds** are valued at the daily closing price as reported by the fund. The money market fund held by the Plan is interest-bearing and is valued at $1.00 per share. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Participant-directed investments, at fair value				
Money market fund	$ 896,130	$ -	$ -	$ 896,130
Mutual funds	7,809,315	-	-	7,809,315
Total investments at fair value	$ 8,705,445	$ -	$ -	$ 8,705,445

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Participant-directed investments, at fair value				
Money market fund	$ 888,993	$ -	$ -	$ 888,993
Mutual funds	5,888,745	-	-	5,888,745
Total investments at fair value	$ 6,777,738	$ -	$ -	$ 6,777,738

5. Exempt Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. ("Fidelity"). As defined by the Plan document, the Trustee is an affiliate of Fidelity and, therefore, these transactions qualify as exempt party-in-interest transactions.

In addition, fees paid by the Plan to Fidelity for recordkeeping services amounted to $6,049 for the year ended December 31, 2019, and are included as administrative expenses on the statement of changes in net assets available for benefits.

6. Federal Income Tax Status

The Plan obtained its latest determination letter dated March 31, 2014 from the Internal Revenue Service ("IRS") stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRS. The Plan is currently maintained on a volume submitter plan which has received an opinion letter from the IRS, stating that the form of the Plan, is qualified under section 401(a) of the Internal Revenue Code ("IRC"), and therefore the related trust is tax exempt. In accordance with applicable Revenue Procedures, Plan management has determined it is eligible and has chosen to rely on the current IRS volume submitter plan opinion letter.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan as currently designed and operated is in compliance with the applicable requirements of the IRC and the Plan and the related trust continue to be tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. These investments in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 8,893,984	$ 7,067,122
Deemed distributions of participant loans	-	(3,956)
Net assets available for benefits per Form 5500	$ 8,893,984	$ 7,063,166

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2019 to the Form 5500:

Change in net assets available for benefits per the financial statements	$ 1,826,862
Net change in deemed distributions of participant loans	3,956
Change in net assets available for benefits per Form 5500	$ 1,830,818

10. Delinquent Participant Contributions

During 2019 and 2018, the Plan was untimely in remitting certain 2019 and 2018 participant contributions (including loans) totaling $69,487 and $53,776, respectively. All of these late remittances were eventually remitted during 2019 and 2018, respectively, and lost earnings related to these items have been calculated and remitted to the Plan during 2020 and 2019, as applicable. Late remittances of participant contributions constitute a prohibited transaction, regardless of materiality.

During 2019, the Plan Sponsor identified an error that spanned several years and was caused by certain compensation that was not included in calculating non-union Lister employee deferral contributions as well as in the calculation of their Employer match contributions. Immediately following the identification of the incorrect definition of compensation related to certain non-union Lister employees, the Plan Sponsor calculated and deposited into the Plan corrective contributions of $25,968 and $44,915 as the respective employee and employer contributions owed to the Plan for the participants affected. At the request of the Plan Sponsor, the Trustee calculated lost earnings related to these corrective contributions using the actual rates of return to the extent available, which amounted to $29,255. This amount was deposited into the Plan during 2019 to make the participants whole. Late remittances of participant contributions constitute a prohibited transaction, regardless of materiality. The total of these amounts was included in employer contributions receivable on the statement of net assets available for benefits at December 31, 2018.

11. Subsequent Events

The Plan's management has evaluated the period from January 1, 2020 to September 25, 2020, the date the financial statements were available to be issued, for subsequent events requiring recognition or disclosure in the financial statements.

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the statements of net assets available for benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

The Plan has implemented certain requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020, provides certain relief options for plan sponsors and participants who meet the eligibility criteria. Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. The Plan Sponsor has elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or $100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period as permitted under the CARES Act.

There were no other material subsequent events identified during this period.
