Notes to the Financial Statements

December 31, 2019 and 2018

(1) Description of plan

The following description of the CHS/Community Health Systems, Inc. Standard 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. CHS/Community Health Systems, Inc. and Subsidiaries (the "Company"), a wholly-owned subsidiary of Community Health Systems, Inc. ("CHS"), is the sponsor of the Plan ("Plan Sponsor").

(a) General

The Plan is a defined contribution plan and covers substantially all salaried employees who have three months of service ("participants") and are employees of certain subsidiaries of the Company. Participants who transferred to the Plan from the Mat-Su Regional Medical Center 401(k) Plan (the "Mat-Su Plan") are eligible to make deferrals and eligible for the employer match after six months of service (the "Mat-Su Participants"). There is no age requirement in order to participate in the Plan. Employees who are not eligible to participate in the Plan include residents of Puerto Rico, certain non-resident aliens, leased employees and employees who are eligible to participate in other retirement plans maintained by the Company that are intended to be qualified under Internal Revenue Code (the "Code") Section 401(a) that also provide for a cash-or-deferred arrangement or contain a qualified Roth contribution arrangement. The Retirement Committee, which consists of members approved by the Board of Directors of the Company (the "Administrator"), controls and manages the operation and administration of the Plan. Principal Trust Company serves as the trustee of the Plan and holds, invests and administers the trust assets and contributions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

When the Company acquires or divests of hospitals or other businesses, the employees of those entities either become eligible or are no longer eligible to participate in the Plan. Depending on the terms of the acquisition or divestiture, the Plan may accept participant rollovers (in the case of acquisitions) or distribute participant assets (in the case of divestitures).

On May 1, 2017, one or more subsidiaries of CHS completed the divestiture of eight hospitals to Steward Health Care, LLC ("Steward"), a privately held company. Employer matching contributions, which related to the 2017 Plan year, totaling \$211,924 were made to the Plan during 2018. These matching contributions were subsequently transferred to the Steward plans.

Notes to the Financial Statements

December 31, 2019 and 2018

Effective October 29, 2018, the Plan Sponsor elected to merge all of the net assets from the the CHS/Community Health Systems, Inc. Spokane 401(k) Plan (the "Spokane Plan") into the Plan. Participant account balances totaling \$15,445,273 were transferred to the Plan on October 30, 2018. The net assets transferred were recognized in the participants' accounts of the Plan as previously carried in the accounts of the Spokane Plan. Participants who transferred to the Plan from the Spokane Plan (the "Spokane Participants") are not eligible to make deferrals, are not eligible for the employer match, are 100% vested in their account balances, and are only eligible to take distributions.

The Company and Principal Trust Company executed a master trust agreement (the "Master Trust") whereby all of the Plan's investments are included in the Master Trust. The Master Trust, which includes five participating plans of the Company, provides for pooling and commingling of assets, solely for investment purposes, and facilitates the investment of such assets on a diversified basis. The four affiliated plans included in the Master Trust are the CHS/Community Health Systems, Inc. Retirement Savings Plan (the "CHS RSP Plan"), the Mat-Su Plan, the Spokane Plan, and the Health Management Associates, LLC Retirement Savings Plan (the "HMA Plan"). On June 20, 2019, the HMA Plan terminated and all remaining assets were transferred to the CHS RSP Plan. Underlying investments of the HMA Plan remained in the Master Trust through the CHS RSP Plan.

(b) Contributions

Each year, participants may contribute up to 50% of compensation, not to exceed the maximum amount as determined by the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for an employer matching contribution for most participants in an amount equal to 100% of the first 1% and 50% of the next 5% of eligible employee contributions. The Plan provides for an employer matching contribution for Mat-Su Participants in an amount equal to 50% of the first 3% of eligible employee contributions. The Company also contributed a discretionary amount equal to 5.5% of total compensation for certain eligible Mat-Su Participants for the years ended December 31, 2019 and 2018. Additional amounts may be contributed at the discretion of the Company, however, none were made for the years ended December 31, 2019 and 2018 except those for the Mat-Su Participants. Plan Sponsor contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Company contributions, investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements

December 31, 2019 and 2018

(d) Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan are invested by Principal Trust Company according to the participant's instructions in one or a combination of several fund options. Participants may change their investment elections or initiate transfers between funds by giving notice to Principal Trust Company. The Plan currently offers a variety of mutual funds, pooled separate accounts, collective investment trusts and the CHS Stable Value Fund as investment options for participants.

(e) Vesting

Participants are vested immediately in their participant contributions, plus actual earnings thereon. Vesting in Company matching and discretionary contributions is based on years of service. Termination of participation in the Plan prior to the scheduled vesting period for a reason other than death, disability or retirement results in forfeiture of the unvested portion of the participant's account balance. Vesting is according to the terms of the collective bargaining agreement in place at each participating location and follows either a two-year cliff, whereby participants become 100% vested in Company matching and discretionary contributions after two years of service, or a five-year graded schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Mat-Su Participants become fully vested in Company matching and discretionary contributions after two years of service. Spokane Participants are fully vested in their account balances.

(f) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at fixed rates ranging from 3.25% to 6.50%, which was commensurate with local prevailing rates as determined by the plan administrator at the time the loan was taken. Principal and interest are collected ratably through payroll deductions.

Notes to the Financial Statements

December 31, 2019 and 2018

(g) Payment of benefits

Distributions from the Plan are permitted upon a participant's death, disability or retirement. In addition, certain payments are permitted if a participant terminates employment for any other reason. On termination of service, if a participant's vested account balance exceeds \$5,000, the participant may generally elect to receive a single, lump-sum payment or installments over a period of time not to exceed the participant's assumed life expectancy. Account balances that do not exceed \$5,000 generally may only be distributed as a lump-sum payment. In-service withdrawals are available for a participant upon attainment of age 59½.

(h) Forfeited accounts

Any portion of Plan forfeitures not allocated in the Plan year in which they are forfeited ("Forfeiture Year") may be allocated in the following Plan year to pay Plan expenses or to offset the Company contributions for the Forfeiture Year. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$25,316 and \$9,895, respectively. The 2019 and 2018 forfeited non-vested accounts were utilized to reduce the Company contributions during 2020 and 2019, respectively.

(i) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(j) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, transaction expenses, recordkeeping and investment management services are charged directly to the participant's account and are included in administrative expenses.

(k) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of any full or partial plan termination, all amounts credited to the account of any affected participant will become 100% vested and nonforfeitable and any amounts forfeited during the applicable period with respect to any affected participant will be reinstated. The Retirement Committee reviews Company divestitures and other relevant information from time to time, as appropriate, in connection with partial plan termination matters.

Notes to the Financial Statements

December 31, 2019 and 2018

During 2018, it was determined that a partial plan termination had occurred for the 2016, 2017 and 2018 plan years. All amounts credited to the account of any participant who experienced severance from the Company for any reason other than as a result of the Steward or Quorum Health Corporation transactions became 100% vested. This resulted in funding by the Company during 2018 in the amount of \$71,509 to restore previously forfeited amounts. During 2019, it was determined that a partial plan termination had occurred for the 2019 plan year. No further funding was required as a result of the 2019 partial plan termination.

(2) Summary of significant accounting policies

(a) Recently adopted accounting standard

In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting (a consensus of the Emerging Issues Task Force)"* ("ASU 2017-06"). ASU 2017-06 removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trust's balances in each general type of investments. ASU 2017-06 is effective for fiscal years beginning after December 15, 2018, with retrospective application to all periods presented. Early adoption is permitted. The Plan Sponsor adopted ASU 2017-06 as of December 31, 2019, and has applied the provisions retrospectively as presented in Note 5. There were no impacts on the statements of net assets available for benefits or the statements of changes in net assets available for benefits as of and for the years ended December 31, 2019 and 2018.

(b) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(c) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by its third-party investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes to the Financial Statements

December 31, 2019 and 2018

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Transfers

The Company sponsors other defined contribution plans in which participants of this Plan may become eligible participants. Similarly, participants in the other Company defined contribution plans may become eligible to participate in this Plan. In such situations, the employees' respective participant accounts are transferred to or from these other plans sponsored by the Company. These transactions are included in transfers into or out of the Plan in the statements of changes in net assets available for benefits.

(g) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(h) Events occurring after the reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2019 and September 21, 2020, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by Principal Trust Company

The following information was certified as complete and accurate by Principal Trust Company, as of and for the years ended December 31, 2019 and 2018.

Notes to the Financial Statements

(4) Fair value measurements

The FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- (i) *Contingent value rights ("CVRs")*: Valued based on quoted prices in an active market. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

Notes to the Financial Statements

December 31, 2019 and 2018

The CVR entitled the holder to receive a cash payment of up to \$1.00 per CVR (subject to downward adjustment but not below zero), subject to the final resolution of certain legal matters pertaining to Health Management Associates, Inc. ("HMA"), which was acquired through a merger agreement with one or more subsidiaries of the Company on January 27, 2014, as defined in the CVR agreement. The CVR was listed on the NASDAQ (ticker: CYHHZ) and the valuation at December 31, 2018 was based on the quoted trading price for the CVR on the last day of the period. For further discussion on the CVR and the management of the legal matters assumed in the HMA merger, see the CHS Annual Report on Form 10-K for the year ended December 31, 2018, filed with the Securities and Exchange Commission ("SEC") on February 21, 2019. The CVRs were delisted effective January 11, 2019. For further information about the cancellation and delisting of the CVRs, see the CHS Current Report on Form 8-K filed with the SEC on January 11, 2019.

- (ii) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Master Trust in Note 5.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments.

(5) Interest in Master Trust

All of the Plan's investments are included in the Master Trust which was established for the investment of assets of the Plan and other related benefit plans. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Principal Trust Company. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

Total investment gain (loss)	<u>\$ 746,671,213</u>	<u>\$ (249,437,429)</u>

(6) Income tax status

The Plan obtained a favorable determination letter on August 4, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and is, therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements

December 31, 2019 and 2018

(7) Related party and party-in-interest transactions

Certain investments are managed by Principal Trust Company. Therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to the Form 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Change in net assets available for benefits per the financial statements	\$ 14,769,623	\$ 4,664,122

Change in net assets available for benefits per the Form 5500	<u>\$ 15,425,721</u>	<u>\$ (9,074,693)</u>

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(10) Subsequent events (unaudited)

During 2020, it was determined that a partial plan termination had occurred for the 2020 plan year. All amounts credited to the account of any participant who experiences severance from the Company during 2020 will be 100% vested.

Notes to the Financial Statements

December 31, 2019 and 2018

As of the date this report was available to be issued, the United States, as well as many other countries around the world, was experiencing an emerging infectious disease ("COVID-19") outbreak impacting individuals, governments, businesses, and financial markets with unprecedented disruption and risk. In connection with COVID-19, the Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend minimum required distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
