SAMBA Holdings, Inc. 401(k) Plan

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the SAMBA Holdings, Inc. 401(k) Plan (the "Plan"), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective October 1, 2015, most recently amended effective July 13, 2018, and is for the benefit of employees of SAMBA Holdings, Inc. (the "Company").

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Custodians and Administration of the Plan

Transamerica Life Insurance Company ("Transamerica") is the issuer of the fully benefit-responsive investment contract and is the record-keeper of the Plan. Reliance Trust Company ("Reliance") serves as custodian of the Plan. Reliance Trust Company has a service agent agreement with Transamerica whereby Reliance has designated Transamerica as its agent for the performance of certain services. Transamerica (the "Agent for the Custodian") and Reliance (the "Custodian") hold all assets of the Plan in accordance with the service and custodial agreements with the Company. The administrator and sponsor of the Plan is the Company. The Company and investment advisor determine the appropriateness of the investment offerings and monitor investment performance.

Eligibility

After completing two months of service, as defined, and attainment of age 21, each employee shall become an eligible participant. All eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 3%, unless the employee makes an affirmative election to contribute another percentage or opt-out from contributing to the Plan. Entry dates are the first day of each month coinciding with or after meeting the eligibility requirements. Union employees and non-resident aliens are not eligible to participate in the Plan.

Contributions

Eligible participants can contribute to the Plan on a pre-tax or after-tax (Roth) basis up to 100% of their qualifying annual compensation, subject to certain IRC limitations ($19,000 in 2019). The Plan also allows catch-up contributions for participants age 50 and over based on IRC limitations ($6,000 in 2019). Participants can terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

The Company may contribute a discretionary employer matching contribution of up to a percentage of pay as determined by the Company. The Company may make an additional discretionary employer profit sharing contribution to be determined by the Company. To be eligible for the discretionary employer matching and profit sharing contributions, participants must be employed on the last day of the year and have 1,000 hours of service within that plan year. The Company elected to contribute a discretionary employer matching contribution of 50% of participant deferrals, up to 6% of eligible compensation for the year ended December 31, 2019. The Company did not elect to make an additional discretionary employer profit sharing contribution for the year ended December 31, 2019.

Rollover contributions to the Plan can also be made from other qualified plans if certain criteria is met.

Participants' Accounts

Participants' accounts are credited with participant salary deferral (pre-tax, catch-up and Roth) contributions, rollover contributions, discretionary employer matching contributions, and discretionary employer profit sharing contributions and an allocation of plan earnings or losses. Participants can direct the investment of their account balances into various investment options offered by the Plan. The Plan offers a menu of registered investment companies and a guaranteed investment contract. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately 100% vested in their employee salary deferral contributions and rollover contributions and the allocated earnings thereon. A participant's vested interest in the discretionary employer matching contributions and discretionary employer profit sharing contributions is based upon the participant's completed years of service, as defined in the Plan Document, as follows:

Years of Service	*Vesting Percentage*
Less than 1	0%
1	33%
2	66%
3 or more	100%

Participants become fully vested upon death or disability (as defined), upon reaching normal retirement age (65) or upon termination of the Plan.

Forfeitures

The amount of any non-vested forfeitures attributed to a participant's break in service, as specified by the Plan Document, may be used to pay plan expenses or reduce employer contributions. Forfeitures were de minimis as of December 31, 2019 and 2018, respectively. For the 2019 plan year, $24,610 of forfeitures were used to offset employer contributions.

Payment of Benefits

Upon termination or separation of service, death, attainment of normal retirement age, or disability, as defined, participants can elect to receive their benefit payment in the form of a lump-sum amount, substantially equal installments or partial withdrawals equal to the vested portion of the participant's account or remain in the Plan if their vested account balance had a minimum of $5,000. A participant can also roll over the amount to another qualified retirement plan or individual retirement account. Balances less than $5,000 are subject to mandatory distribution as further described in the Plan Document. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

An employee may borrow a minimum of $1,000 up to the lesser of: 1) $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made; or 2) one-half of the participant's vested account balance. Participants may not have more than one note outstanding at any time. The maximum note term is five years, except for a primary residence loan which is fifteen years. The notes are secured by the participant's account balance and bear interest based on the rates available for similar loans from commercial lending institutions. Interest is fixed for the term of the note. Participant notes held by the Plan bear an interest rate of 4.50% to 6.50% at December 31, 2019.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to terminate the Plan, subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as further described in Note 3, *Fair Value Measurements and Disclosures*, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator and investment advisor determine the Plan's valuation policies utilizing information provided by Reliance and Transamerica.

Interest income is recorded as earned on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and capital gains reinvested.

Accounting for Fully Benefit-Responsive Investment Contract with Insurance Company

The Plan entered into the Stable Value Core Option with Transamerica Life Insurance Company, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest earned, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0% and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset semi-annually. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. Liquidation or transfer of the contract could result in a redemption period of up to 12 months. Management of the Plan believes none of the events noted above are probable.

Contributions and Excess Contributions Payable

Participant contributions and discretionary employer matching contributions are recognized in the period during which the Company made the respective payroll deduction from the participant's compensation. Discretionary employer profit sharing contributions are recognized in the plan year to which the participant's compensation relates.

Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments are recorded when paid to participants. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant distributions, the administration of notes receivable from participants and an allocation of record-keeping fees are charged directly to the participant's account and are included in administrative expenses. Certain additional investment fees (in the form of an expense ratio) may also be netted with investment earnings or losses.

3. FAIR VALUE MEASUREMENTS AND DISCLOSURES

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund or security. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methodologies described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers in or out of levels during the plan year.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of:

December 31, 2019	Level 1	Level 2	Level 3	Total
Registered Investment Companies	**$ 5,691,292**	**$ -**	**$ -**	**$ 5,691,292**
Total investments at fair value	**$ 5,691,292**	**$ -**	**$ -**	**$ 5,691,292**

December 31, 2018	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 3,651,586	$ -	$ -	$ 3,651,586

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN AND AGENT FOR THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance and Transamerica (acting as agent for Reliance) have certified that the following information related to the 2019 and 2018 plan year, respectively, included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Net investment income and interest earned on notes receivable from participants as reported in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2019;
- Investment information as reported in the Notes to Financial Statements;
- Investment information included in the Supplemental Schedule of Assets (Held at End of Year) – As of December 31, 2019.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Transamerica is the issuer of the fully benefit-responsive investment contract and manages one of the mutual funds held by the Plan. Administrative fees of $36,337 were paid from the Plan to Transamerica during the year ended December 31, 2019. Transamerica may receive certain other indirect fees from mutual fund companies held in the Plan. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. RISKS AND UNCERTAINTIES

The Plan provides for various investments in registered investment companies and a fully benefit-responsive investment contract. Investments, in general, are exposed to various risks, such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. INCOME TAX STATUS

The Company adopted a Volume Submitter Plan Document on October 1, 2015 for which an opinion letter was obtained from the Internal Revenue Service ("IRS") dated March 31, 2014 indicating the Volume Submitter Plan Document was designed in accordance with applicable sections of the IRC. The Plan has been amended since the adoption; however; the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2019 and 2018, the Company erroneously failed to timely remit certain employee contributions to the Plan. The Company will fund the lost earnings to the Plan as soon as administratively possible. See the accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2019.

9. RECONCILIATION TO FORM 5500

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the supplemental Schedule of Assets (Held at End of Year) they are shown as investments, as required. Refunds of excess contributions are shown as a reduction of contributions in the accompanying financial statements. The Form 5500 presents these refunds as corrective distributions.

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 25, 2020, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements, other than noted below.

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization ("WHO"). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act and will subsequently amend the Plan to incorporate these provisions.

During the second quarter of 2020, the Company elected to suspend the discretionary employer matching contribution for the remainder of the plan year.
