1. Description of Plan

The following brief description of the Leeward Management Services, LLC 401(k) Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan commenced on January 1, 2010. The Plan is a defined contribution plan covering all non-union employees of Leeward Management Services, LLC (the Company), who are age eighteen or older. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute from 1% to 90% of pretax annual compensation up to the maximum amount allowed by the Internal Revenue Code, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans, subject to the rules of the Plan. The Plan has an automatic enrollment feature whereby participants will automatically be enrolled into the Plan unless they opt out. The Company has the option of making matching contributions and discretionary profit sharing contributions. The Company is not required to make these contributions. Contributions are subject to certain limitations. Effective January 1, 2017, the Plan adopted a safe harbor matching feature which limits the employer match to a maximum of 4% of compensation deferred. The formula is 100% of the first 1% of the eligible Participant's Compensation deferred and 50% of the next 5% of the eligible Participant's Compensation deferred.

C. Participants' Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in any employer matching and non-matching contributions.

E. Forfeited Accounts

There were no forfeitures of non-vested accounts for the years ended December 31, 2019 and 2018. There were no balances in the forfeiture account at December 31, 2019 and 2018 and no forfeitures were used to reduce employer contributions or pay plan expenses for the years ended December 31, 2019 and 2018.

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or fifty (50) percent of their vested interest. Loan terms range to a maximum of five (5) years (the term may be extended for acquisition of a principal residence); however, the term of any loan may not extend beyond the participant's normal retirement date, as defined in the Plan. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deduction. Interest rates for these loans are generally fixed at 1% above the prime rate.

G. Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or installments over a specific number of years, as defined in the Plan. In service withdrawals may be permitted after attaining age 59 1/2, or in the event of an immediate financial hardship, as defined in the Plan. Hardship withdrawals are subject to certain restrictions.

2. Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net Appreciation (Depreciation) on Investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Common/Collective Trusts

The Plan has an investment, the GS Stable Value PR 1 Fund, in a common/collective trust. Common collective trust funds are comprised of shares or units in commingled funds that are not publicly traded. The underlying assets in these funds are primarily publicly traded equity securities, fixed income securities, and commodity related securities and are valued at their NAV, as a practical expedient, that is calculated by the investment manager or sponsor of the fund and have varying liquidity, redemption period notices and other restrictions. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company.

3. Funding Policy

This Plan is funded by participating employees who make elective contributions to the Plan, pursuant to the Internal Revenue Code Section 401(k). The Plan may also be funded through discretionary employer contributions and safe harbor matching contributions. Employer contributions for the year ended December 31, 2019 were $328,867.

4. Information Prepared by Certified Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified as complete and accurate by Fidelity Management Trust Company and was not subjected to any auditing procedures by the independent public accountants:

	12/31/19	12/31/18
Investments:		
Money Market Funds	$ 917,506	$ 863,000
Registered Investment Companies	7,983,926	5,783,383
Common Collective Trust	137,170	0
Receivables:		
Notes Receivable from Participants	70,649	48,424
Investment Income (Loss):		
Appreciation in Fair Value of Investments	1,225,095	
Interest and Dividend Income	265,039	
Other Additions:		
Interest Income from Notes Receivable from Participants	3,265	

5. Investments

The Plan's investments are administered by Fidelity Management Trust Company and are held in a trust fund.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,225,095.

6. Fair Value Measurements

Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlations or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Fund: Valued based on short-term cash components at the measurement date and classified within Level 1 of the valuation hierarchy.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Reported at fair value using the net value ("NAV") of shares held by the Plan at year end and not classified in the fair value hierarchy in accordance with ASC subtopic 820-10. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Money Market Funds	$ 917,506	$ 0	$ 0	$ 917,506
Registered Investment Companies	7,983,926	0	0	7,983,926
Common Collective Trust, Valued at N.A.V.	0	0	0	137,170
Total Assets at Fair Value	$ 8,901,432	$ 0	$ 0	$ 9,038,602

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**

Total Assets at Fair Value	$ 6,646,383	$ 0	$ 0	$ 6,646,383

Common Collective Trusts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 137,170	n/a	Daily	Up to 1 year

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 0	n/a	Daily	Up to 1 year

The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions.

7. Party-In-Interest and Related Party Transactions

Certain Plan investments are a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee of the Plan assets and, therefore these transactions qualify as party in interest as identified on Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

Participant notes receivable qualify as party-in-interest transactions as identified on Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company also pays quarterly record keeping charges for the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

9. Tax Status

The Company adopted a Prototype Non-Standardized Profit Sharing 401(k) Plan with a cash or deferral arrangement that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014. The favorable opinion letter stated that the Plan is designed in accordance with applicable sections of the IRC. The plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Plan evaluated subsequent events through the date of the Accountant's Report, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
