Note 1 – Description of the Plan

The following description of the TYMCO, Inc. Employees Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan. The profit-sharing portion of the Plan covers all full-time employees of the Company who have one year of service and are age eighteen (18) or older. Participation in the 401(k) portion of the Plan requires the full-time employee to complete three (3) months service and attain 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions – Participants may elect a salary reduction arrangement to contribute to the Plan, not to exceed a specific dollar amount determined by the Internal Revenue Service, known as eligible contributions. Participants age 50 or over by the end of the plan year are allowed to make additional contributions (called "catch-up contributions") to the Plan, in excess of the standard limits. Such additional contributions are limited to the lesser of a specific dollar amount determined by the Internal Revenue Service or the participant's compensation for the year reduced by the participant's other elective deferrals.

Participants may also contribute distributions from other qualified defined benefit or contribution plans.

Employer Contributions – For each Plan year, the employer may contribute to the Plan an amount of matching contributions determined by the employer at its discretion. The employer will allocate the matching contribution on the basis of the participant's eligible contributions, not to exceed 10% of annual compensation paid.

The employer may also make a non-elective contribution of an additional amount determined in its sole judgment. This additional contribution, if any, will be allocated to only non-highly compensated participants, in proportion to each eligible employee's compensation as a ratio of all eligible employees' compensation. These contributions will be non-forfeitable and subject to withdrawal restrictions.

The employer may also contribute an additional discretionary amount determined in its sole judgment. Such additional contribution, if any, shall be allocated to each participant in proportion to his or her compensation for the Plan year earned while a participant. A participant will also receive an allocation with respect to his or her compensation in excess of the taxable wage base.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in any of fifteen investment options.

2. Dodge & Cox Income Fund
3. Vanguard Target Retirement Income Fund
4. Vanguard Target Retirement 2020 Fund

Participant Notes Receivable – Participant loans are permitted under the Plan. The maximum loan amount available is fifty percent of the participant's vested account balance, but not more than $50,000. Additional restrictions apply if participants have additional loans from this or other plans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, or a combination of both. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – The Plan allocates participant forfeitures as if the forfeitures were additional employer non-elective contributions for the Plan year in which the forfeitures occur. There were $5,650 in forfeitures for the year ended December 31, 2019.

Expenses – Plan administrative expenses for 2019 were paid by the employer, except for plan fees paid by participants in the amount of $58,700.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – Assets and liabilities are recorded and revenues and expenses are recognized on the cash basis, modified for investments which are maintained at market value. Consequently, certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

Plan Administration – The Company is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan had $739,950 and $537,234 in participant loans receivable at December 31, 2019 and 2018, respectively.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract that is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Participant benefits are recorded when paid.

Reclassifications – Certain reclassifications may have been made to the 2018 financial statement presentation in order to conform to the 2019 financial statement presentation.

Date of Management's Review – Subsequent events have been evaluated as of September 1, 2020, which is the date the financial statements were available to be issued.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4 – Tax Status

On December 19, 2002, TYMCO, Inc. adopted the prototype plan sponsored by Wells Fargo Bank, N.A. In an opinion letter dated August 30, 2001, the Internal Revenue Service determined the Plan to be acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended and restated to comply with legislative actions since adopting the prototype. However, the Plan administrator believes that the plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 – Collective Investment Fund

The Plan invests in the Wells Fargo Stable Return Fund F and N15 (Funds), collective investment funds. As of December 31, 2019 and 2018, the funds invested all their assets in the Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A., which invests in fully benefit-responsive investment contracts. The Funds do not invest directly in fully benefit-responsive contracts, and therefore are not required to include in their financial statements the disclosure requirements for stable value investment funds. The Funds are recorded at contract value, which is based upon the net asset value of the collective investment trust. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

All of the asset-backed contracts held in a common collective trust are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from a protective contract issued by a bank or insurance company, referred to as a "wrap", to the common collective trust in the event of a termination or nonparticipant directed withdrawal, transfer or loan. The likelihood of such an event happening is not probable. The wrap provider may terminate the contract and settle at an amount different from the contract value if the wrap provider of the common collective trust is unable to meet the terms of the wrap contract.

Note 6 – Investments

Note 7- Fair Value Measurements

Investment Valuation – The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Quoted market prices in active markets for identical assets or liabilities
Level 2 - Observable market-based inputs or unobservable inputs corroborated by market data
Level 3 - Unobservable inputs reflecting the reporting entity's own assumptions

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds – Valued at the published net asset value per share as of the reporting date
The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds - equity	$ 13,211,961	$ -	$ -	$ 13,211,961
Mutual funds - bonds	1,184,042	-	-	1,184,042

Investments at fair value	$ 35,813,841	$ 9,492,164	$ -	$ 45,306,005

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds - equity	$ 9,969,073	$ -	$ -	$ 9,969,073

Note 8 – Benefit Obligations

Net assets available for benefits at December 31, 2019 and 2018 include $3,987,780 and $315,952, respectively, allocated to the accounts of persons who as of, or prior to, that date had withdrawn from participating in the operations of the Plan. The affected participants have elected to defer distribution as allowed by the Plan.

Note 9 – Subsequent Events

In February 2020 the Company contributed $620,000 to the Plan.

Note 10 – Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Loans receivable from plan participants and the related interest income are also considered party-in-interest transactions.

The plan pays certain administrative fees throughout the year. These transactions qualify as exempt party-in-interest transactions. Direct compensation by the Plan for recordkeeping services amounted to $58,275 for the year ended December 31, 2019.

Note 11 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
