ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

1. Description of the Plan:

General:

The following brief description of the Anne Grady Corporation 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 1999, and as amended on January 1, 2009, is a defined contribution plan covering all employees of Anne Grady Corporation (the "Corporation" and "Plan sponsor") and affiliated entities who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Corporation's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service (IRS)) into the Plan on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute, at the discretion of the plan administrator, amounts representing distributions from other qualified retirement plans or IRAs (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Corporation may make discretionary contributions to participants' accounts as determined periodically by the Corporation's Board of Directors. The Corporation did not make discretionary contributions in 2019 and 2018.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Corporation's discretionary contributions, and Plan earnings. Each participant's account is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation, earnings or account balances, as defined.

Vesting:

Participants are immediately vested in their contributions and the Corporation's contribution portion of their accounts plus actual earnings thereon.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

1. Description of the Plan (continued):

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate on the notes range from 4.25% to 6.50% at December 31, 2019 and 2018. Principal and interest may be paid through payroll deductions or cash on a timely basis.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or installments not to exceed the life of the participant. All distributions are to be made in cash.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. One of the Plan's investment contracts does not meet the criteria of being fully benefit-responsive, and therefore, the investment contract is recorded on the statements of net assets available for benefits at fair value. Two of the Plan's investment contracts do meet the criteria of being fully benefit-responsive, and therefore, the investment contracts are recorded on the statements of net assets available for benefits at contract value.

The Plan's investments are reported at fair value, except for two investment contracts which are reported at contract value, as provided by Capital Bank and Trust Company (Capital) and Voya Retirement Insurance and Annuity Company (Voya), the custodians of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Corporation's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits:

Benefits are recorded when paid.

Forfeitures:

Forfeited nonvested accounts totaled \$293 at December 31, 2018. There were no forfeited nonvested accounts at December 31, 2019. Forfeitures used to pay administrative expenses totaled \$294 in 2019. Forfeitures were not used to pay administrative expenses in 2018.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

2. Summary of significant accounting policies (continued):

Expenses:

Administrative expenses are paid by the Plan with the expense allocated to each participant. Certain expenses of maintaining the Plan are paid directly by the Corporation or the Anne Grady Foundation, an affiliate of the Corporation, and are excluded from these financial statements. Certain administrative functions are performed by the employees of the Corporation. No such employee, nor the Corporation, receives compensation from the Plan for these functions.

Additionally, investment related expenses are included in net appreciation (depreciation) in value of investments on the statements of changes in net assets available for benefits.

Recent accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to Disclosure Requirements for Fair Value Measurements*. This ASU is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. This ASU is effective for years beginning after December 31, 2019, with early adoption permitted. The Plan is currently evaluating the impact this ASU will have on its financial statements, and will adopt the provisions of the ASU upon its effective date.

3. Investments:

The following table presents the current value of investments at December 31, 2019 and 2018. All investments of the Plan were participant-directed at December 31, 2019 and 2018.

	<u>2019</u>	<u>2018</u>
Mutual funds (at fair value)	\$ 2,965,866	\$ 2,387,265
Money market fund (at fair value)	118,849	121,508
Pooled separate accounts (at fair value)	55,398	47,151
Investment contract (at fair value)	26,913	39,076
Investment contracts (at contract value)	<u>12,929</u>	<u>22,472</u>
	<u>\$ 3,179,955</u>	<u>\$ 2,617,472</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

4. Fair value (continued):

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at its face value, which approximates fair value.

The pooled separate accounts are valued at their accumulation unit value (AUV). The pooled separate accounts are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends, and the contract's separate account charges.

The investment contract is valued at fair value by Voya by discounting the related cash flows based on current yields of similar instruments with comparable duration considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement purposes only. In determining the reasonableness of the methodology, the Corporation's Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate). The contract's crediting rate is reset annually.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

4. Fair value (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2019 and 2018.

	2019			2018		
	Level 1	Level 2	Total	Level 1	Level 2	Total
Mutual funds	\$2,965,866	\$ -	\$2,965,866	\$2,387,265	\$ -	\$2,387,265
Money market fund	118,849	-	118,849	121,508	-	121,508
Pooled separate accounts	-	55,398	55,398	-	47,151	47,151
Investment contract	-	26,913	26,913	-	39,076	39,076
	<u>\$3,084,715</u>	<u>\$ 82,311</u>	<u>\$3,167,026</u>	<u>\$2,508,773</u>	<u>\$ 86,227</u>	<u>\$2,595,000</u>

5. Investment contracts with insurance company:

The Plan has fully benefit-responsive investment contracts with Voya. Voya maintains certain contributions in fixed accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

Because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts.

Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following table presents the contract value of the fixed accounts at December 31, 2019 and 2018.

	2019	2018
Fixed Account	\$ 1,001	\$ 4,763
Fixed Plus Account II	<u>11,928</u>	<u>17,709</u>
	<u>\$ 12,929</u>	<u>\$ 22,472</u>

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

5. Investment contracts with insurance company (continued):

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, that would limit the Plan's ability to transact at contract value with the Plan's participants, is probable.

The contracts do not permit Voya to terminate the agreements prior to the scheduled maturity date.

6. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in value of investments and interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital and Voya.

7. Party-in-interest transactions:

The Plan issues loans to participants, which are secured by the vested balance in the participant's account, and certain Plan assets are investments managed by Capital, who is an affiliate of American Funds and Voya. These transactions qualify as party-in-interest transactions.

8. Tax status:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The IRS pre-approved the plan document used by the Plan in 2017.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan termination:

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of financial statements to Form 5500:

12. Subsequent events:

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic with multiple jurisdictions in the United States declaring a state of emergency. Certain states, including Ohio, had issued “stay-at-home” orders for non-essential businesses, as defined. As a result, economic uncertainties have arisen which has contributed to significant volatility for businesses and in financial markets. The pandemic may have continued adverse impact on economic and market conditions that could result in a global economic slowdown for an extended period of time. Consequently, there is and will continue to be uncertainty and risk with respect to the Plan sponsor, the Plan, its investments, and its financial results. Management has, and will continue to monitor the situation and make operational changes in an attempt to minimize any future financial impact to the Plan sponsor and the Plan.

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 22, 2020, the date the Plan’s financial statements were available to be issued.
