NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 1 - Description of Plan

Orion Medical Management, Inc. Retirement Plan and Trust (the Plan), was established effective January 1, 2017. Assets for Plan participants were transferred from Tower Imaging, Inc. Retirement Plan and Trust effective March 15, 2017. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Orion Medical Management, Inc. who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Mid-Atlantic Trust Company, for the purpose of administration of investments and record keeping, holds all of the Plan's assets. The agreement with Mid-Atlantic Trust Company provides for the investments and contributions to be self-directed by the participants and accounted for in separate funds.

Contributions: Each year participants may contribute up to 75% of pretax annual compensation, as defined by the Plan. Participants who reach the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers various mutual funds as investment options for participants. The Company may make profit sharing contributions at the discretion of the Company's board of directors. The Company made no profit sharing contributions for 2019.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's profit sharing contributions, as well as allocations of the Plan's earnings. Allocations are based on specific participant transactions, participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and any profit sharing contributions plus actual earnings thereon.

Notes receivable from participants: The Plan offers a loan feature whereby a participant may borrow up to 50% of his/her vested account balance or \$50,000, whichever is less. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The law treats the amount of any defaulted loan as a distribution.

Payment of benefits: Under the terms of the Plan, participants are eligible to receive benefits in a lump sum upon reaching age 65, in the event of undue financial hardship, upon the death of the participant, or upon termination of service for other reasons. A participant with an account balance greater than \$5,000 may elect to receive his/her retirement benefits in installment payments or an annuity. Generally, the Plan must begin minimum distributions of vested balances of participants reaching age 70½.

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

ORION MEDICAL MANAGEMENT, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 2 - Summary of Significant Accounting Policies

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Contributions: Contributions from Plan participants are recorded in the year the Company makes the payroll deductions from the participants' wages. Any profit sharing contributions from the Company are recorded when received by the plan.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Company absorbs the cost of maintaining and administering the Plan. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments, notes receivable and other participant-related activity are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The plan has evaluated subsequent events through September 25, 2020, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held as of December 31, 2019 and 2018, and net appreciation in fair value of investments and interest income for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid-Atlantic Trust Company, the custodian of the Plan.

ORION MEDICAL MANAGEMENT, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 4 - Fair Value Measurements

The framework in FASB ASC 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments held by the Plan consist of open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission and valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued under level 1 of the fair value hierarchy.

Note 5 – Transfer of Plan Assets

On October 30, 2018, the Plan Trustees, approved the merger of the Plan into the Radiology Partners, Inc. 401 (k) Profit Sharing Plan (the Radiology Plan). The transfer of assets from the Plan into the Radiology Plan was completed on December 19, 2019.

Note 6 - Party-in-Interest Transactions

Transactions with the Plan's custodians and an investment advisor qualify as party-in-interest transactions. Fees paid by the Plan to these service providers totaled \$28,316 for 2019.

ORION MEDICAL MANAGEMENT, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2019 AND 2018

Note 7 - Tax Status

The Internal Revenue Service has determined and informed Mid-Atlantic Trust Company by a letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with CODA adopted by the Plan effective January 1, 2017 is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has not applied for its own determination letter from the Internal Revenue Service. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the U.S. Department of Labor and Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various securities that are exposed to interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.
