The following description of Palm Garden 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Palm Garden Healthcare Holdings, LLC ("the Plan Sponsor") and all employees of the Plan Sponsor's controlled group of employers and affiliated services group who have completed three months of service and are age twenty-one or older. The Plan Sponsor and the controlled group of employers and affiliated services group are hereinafter collectively referred to as "the Company". The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute, on a pre-tax basis (elective deferrals) or on a post-tax basis (Roth deferrals), from 1% to 100% of their compensation up to regulatory maximums. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute additional amounts at the discretion of the Company's Board of Directors. During the years ended December 31, 2019 and 2018 the Company did not contribute to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, retirement, or death, the participant or beneficiary can elect various benefit options. They may elect to leave the balance of their account with the Plan, a lump sum distribution for the entire vested account balance, or installment distributions for required minimum distributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Managements' Review

The Plan has evaluated subsequent events through September 22, 2020, the date the financial statements were available to be issued.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value except for the fully responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. At December 31, 2019 and 2018, the liability for excess contributions payable totaled $44,257 and $19,948, respectively.

Administrative Expenses

Certain administrative functions are performed by employees of the Company who receive no compensation from the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value	Level 1
December 31, 2019		
Mutual Funds	$ 9,062,444	$ 9,062,444
December 31, 2018		
Mutual Funds	$ 6,438,914	$ 6,438,914

NOTE D - INVESTMENTS

In 2018, the Plan terminated its custodial and third-party administrator agreement with Mass Mutual Financial Group. In conjunction with the termination of Mass Mutual Financial Group, the Plan entered into a custodial and third-party administrator agreement with Voya Institutional Trust Company. The assets held by Mass Mutual Financial Group were transferred to Voya Institutional Trust Company on November 30, 2018.

Plan assets are held by the trustee, Voya Institutional Trust Company, at December 31, 2019 and 2018. All securities' values, appreciation, gains, losses and allocation of investment earnings are determined by the trustee of the Plan. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees as of December 31, 2019 and 2018:

NOTE D – INVESTMENTS (CONTINUED)

	2019	2018
Mutual Funds	$ 9,062,444	$ 6,438,914
Guaranteed Investment Contract	$ 713,006	$ 618,454
Interest and Dividends on Investments	$ 210,250	$ 141,009
Net Appreciation (Depreciation) in Fair Value of Investments	$ 1,260,099	$ (536,117)

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH NATIONAL INSURANCE COMPANY

In 2018, the Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains contributions in a general account. In 2013, the Plan entered into a fully benefit-responsive guaranteed investment contract with Hartford Life Insurance Company (Hartford). The balance of the investment contract with Hartford was transferred to the Voya contract when the Plan changed trustees. The Voya account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2019 and 2018 was $713,006 and $618,454, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor, or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and/or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. The Plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with the Plan provisions until all assets have been distributed by the trustee.

NOTE G – INTERNAL REVENUE SERVICE STATUS

The Plan operates under a prototype plan document. Under the Internal Revenue Service's determination letter program, an employer who adopts a word-for-word approved document is not required to request a determination letter to confirm that the Plan meets the requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service has reviewed and approved the prototype document that this Plan operates under. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE I – RELATED PARTY TRANSACTIONS

Certain Plan investments are investments managed by Voya Institutional Trust Company, the trustee of the Plan. Certain administration costs paid to the trustee are considered party-in-interest transactions.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K – SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak and ongoing coronavirus 2019 disease ("Covid-19") a pandemic. Covid-19 has contributed to significant declines and volatility in financial markets. As such, the Plan saw a relative decline in market value of securities held subsequent to year end. The Plan adopted certain features specified in recent Federal regulations of the Coronavirus Aid Relief and Economic Security Act ("CARES Act") for qualifying participants including Covid-19 distribution options of up to $100,000, deferment of loan payments, and elimination of 2020 Required Minimum Distributions for those participants who meet certain qualifications.
