The Trustees of the
Chicago Dryer Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Chicago Dryer Company Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by TD Ameritrade Trust Company, the custodian of Plan assets, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of and for the year ended December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

1. Description of the Plan:

The following description of the Chicago Dryer Company Retirement Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and Plan Document agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Chicago Dryer Company (Plan Sponsor) who has completed 250 hours of service within three (3) consecutive months from the initial date of employment and has attained the age eighteen (18) shall be eligible to participate as of the date such employee has satisfied these requirements. An eligible employee shall become a participant effective as of the earlier of the first day of the Plan year or the first day of the seventh month of such Plan year coinciding with or next following the date such employee met the eligibility requirements provided the employee was still employed as of such date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for the oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may elect to defer a portion of compensation which would have been received in the Plan year up to the maximum amount which will not cause the Plan to violate current tax laws. Effective January 1, 2010, a participant may elect to have all or a portion of their deferral to be Roth elective deferral when contributed to the Plan. The Roth elective deferrals are included in the participant's gross income at the time deferred and must be irrevocably designated as Roth elective deferral by the participant in the Deferral Election Agreement. Participants who have attained age 50, before the end of the Plan year are eligible to make catch-up contributions. Contributions are limited by Internal Revenue Service regulations. The 2019 and 2018 limits were $19,000 and $18,500 respectively, with a catch-up contribution limit of $6,000 for participants 50 years or older who make the maximum allowable deferrals to the Plan for each year. The annual compensation limits were $280,000 and $275,000 respectively for 2019 and 2018 with an annual defined contribution limit of $56,000 and $55,000 for each respective year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor made a safe harbor contribution of 3.0% of participant's compensation to the Plan and a profit-sharing amount of .5%. This profit-sharing contribution is at the Company's discretion which will be allocated among all eligible employees, whether or not they make contributions. The employer profit-sharing contribution benefits only those eligible employees who are actively employed on the last day of the year and worked 1000 hours. These conditions are waived for a participant who separates from service due to normal retirement (defined under the plan as age 65), death or disability.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the a) Plan Sponsor's contribution, (b) Plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan: (continued)

Vesting

Participants shall be fully vested upon entry into the Plan.

Investment Options

Participants may direct the investment of all deferrals and any employer contribution to any investment funds offered by the Plan through TD Ameritrade Trust Company. Earnings in these funds and/or market gains or losses are reflected in their changing unit value or returns.

Notes Receivable from Participants

The Plan Sponsor may make plan loans to participants or beneficiaries under the following circumstances: (1) loans shall be made available to participants and beneficiaries on a reasonably equivalent basis; (2) loans shall not be made available to highly compensated employees in an amount greater than the amount that is made available to other participants and beneficiaries; (3) loans shall bear a reasonable rate of interest; (4) loans shall be adequately secured; and (5) loans shall provide for periodic repayment up to five to fifteen years depending on the loan type. Furthermore, no Plan loan shall exceed 50% of account balance of a participant's vested interest in the Plan or $50,000. The CARES Act temporarily increased this limit for 2020 (See Note 14).

Excess Contributions Payable

Amounts payable to participants for contributions in excess of maximum amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable as of December 31, 2019 and 2018,

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in certain monthly, quarterly, semi-annual or annual installments, or elect to rollover the funds into an IRA or other retirement account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals from a participant's deferral contribution accounts are permitted when applicable criteria are met.

Forfeited Accounts

On December 31, 2019 and 2018, there are no forfeited participant accounts.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value or contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as any adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit responsive investment contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Investments Valuation in a Guaranteed Investment Contract

The Garthmore Morley Stable Value Trust II Fund invests in fully benefit-responsive investment contracts. This fund is recorded at contract value; however, since these contracts are fully-responsive, an adjustment is reflected in the statement of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals, and administrative expenses.

2. Summary of significant accounting policies: (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

ASU 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement:* The amendments in this update modify the disclosure requirements on the fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. The ASU is effective for fiscal years beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures upon issuance of the update and delay adoption of the additional disclosures until their effective date.

3. Investments:

The Plan investments consist of the following:

American Funds EuroPacific Growth R6 – The Fund seeks long-term growth of capital. The Fund normally invests primarily in common stocks of issuers in Europe and the Pacific Basin. A portion of the assets may be invested in common stocks and other securities of companies in countries with emerging or developing economies and/or markets.

BlackRock Global Allocation Instl – The Fund seeks high total investment return. The Fund invests in a portfolio of equity, debt and money market securities, mainly seeking securities believed to be undervalued. The Fund generally seeks diversification across markets, industries and issuers of any size, looking for investments in markets around the world, including emerging markets.

Dodge & Cox International Stock - The Fund invests primarily in a diversified portfolio of equity securities issued by non-U.S. companies from at least three different countries, including emerging markets. The Fund is not required to allocate its investments in set percentages in particular countries and may invest in emerging markets without limit. Under normal circumstances, the Fund will invest at least 80% of its total assets in equity securities of non-U.S. companies, including common stocks, depositary receipts evidencing ownership of common stocks, preferred stocks, securities convertible into common stocks, and securities that carry the right to buy common stocks.

3. Investments: (continued)

First Eagle Global R6 – The Fund seeks long-term growth of capital. The Fund normally invests primarily in common stocks (and securities convertible into common stocks) of U.S. and foreign companies of any size. The Fund anticipates it will allocate a substantial amount of its assets to foreign investments.

Gartmore Morely Stable Value Fund II – The Fund primarily consists of diversified portfolio of Stable Value Investment Contracts issued by life insurance companies, banks and others financial institutions, the performance of which may be predicated on underlying fixed income investments. The principal value of these assets is designed to remain stable regardless of stock and bond market fluctuations.

PIMCO Total Return Instl – The Fund seeks maximum total return, consistent with preservation of capital and prudent investment management. The Fund normally invests at least 65% in a diversified portfolio of fixed income instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements.

T. Rowe Price Capital Appreciation - The Fund seeks long-term capital appreciation by investing primarily in common stocks. It may hold fixed income and other securities to help preserve principal value.

T. Rowe Price New America Growth – The Fund seeks long-term capital growth. The Fund invests primarily in common stocks of the U.S. companies operating in sectors of the economy that are believed to be the fastest growing or have the greatest growth potential. While most assets will typically be invested in U.S. common stocks, the fund may invest in foreign stocks.

Templeton Global Bond Adv - The Fund seeks current income with capital appreciation and growth of income. The Fund normally invests primarily in investment-grade bonds issued by governments and government agencies located around the world. The Fund regularly uses various currency related transactions involving derivative instruments, including currency and cross currency forwards and currency index futures contracts.

Vanguard 500 Index Admiral – The Fund is a low-cost way to gain diversified exposure to the U.S. equity market. The fund invests in 500 of the largest U.S. companies, which span many different industries and account for about three-fourths of the U.S. stock market's value. The key risk for the fund is the volatility that comes with its full exposure to the stock market. Because the 500 Index Fund is broadly diversified within the large-capitalization market, it may be considered a core equity holding in a portfolio.

Vanguard Interm-Term Treasury Adm – The Fund seeks to provide a moderate and sustainable level of current income. The Fund primarily invests in U.S. Treasury securities, which include bills, bonds and notes issued by the U.S. Treasury. The Fund expects to maintain a dollar-weighted average maturity of five to ten years.

3. Investments: (continued)

Vanguard LifeStrategy Conservative Growth Inv – The Fund seeks current income and low to moderate capital appreciation. The Fund invests in other Vanguard mutual funds according to a fixed formula that over time should reflect an allocation of about 60% of the Fund's assets to bonds and 40% to common stocks.

Vanguard LifeStrategy Growth Inv – The Fund seeks capital appreciation and some current income. The Fund invests in other Vanguard mutual funds according to a fixed formula that over time should reflect an allocation of approximately 80% of the Fund's assets to common stocks and 20% to bonds.

Vanguard LifeStrategy Income Inv – The Fund seeks current income and some appreciation. The Fund invests in other Vanguard mutual funds according to a fixed formula that over time should reflect an allocation of approximately 80% of the Fund's assets to bonds and 20% to common stocks.

Vanguard LifeStrategy Moderate Growth Inv – The Fund seeks capital appreciation and a low to moderate level of current income. The Fund invests in other Vanguard mutual funds according to a fixed formula that over time should reflect an allocation of approximately 60% of the Fund's assets to common stocks and 40% to bonds.

Vanguard Mid Cap Index Admiral – The Fund seeks to track the performance of the CRSP US Mid Cap Index, a broadly diversified index of stocks of mid-size U.S. companies. The Fund invests all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

Vanguard Small Cap Index Admiral – The Fund seeks to track the performance of the CRSP US Small Cap Index, a broadly index of stocks of small U.S. companies. The Fund invests all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

Vanguard Total Intl Stock Index Admiral – The Fund seeks to track the FTSE Global All Cap ex US Index, designed to measure the equity market performance of companies located in developed and emerging markets, excluding the U.S. The Fund invests all, or substantially all, of its assets in the common stocks included in the Index.

Vanguard Wellington Admiral – The Fund seeks long-term capital appreciation and moderate current income. The Fund invests 60-70% in dividend-paying and, to a lesser extent, non-dividend-paying common stocks of established, large companies that appear to be undervalued but have prospects for improvement. The remaining assets are invested mainly in fixed income securities.

Vanguard Windsor II Admiral – The Fund seeks long-term capital appreciation and income. The Fund invests mainly in companies large-and mid-cap companies whose stocks are considered to be undervalued.

4. Investments Certified by Custodian (Unaudited):

For the years ended December 31, 2019 and 2018, the Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's asset custodian has certified for the years December 31, 2019 and 2018, that the following data included in the accompanying financial statements and schedule is complete and accurate.

T.D. Ameritrade Trust Company is the custodian of the Plan assets. Information included in the accompanying financial statements as to the investments, net appreciation (depreciation) in the fair value of investments, dividend and interest income, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such related information included in the financial statements and schedules.

	2019	2018

5. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC FASB 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair Value Measurements: (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Registered Investment Companies (Mutual Funds): These investments are valued at the Net Asset Value (NAV) of units of the fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Plan transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common/Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, where the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements: (continued)

The following table summarizes investments at fair value based on net asset value (NAV's) per share as of December 31, 2019 and 2018, respectively.

December 31, 2019	Fund Value	Unfunded Commitments	Redemption Frequency	Redemption Note Period
Registered Investment Companies	$ 12,012,501	N/A	Daily	1 day
Common/Collective Trusts	$ 1,955,999 *	N/A	Daily	1 day

December 31, 2018	Fund Value	Unfunded Commitments	Redemption Frequency	Redemption Note Period
Registered Investment Companies	$ 9,123,950	N/A	Daily	1 day
Common/Collective Trusts	$ 2,069,610 *	N/A	Daily	1 day

* Listed at contract value

Although the redemption period is daily, a participant can only have one transfer out of the above funds every 30 days.

6. Party-in-Interest:

A party-in-interest is defined by ERISA to include any plan fiduciary (administrator, officer, trustee or custodian), the employer or any affiliate, any employee of such employer, any service provider to the plan (attorney, auditor, etc.) whether paid by the plan or not. It should be noted that ERISA's definition of a party-in-interest is broader than a related party as that term is defined by U.S. generally accepted accounting principles (GAAP). Participant loans are considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transactions rule under ERISA. The Plan invests in certain funds offered by TD Ameritrade Trust Company. Such transactions as of December 31, 2019 and 2018, are disclosed in the Supplemental Schedule of Assets Held at End of Year.

7. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances which will be distributed as prescribed by ERISA.

8. Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

9. Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated July, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2016.

10. Risks and Uncertainties:

The Plan invests in various investments (Note 3). Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

11. Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500.

	December 31	
	2019	2018
Net assets available for plan benefits per the financial statements	$ 14,383,777	$ 11,579,474
Net assets available for benefits per Schedule H to the Form 5500	$ 14,383,777	$ 11,579,474

12. Non-Employee Participant Balances:

The Plan had participants who were no longer employed by Chicago Dryer Company with account balances which include the following:

	December 31	
	2019	2018
Number of participants	44	38
Account balances	$ 82,876	$ 57,898

13. Plan Amendments:

The Plan has implemented the provisions of the Pension Protection Act of 2006. The Plan has also been amended to comply with applicable provisions of the Pension Reform Act, The HEROES Act, the Worker, Retiree, and Employer Recovery Act, and the Emergency Economic Stabilization Act.

14. Subsequent Events:

Subsequent events were evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions, and therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as the date of this report.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plan participants to have greater access to their savings if they are impacted by the coronavirus, as defined in the CARES Act. The following is a summary of the main provisions, all of which the Plan Sponsor has elected to implement within the Plan:

- Qualified individuals are permitted through December 31, 2020 to take a distribution in an amount up to $100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distribution within three years and not be subject to tax as a result.

- Participant loan limit is temporarily increased to the lesser of $100,000 or 100% of the vested account balance. This increase is permitted for loans granted from March 27, 2020 through September 22, 2020.

- Repayments of loans due between March 27, 2020 and December 31, 2020 may be deferred until December 31, 2020 upon participant request.

- Required minimum distributions for calendar year 2020 are waived for retired and retirement aged individuals.

There were no other subsequent events that require adjustment to or disclosure in the financial statements other than as noted above.
