Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Masters Electrical 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Transamerica Life Insurance Company Inc. ("TLIC"), the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule
The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report of Form and Content in Compliance With the Department of Labor's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Masters Electrical Services 401(k) Plan

Notes to the Financial Statements

Note 1. Description of Plan

The following description of Masters Electrical Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of Masters Electrical Services (the Plan Sponsor or Company) who are age 21 or above, with one year of service and 1,000 hours completed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended on December 31, 2018.

Contributions: The Company may make safe harbor and discretionary matching contributions, as defined in the Plan. During 2019, the Plan sponsor contributed safe harbor matching contributions of 100% of the first 3% of eligible participant's compensation and 50% of the next 2% of eligible participant's compensation with a one-year service requirement. There were no employer contributions in 2018. Contributions are subject to certain limitations.

Participants may elect to contribute up to 100% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may change their investment options daily. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching contributions have a six-year graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms shall be no more than five years except when the proceeds of a loan are used to acquire a dwelling to be used as a participant's principal residence, then the Plan Administrator may permit a longer repayment period. The notes are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator.

Payment of benefits: An active participant may request withdrawal of benefits upon attaining the age of 50½. On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under $5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay the expenses of the Plan. Forfeited nonvested accounts totaled $1 and $236 at December 31, 2019 and 2018, respectively. During 2019 and 2018, $236 and $102, respectively, were used to pay administrative expenses and no forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Distribution administration fees are paid by the participant electing the distribution. Investment-related expenses are included in net appreciation in fair value of investments.

Adoption of accounting pronouncement: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy
2. The policy for timing of transfers between levels
3. The valuation processes for Level 3 fair value measurements
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.

2. For investments in certain entities that calculate net asset value (NAV), an entity is required to disclose the timing of liquidation of an investee’s assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Plan Sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

The Plan has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Transamerica Life Insurance Company, Inc. (TLIC), the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Plan's trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and the supplemental schedules related to the following assets:

	December 31	
	2019	2018
Investments at fair value:		
Pooled separate accounts	$ 869,084	$ 667,321
Investments at contract value	42,262	27,799
	$ 911,346	$ 695,120
Notes receivable from participants	$ 61,139	$ 45,247

The trustee also certified the completeness and accuracy of $119,449 of net appreciation in fair value of investments, and $3,080 of interest income on notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Vaue Measurements

The FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Vaue Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Guaranteed interest contract: The Plan had an investment contract with TLIC for the year ended December 31, 2019. Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity (some investments allow withdrawals without penalty for death, disability, termination or retirement). The fair value is determined by comparing current market interest rates to the interest rate on the account and adjusting for the number of years until the maturity date. The fair value of the guaranteed interest contract is classified within Level 3 of the valuation hierarchy. In determining the reasonableness of the methodology, the Plan may use third-party pricing sources or appraisers. The Plan evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments and overall credit ratings.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Guaranteed interest contract	$ -	$ -	$ 42,262	$ 42,262
Pooled separate accounts (1)	-	-	-	869,084
Total investments	$ -	$ -	$ 42,262	$ 911,346

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Guaranteed interest contract	$ -	$ -	$ 27,799	$ 27,799
Pooled separate accounts (1)	-	-	-	667,321
Total investments	$ -	$ -	$ 27,799	$ 695,120

Note 4. Fair Vaue Measurements (Continued)

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Note 5. Investment Contracts with Insurance Companies

The Plan had an investment contract with TLIC for the years ended December 31, 2019 and 2018. The Insurer maintain the contributions in their respective general accounts. The general accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the Insurers, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6. Party-in-Interest Transactions

The guaranteed interest contract managed by TLIC. TLIC is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2019.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Plan sponsor's contributions.

Note 8. Tax Status

The Plan has adopted a volume submitter plan document that received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service (IRS). The plan administrator believes the Plan has been operated in accordance with the applicable provisions of the Internal Revenue Code (IRC). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2014, or prior.

Note 9. Risk and Uncertainties

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.s
