Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2019 and delinquent participant contributions for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

MW Industries, Inc. Consolidated Employer Retirement Savings Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Plan Description

The following description of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of MW Industries, Inc. and its subsidiaries and divisions (the "Company") who have completed one month of service and are age 18 or older. Employees who were previously eligible for participation in Matthew Warren Group, Inc. United Steelworkers' Savings and Retirement Plan and Automatic Spring Coil Co. Employees' Retirement and Savings Plan are also eligible to participate in the Plan. These employees are members of a collective bargaining unit in which the Company and the collective bargaining representative have agreed that such individuals shall be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective April 10, 2018, the Plan was amended to add eligibility for participation and vesting credit provisions applicable to former full-time employees for Tri-Star Industries, Inc. See Note 6 for more information regarding the merger.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan allows catch-up contributions up to 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). This amendment also provides for an automatic plan enrollment feature, whereby all newly hired employees are automatically enrolled in the Plan upon meeting eligibility requirements with a contribution of 4 percent of compensation unless they affirmatively decline to participate in the Plan.

The Plan also provides for automatic deferral increases of 1 percent of compensation for participants with a deferral rate greater than zero, until deferral reaches 10 percent of compensation, to take effect on December 30 of each year.

Certain participant contributions for the years ended December 31, 2018, 2017, 2016, and 2015 were paid after the time frame required by the Department of Labor. The Company remitted \$1,811,449, \$3,281,370, \$65,229, and \$1,548 of the late contributions for the plan years ended December 31, 2018, 2017, 2016, and 2015, respectively. Lost earnings related to these late contributions were remitted to the Plan in 2020.

As part of a collective bargaining agreement, participants who are employees of Automatic Spring Coil Company and Matthew Warren Group, Inc. are entitled to a mandatory 4 percent employer contribution but do not receive an employer match. Additionally, the Plan provides for safe harbor employer matching contributions for all other participants, which are 100 percent of the first 4 percent of the participant's eligible compensation contributed to the Plan. The Company made an employer match true-up contribution of \$48,697 and \$64,740 for the years ended December 31, 2019, and 2018, respectively.

The Plan allows for the employer to make a discretionary nonelective employer contribution. There were no discretionary contributions for the year ended December 31, 2019.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. Notes receivable are collateralized by the participant's account balance and bear interest at rates determined in accordance with the Plan. Notes receivable are generally repayable within five years. Longer notes receivable are available for the purchase of a primary residence. Principal and interest payments are made through payroll deductions.

Vesting

Participants are immediately 100 percent vested in employee salary, safe harbor employer matching, mandatory employer contributions, and rollover contributions and any income or loss thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Any discretionary employer contributions plus actual earnings thereon vest over two years of service, with 50 percent vesting after year one and the remainder vesting after year two.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce plan expenses and future company contributions.

Benefit Payments

Distributions are payable upon retirement, age 59½, death, disability, or termination of employment. The Plan allows age 59½ and after-tax withdrawals. Pursuant to the terms of the Plan, upon retirement, the total amount of a participant's account shall be distributed in cash to the participant according to one of the options, as described in the Plan and as elected by the participant. All other distributions are payable in the form of a lump-sum amount equal to the vested balance of a participant's account. However, if such account exceeds \$5,000, a participant may elect to defer distribution to a future date, as more fully described in the Plan. If the participant's account exceeds \$1,000 but does not exceed \$5,000, the participant's account may be distributed in a lump-sum payment to an individual retirement plan selected by the plan administrator, unless the participant elects otherwise.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 17, 2020, which is the date the financial statements were available to be issued.

December 31, 2019 and 2018

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 6 - Plan Merger

During 2019, approximately \$13 million in plan assets was transferred from three defined contribution plans into the Plan.

Subsequent to year end, Marox Corporation 401k Plan was merged with the Plan. Accordingly, assets of approximately \$3 million were transferred into the Plan in 2020.

September 17, 2020

To the Members of the Investment Committee
and Management
MW Industries, Inc. Consolidated Employer
Retirement Savings Plan

We have audited the financial statements of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan") as of and for the year ended December 31, 2019 and have issued our report thereon dated September 17, 2020. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated March 17, 2020, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on March 30, 2020.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2019.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

To the Members of the Investment Committee
and Management
MW Industries, Inc. Consolidated Employer
Retirement Savings Plan

September 17, 2020

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 17, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a second opinion on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

This information is intended solely for the use of the investment committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Plante & Moran, PLLC

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2019 and delinquent participant contributions for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

MW Industries, Inc. Consolidated Employer Retirement Savings Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Plan Description

The following description of MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of MW Industries, Inc. and its subsidiaries and divisions (the "Company") who have completed one month of service and are age 18 or older. Employees who were previously eligible for participation in Matthew Warren Group, Inc. United Steelworkers' Savings and Retirement Plan and Automatic Spring Coil Co. Employees' Retirement and Savings Plan are also eligible to participate in the Plan. These employees are members of a collective bargaining unit in which the Company and the collective bargaining representative have agreed that such individuals shall be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective April 10, 2018, the Plan was amended to add eligibility for participation and vesting credit provisions applicable to former full-time employees for Tri-Star Industries, Inc. See Note 6 for more information regarding the merger.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan allows catch-up contributions up to 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). This amendment also provides for an automatic plan enrollment feature, whereby all newly hired employees are automatically enrolled in the Plan upon meeting eligibility requirements with a contribution of 4 percent of compensation unless they affirmatively decline to participate in the Plan.

The Plan also provides for automatic deferral increases of 1 percent of compensation for participants with a deferral rate greater than zero, until deferral reaches 10 percent of compensation, to take effect on December 30 of each year.

Certain participant contributions for the years ended December 31, 2018, 2017, 2016, and 2015 were paid after the time frame required by the Department of Labor. The Company remitted \$1,811,449, \$3,281,370, \$65,229, and \$1,548 of the late contributions for the plan years ended December 31, 2018, 2017, 2016, and 2015, respectively. Lost earnings related to these late contributions were remitted to the Plan in 2020.

As part of a collective bargaining agreement, participants who are employees of Automatic Spring Coil Company and Matthew Warren Group, Inc. are entitled to a mandatory 4 percent employer contribution but do not receive an employer match. Additionally, the Plan provides for safe harbor employer matching contributions for all other participants, which are 100 percent of the first 4 percent of the participant's eligible compensation contributed to the Plan. The Company made an employer match true-up contribution of \$48,697 and \$64,740 for the years ended December 31, 2019, and 2018, respectively.

The Plan allows for the employer to make a discretionary nonelective employer contribution. There were no discretionary contributions for the year ended December 31, 2019.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. Notes receivable are collateralized by the participant's account balance and bear interest at rates determined in accordance with the Plan. Notes receivable are generally repayable within five years. Longer notes receivable are available for the purchase of a primary residence. Principal and interest payments are made through payroll deductions.

Vesting

Participants are immediately 100 percent vested in employee salary, safe harbor employer matching, mandatory employer contributions, and rollover contributions and any income or loss thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Any discretionary employer contributions plus actual earnings thereon vest over two years of service, with 50 percent vesting after year one and the remainder vesting after year two.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce plan expenses and future company contributions.

Benefit Payments

Distributions are payable upon retirement, age 59½, death, disability, or termination of employment. The Plan allows age 59½ and after-tax withdrawals. Pursuant to the terms of the Plan, upon retirement, the total amount of a participant's account shall be distributed in cash to the participant according to one of the options, as described in the Plan and as elected by the participant. All other distributions are payable in the form of a lump-sum amount equal to the vested balance of a participant's account. However, if such account exceeds \$5,000, a participant may elect to defer distribution to a future date, as more fully described in the Plan. If the participant's account exceeds \$1,000 but does not exceed \$5,000, the participant's account may be distributed in a lump-sum payment to an individual retirement plan selected by the plan administrator, unless the participant elects otherwise.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 1 - Plan Description (Continued)

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. Additionally, the Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 17, 2020, which is the date the financial statements were available to be issued.

December 31, 2019 and 2018

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
