Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Schurz Communications, Inc. Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2018, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Bank of New York Mellon/BNYMellon N.A. and KeyBank, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that KeyBank held the Plan's investment assets and executed investment transactions from April 1, 2019 to December 31, 2019, and that The Bank of New York Mellon/BNY Mellon, N.A. held the Plan's investment assets and executed investment transactions as of December 31, 2018 and for the period January 1, 2019 to March 31, 2019. The plan administrator has obtained certifications from the trustees as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) – Schedule of Reportable Transactions as of and for the year ended December 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - PLAN DESCRIPTION

The following description of Schurz Communications, Inc. Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established effective September 25, 1942, amended and restated effective October 1, 2001. The Plan was amended effective August 22, 2006 to freeze the Plan to new entrants. Each eligible employee hired prior to August 23, 2006, shall become a participant in January or July immediately following their completion of eligibility requirements. Effective January 1, 2009, the Plan was frozen to future accruals for all participants with respect for service and compensation. The Plan is a noncontributory defined benefit pension plan covering substantially all employees of Schurz Communications, Inc. and the following wholly owned subsidiaries: Antietam Cable Television, Inc.; Associated Desert Newspapers, Inc.; South Bend Tribune Corporation; Hoosier Times, Inc.; The Herald-Mail Company (except employees of the Daily American Division); and Schurz Management, Inc. (individually and collectively referred to as "the Company" or "the Employer"). On February 1, 2019, Schurz Communications, Inc. divested of its Publishing subsidiaries. The Plan is administered by the Schurz Communications, Inc. Retirement Plan Administrative Committee (the "Committee"), which is appointed by the Board of Directors of Schurz Communications, Inc. The Bank of New York Mellon/BNY Mellon, N.A. (Bank of New York Mellon) and KeyBank serve as trustees of the Plan, holds the Plan's assets, and distributes benefits as directed by the Committee. Independent investment advisors are hired by the Committee to invest the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On February 15, 2016, Schurz Communications, Inc. completed the sale of all of its television and radio stations to Gray Television. The sale resulted in the termination of approximately 40% of employees.

Vesting and Benefits: Employees with five or more years of vesting service are entitled to annual pension benefits beginning at normal retirement age (65). An employee receives a year of vesting service upon completion of 12 or more months of service during an employment year. The employment year is a 12-month period beginning on the date the employee is first hired by the Company. Employee benefits are vested after five years of service or upon reaching retirement age while still an active employee. Annual pension benefits are determined using a formula that is based on (a) a percentage of the employee's average annual compensation during the 60 consecutive months in which he or she received the highest compensation; (b) integration level (the average monthly compensation in excess of the integration level); and (c) years of benefit service. Benefits begin on the first day of the month coinciding with or following retirement. The Plan permits early retirement if the employee is at least 55 years of age and has completed at least 15 years of vested service. The amount of benefit would equal the accrued retirement benefit at the date of normal retirement reduced by a percentage based on the age of the participant.

The Plan also has a disability benefit provision. To be eligible for disability benefits, the employee must be completely or partially disabled. The accrued retirement benefit due to total disability is payable commencing immediately without reduction for early commencement.

The accrued retirement benefit for partial disability is payable on a reduced basis after attainment of age 50.

The Plan offers normal and optional forms of benefit payments. Normal payment methods consist of a life annuity if the employee is single or a 50% joint and survivor annuity if the employee is married. Optional payment methods include a single life annuity, a life annuity with a five-year period certain, and a joint and survivor annuity. If the value of an employee's benefit is \$1,000 or less, the full amount is automatically paid in a single lump sum.

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - PLAN DESCRIPTION (Continued)

On April 21, 2016, and following the divestiture of the Broadcast subsidiaries, the Plan was amended to offer a temporary election period, conducted May 1, 2016 through May 31, 2016, during which certain participants were permitted to elect an immediate lump sum optional form of payment. Total disbursements for these optional lump sum payments were made on July 1, 2016, and were approximately \$3,500,000.

On March 30, 2019, and following the divestiture of the Publishing subsidiaries, the Plan was amended to offer a temporary election period, conducted April 1, 2019 through May 15, 2019, during which certain participants were permitted to elect an immediate lump sum optional form of payment. Total disbursements for these optional lump sum payments were made on August 1, 2019, and were approximately \$9,600,000.

Death Benefits: If an employee dies after benefits begin, payments will continue to the spouse or beneficiary if the employee (a) was receiving a joint and survivor annuity, or (b) had not received all of the payments from a life annuity with a five-year period certain. If the employee was receiving a single life annuity, no benefits would be paid after his or her death. If an employee dies before retirement benefits begin, the employee's spouse may be eligible to receive a qualified pre-retirement survivor annuity ("QPSA") if the employee had a vested benefit.

If an unmarried vested participant dies while employed by the Employer, a death benefit is payable to the participant's beneficiary. If an unmarried vested participant has terminated his or her employment and not yet commenced his or her retirement benefit as of their date of death, no death benefit is payable under the Plan.

Administrative Expenses: All costs and expenses with regard to the purchase, sale transfer of investments or other assets, or other administrative expense, including insurance premiums paid to the Pension Benefit Guaranty Corporation ("PBGC"), are paid by the Plan.

Funding Policy: The Company has established a policy of contributing to the Plan an amount that falls between the minimum and maximum allowable contribution, as determined by the actuary for the Plan, and as set forth in Internal Revenue Service ("IRS") regulations. The normal maximum tax-deductible contribution is the amount equal to the normal cost plus the amount necessary to amortize over a 10-year term the unfunded accrued liability. The minimum contribution is equal to the normal cost plus an amount necessary to amortize over a 30-year term the initial unfunded liability for certain employees and a 5-year term amortization of actuarial experience bases plus interest. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2019 and 2018.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Gain or loss on sales of securities is based on the specific cost identification method.

(Continued)

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of the present value of accumulated plan benefits.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' average yearly compensation rate on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability or termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits as of December 31, 2018 was determined by the Plan's consulting actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. It is at least reasonably possible that the actuarial assumptions used to calculate accumulated plan benefits will change in the near term and that the effect of such change could be significant. The January 1, 2019 valuation is the most recently completed valuation. Had the valuation been completed as of December 31, there would be no material differences. The significant actuarial assumptions used in the December 31, 2018 valuation was:

Investment return 2018:	7.25% compounded annually
Mortality basis 2018:	Pri-2012 White Collar Amount-Weighted Mortality Table Projected with Scale MP-2019
Disability rate:	75% of the 1964 OASDI Table

(Continued)

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

At December 31, 2018, the change in assumptions line item in the Statement of Changes in Accumulated Benefits totaling \$1,316,748 represents the impact of updating the mortality table assumption from RP-2014 Fully Generational Adjusted Back to 2006 and Projected with Scale MP-2018 to Pri-2012 White Collar Amount-Weighted Mortality Table Projected with Scale MP-2019.

Retirement Rates: Ages 60 to 70 for all employees as follows:

<u>Age</u>	<u>2019 Rate of Retirement</u>
60	5%
61	5
62	15
63	10
64	10
65	50
66	30
67	50
68	30
69	30
70	100

These actuarial assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - INVESTMENTS - UNAUDITED INFORMATION

The Bank of New York Mellon/BNY Mellon, N.A., who held the Plan's investment assets and executed investment transactions as of December 31, 2018 and for the period January 1, 2019 to March 31, 2019 and KeyBank, the trustee of the Plan, who holds investment assets and executes transactions therein from April 1, 2019 to December 31, 2019. Substantially all information pertaining to investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following description of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Registered Investment Companies: The fair values of participation units held in these funds are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objectives and underlying investments of the funds vary, with some holding diversified portfolios of securities traded in foreign countries, common stocks of companies included in the S&P 500, short-term and/or medium-term corporate, government and government agency bonds, and others holding bonds and mutual funds. Each fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2019 Using

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated October 27, 2016 that the Plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC) and that the trust established under the Plan is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 7 - TERMINATION PRIORITIES

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

SCHURZ COMMUNICATIONS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 7 - TERMINATION PRIORITIES (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Amounts paid by the Plan to parties-in-interest included fees paid for investment management and actuarial services. Certain professional fees for the administration and audit of the Plan were paid by the Company. The Company pays certain administrative expenses on behalf of the Plan.

NOTE 9 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through September 10, 2020 which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The extent to which the coronavirus may impact the financial performance of the Plan will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

B. Actuarial Methods for Funding Purposes

1. Actuarial Cost Method

The actuarial cost method is the Unit Credit Actuarial Cost Method.

Under this cost method, the actuarial accrued liability is defined as the present value of the accrued benefits on the valuation date. The unfunded actuarial accrued liability is the excess, if any, of the amount by which the accrued liability exceeds the actuarial value of plan assets.

The normal cost, determined on the valuation date, is the amount required to fund the benefit expected to be earned in the current year.

2. Asset Valuation Method

Smoothed value method. Under this method the Plan Assets is equal to the average of the fair market value on the valuation date and the adjusted fair market value on each of the preceding two valuation dates, but not less than 90% nor more than 110% of the Fair Value of Assets. The adjusted fair market value as of any preceding valuation date is equal to the fair market value as of such date increased for contributions reflected in the fair market value of assets on the current valuation that were not reflected in the fair market value of assets as of such preceding valuation date, decreased for benefit payments and expenses reflected in the fair market value of assets on the current valuation that were not reflected in the fair market value of assets as of such preceding valuation date, and adjusted for expected earnings (not in excess of the third segment rate, with no phase-in, applicable to the corresponding valuation date).

EIN: 35-0670960; Plan Number: 001
2019 Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

C. Actuarial Assumptions Rationale

Valuation Interest Rates

The interest rate assumptions used are prescribed by IRC section 430(h) subject to specified elections by the plan sponsor.

Mortality

The mortality assumption used is prescribed by IRC section 430(h) subject to specified elections by the plan sponsor.

**Expected Return
on Assets**

This assumption is based on Schurz's long-term earnings expectations for existing plan assets considering the underlying asset mix.

Administrative Expenses

This assumption is set based on the plan sponsor's historical experience and expectations for future expenses to be paid from the trust.

Retirement Rates

Retirement rates are set based on the plan sponsor's historical experience and future expectations with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.

Disability Rates

Disability rates are set based on the plan sponsor's historical experience and future expectations with periodic monitoring of observed gains and losses caused by disability patterns different than assumed.

Salary Scale

The salary scale assumption is no longer applicable as the Plan was frozen to future accruals for all participants effective December 31, 2008.

Withdrawal

Withdrawal rates are based on the Standard T-3 table for companies experiencing relatively lower turnover at all ages. They are the best estimate of experience for the future. PwC monitors gains and losses caused by withdrawal patterns different than assumed, which have not been significant.

Marital Status

Marital rates are set based on the plan sponsor's historical experience and future expectations. This assumption is not significant as optional forms are actuarially equivalent to the normal form.
