Note 1 - Description of Plan

The following brief description of the Wellsite Services, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Wellsite Services, Inc (the Company) covering qualified employees of both Wellsite Services, Inc. and Naill Services, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Oversight Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees are eligible to participate in the Plan if they have completed three months of service and are 18 years of age. Three months of service for purposes of eligibility is a consecutive 3-month period from the employee's employment date during which the employee completes 250 hours or more. If an employee does not complete 250 hours of service during the 3-month time period, the employee is eligible to participate after completing 1,000 hours of service over a 12-month period starting on the employee's employment date. Certain nonresident aliens and union employees are excluded from participating in the Plan.

Entry Date

Employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan's safe harbor provisions require the Company to make contributions equal to 100% of a participant's elective contributions that do not exceed 3% of the participant's compensation plus 50% of the amount of the participant's elective contributions that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Additional amounts may be contributed at the discretion of the Company's board of directors to participants that have completed 1,000 hours of service and are employed on the last day of the year. No such additional discretionary contributions were made for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of the Company discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions and the safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions is based on years of continuous service. A participant is 100% vested in the Company's discretionary contributions after 5 years of credited service.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $0. These accounts can be used to offset plan expenses. During the year ended December 31, 2019, no forfeitures were used to offset plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above the Wall Street Journal prime rate. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the loan terms can range up to 30 years. A participant may have no more than 1 outstanding note for the purchase of a primary residence and 1 outstanding note for any other purpose at any one time. There were no outstanding notes receivable from participants at December 31, 2019 and 2018.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than $5,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance less than $1,000 will be automatically paid out and their balance rolled into a qualified Individual Retirement Account unless the participant elects to receive a lump-sum payment. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½, hardship as defined in the plan document or if the participant is a qualified reservist.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid at December 31, 2019 and 2018.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Valued at fair value based on the NAV of units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions.

The Plan Oversight Committee determines the Plan's valuation policies utilizing information provided by investment advisers, custodians, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 964,954	$ -	$ 964,954

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 687,878	$ -	$ -	$ 687,878

Transfers Between Levels

For the year ended December 31, 2019, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 4 - Information Certified by Plan Custodians

The Plan Administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Capital Bank and Trust Company from January 1, 2019 to April 1, 2019 and Minnesota Life Insurance Company from April 2, 2019 to December 31, 2019, the custodians, except for comparing such information certified by the custodians with information included in the Plan's financial statements, supplemental schedule H, line 4i – schedule of assets held at end of year and supplemental schedule H, line 4a – schedule of delinquent participant contributions.

The custodians have certified their statement of accounts as of December 31, 2019 and 2018, and for the year ended December 31, 2019. The statement of accounts includes beginning and ending balances of investments held and all related investment activity during the period, including investment earnings.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Minnesota Life Insurance Company, which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by Minnesota Life Insurance Company, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in- interest transactions under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Plan Amendments

Effective October 31, 2019, the Plan was amended to allow the involuntary cash-out of participants with vested account balances less than $5,000.

Note 9 - Delinquent Participant Contributions

During 2018 and 2019, the company failed to remit to the Plan's trustee certain employee contributions totaling $22,653 within the period prescribed by DOL regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has or will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delay.

Note 10 - Subsequent Events

The Plan sponsor has evaluated subsequent events through September 23, 2020, the date which the financial statements were available to be issued.

Subsequent to year-end, the United States and global markets experienced significant volatility in value resulting from uncertainty caused by the world-wide coronavirus pandemic. The plan sponsor is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of this volatility. The plan's financial statements do not include adjustments to fair value that has resulted from this volatility.

Effective January 1, 2020, the Plan's definition of compensation was amended for all contributions. Under this amendment the following are excluded from eligible compensation:

- Expense reimbursements or other expense allowances
- Fringe benefits (cash and non-cash)
- Moving expenses
- Deferred compensation
- Welfare benefits
- Compensation paid by an affiliated employer that has not adopted the Plan
