GOODWILL INDUSTRIES OF NORTHWEST OHIO, INC. 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 DESCRIPTION OF PLAN

The following description of Goodwill Industries of Northwest Ohio, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2018. The Plan excludes leased employees, nonresident aliens, clients, community-based assessments and casual employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Finance Committee of the Board of Directors is responsible for the oversight of the Plan. Matrix Trust Company holds the Plan's assets.

Eligibility

Employees of Goodwill Industries of Northwest Ohio, Inc. (the Company) are eligible to participate in the Plan on the later of their date of employment or upon turning 18 years of age. Participants are not eligible to participate in matching and nonelective contributions unless employed on the last day of the Plan year and have attained age 18 and completed 1,000 hours of service in the applicable Plan year.

Contributions

Participants are able contribute a portion of their pretax annual compensation as defined in the Plan agreement. The Plan also accepts rollover contributions from other qualified benefit plans.

The Company may, at its discretion, elect to make a qualified matching and/or nonelective contribution to the Plan. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible to receive any matching and nonelective contributions. During the years ended December 31, 2019 and 2018, the Company elected to make a matching contribution equal to the participant's deferral contribution up to 2% of each eligible participant's pretax compensation resulting in a matching contribution to the Plan of \$20,217 and \$20,872 in 2019 and 2018, respectively. There were no nonelective contributions made during 2019 or 2018. All contributions are participant-directed based on their existing fund allocation.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of any of the Company's contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest with respect to the Company's matching and nonelective contributions, as well as earnings thereon, at 20% upon completion of two years of service and 20% each year thereafter and are fully vested after six years of service.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect to remain in the Plan, receive a lump sum distribution equal to the participant's vested interest in his or her account, or roll their account into another plan. Hardship withdrawals are permitted for the vested portion of accounts of participants who demonstrate an immediate and heavy financial need, as defined by the Plan Agreement. Terminated participants with vested account balances of less than \$1,000 automatically receive a lump sum distribution.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses and/or reduce future Company contributions. There were \$470 of forfeited nonvested accounts as of December 31, 2019 (none at December 31, 2018). There were no forfeitures used to pay administrative expenses or reduce Company contributions in 2019 or 2018.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrators determine the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 for discussion of fair value measurements.

GOODWILL INDUSTRIES OF NORTHWEST OHIO, INC. 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2020, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of the investments and interest for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company (trustee of the Plan).

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

GOODWILL INDUSTRIES OF NORTHWEST OHIO, INC. 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Money Market and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2019				
	Level 1	Level 2	Level 3	Total
Money Market	\$ 748	\$ -	\$ -	\$ 748

NOTE 5 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 INCOME TAX STATUS

The Plan sponsor adopted a prototype document effective January 1, 2018 with a favorable opinion letter dated March 31, 2017 in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.
