1. Description of Plan

The following brief description of ShopRite Supermarkets, Inc. Payroll Deduction Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

Effective October 1, 1988, ShopRite Supermarkets, Inc. (the "Company" or "Sponsor"), a wholly owned subsidiary of Wakefern Food Corp. ("Wakefern"), established the Plan, a participant directed defined contribution plan that covers eligible employees who elect to participate in the Plan. The Plan is a savings plan established pursuant to Section 401(k) of the Internal Revenue Code (the "IRC") that allows employees to defer a portion of their salaries for tax purposes through contributions to the Plan from payroll deductions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended as of January 1, 2016. The Plan has gone through a five year amendment cycle, whereby, the Plan is required to consolidate any amendments that have occurred over the past five years into one formal Plan document that captures any and all changes. The purpose of the amendment also includes any adjustments to legal terms used within the Plan to clarify specific provisions of the Plan.

The Plan permits participants to electively transfer their investments between the Plan, the Wakefern Food Corp. 401(k) Savings Plan, and each of the other tax-qualified plans maintained by the Sponsor's affiliates, which are defined contribution plans that include a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended, following transfer of employment between the companies.

Eligibility

Those employees not covered under a collective bargaining agreement who have attained the age of 21 and have completed one year (at least 1,000 hours) of service, as defined, are eligible to participate in the Plan. Plan entry dates are the first day of the calendar quarter on or after completing the eligibility requirements.

Contributions

The amount a participant may contribute on a pretax basis is between 1% and 15% of monthly compensation, as defined. The Internal Revenue Service ("IRS") has limited a participant's annual tax deferred contribution to $19,000 for 2019. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions of an additional $6,000 for 2019.

The Company matches 40% of the participant's pretax contribution based on the first 3% of the employee's compensation plus 20% of the participant's pretax contribution based on the next 3% of compensation. The Company contributed a 3% nonelective employer contribution, net of forfeitures, in 2019 in the amount of $1,154,820.

Contributions are allocated at the direction of the participants to the investment options offered by the Plan.

Participant Accounts
Each participant's account includes the participant's contributions, Company contributions, a pro rata share of earnings or losses thereon and any withdrawals and fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants' contributions and related earnings and losses are 100% vested and nonforfeitable at all times. Participants are 100% vested in the 3% nonelective employer contributions at all times. Company matching contributions and related earnings and losses are vested at the rate of 20% per full year of service, as defined.

Forfeitures
Forfeited nonvested accounts are available to reduce future employer contributions. There were $10,000 of forfeitures used to reduce the nonelective employer contributions for the year ended December 31, 2019. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $23,197 and $86,774, respectively.

Benefits
Upon termination of service due to death, disability or retirement, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account. The form of payment is generally a lump-sum distribution. Under the Plan, participants are not subject to federal income tax on the contributions and investment income credited to their accounts until such amounts are withdrawn pursuant to Section 401(a) of the IRC. Withdrawals (including withdrawals by participants separated from the service of the Sponsor for any reason) that are not rolled over into another qualified plan, may be subject to federal income taxes. The Plan also allows in-service withdrawals of a participant's vested interest in his or her accounts upon attainment of age 59 ½.

Notes Receivable From Participants
Participants may borrow from their fund account a minimum of $1,000 up to a maximum of the lesser of 50% of their vested account balance or $50,000. Interest rates on notes are determined by the Plan Administrator. Participants are limited to one outstanding loan. Notes receivable at December 31, 2019 have interest rates ranging from 3.25% to 5.50% and have maturities from 2020 through 2033. Loans are repaid by payroll deductions and are collateralized by the balance in the participant's account.

Plan Termination
Although the Company has not expressed any intent to terminate the Plan, it may do so at any time under the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested and be entitled to their full account balance including all Company contributions as of the termination date.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Administrative Expenses
Administrative expenses relating to the operation of the Plan are paid by the Plan to the extent not paid by the Company.

Investment Valuation and Income Recognition
Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative and Investment Committee administers the Plan and determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustees. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis, and gain or loss on disposition is based on average cost. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair values of its investments which consists of realized gains and losses and unrealized appreciation (depreciation) from those investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants
Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefit payments to participants are recorded upon distribution.

Use of Estimates
The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of December 31, 2019 and 2018 and the reported amounts of additions and deductions for the year ended December 31, 2019. Actual results could differ from those estimates.

Risk and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Guaranteed Investment Contract with Mass Mutual Life Insurance Company

The Plan has a benefit-responsive guaranteed investment contract with Mass Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The traditional investment contract held by the Plan is a guaranteed investment contract. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting interest rate was approximately 3.50 percent as of December 31, 2019 and 2018. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The complete or partial termination of the Plan
2. The establishment or activation of, or material change in, any Plan investment fund, or amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.
3. Plan termination or merger

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different from contract value. Examples of such events include the following:

1. A termination or partial termination of the Plan;
2. A breach of material obligation under the contract;
3. An uncured violation of the Plan's investment guidelines ;
4. A material misrepresentation;
5. A material amendment to the agreement without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

4. Information Certified by the Plan's Trustees

The following summary of the Plan's financial information as of December 31, 2019 and 2018 and for the year ended December 31, 2019 is certified by Massachusetts Mutual Life Insurance Company ("Mass Mutual") and Reliance Trust Company (collectively, the "Trustees") as complete and accurate in accordance with Section 2520.103-5 of the Department of Rules and Regulations for Reporting and Disclosures under ERISA.

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Massachusetts Mutual Life Insurance Company and Reliance Trust Company, the Trustees, except for comparing such information with information reported in the financial statements.

	2019	2018
Investments at fair value	$53,581,772	$43,011,844
Investments at contract value	14,153,810	14,570,024
Notes receivable from participants	1,017,658	847,186
Interest income	485,028	
Dividend income	3,932,283	
Net realized and unrealized appreciation of investments	7,090,535	
Interest on notes receivable from participants	40,894	

5. Fair Value Measures

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 3 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observed for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such investments in the fair value hierarchy. There have been no changes in valuation methodologies from prior years.

Mutual Funds: These investments are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore classified within Level 1 of their fair value hierarchy. There were no transfers between levels for the periods presented.

Below are the Plan's investments valued on a recurring basis by the ASC 820 fair value hierarchy levels described above as of December 31, 2019 and 2018:

	Investments at fair value at December 31, 2019			
	Prices in Active Markets Level 1	Significant Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total Fair Value
Mutual funds	$ 53,581,772	$ -	$ -	$ 53,581,772
Total Investments at fair value	$ 53,581,772	$ -	$ -	$ 53,581,772

	Investments at fair value at December 31, 2018			
	Prices in Active Markets Level 1	Significant Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total Fair Value
Mutual funds	$ 43,011,844	$ -	$ -	$ 43,011,844
Total Investments at fair value	$ 43,011,844	$ -	$ -	$ 43,011,844

6. Tax Status

Pursuant to a letter of determination dated February 14, 2018, the IRC has ruled that the Plan qualifies under Section 401(k) of the Code, and is, therefore, not subject to tax under current income tax law. In the opinion of the Plan Administrator, the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, and there are no audits in process for the Plan.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Mass Mutual, a Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan's notes receivables from participants are party-in-interest transactions. Also, all such party-in-interest transactions are exempt from the prohibited transaction rules.

8. Subsequent Events

The Plan has evaluated subsequent events through August 31, 2020, the date the financial statements were available to be issued. No subsequent events requiring disclosure were identified except for the following:

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in March 2020, the financial markets have experienced significant volatility, therefore affecting the values of investment securities. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility in the financial markets. The extent of the adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits cannot be predicted at this time.
