NOTE 1 – DESCRIPTION OF PLAN

The following description of the Henna Chevrolet, LP Employee's Savings & Security 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's summary description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Henna Chevrolet, LP (the Company and Plan Sponsor) who have completed six months of service and are age 21 or older. The Plan provides four entry dates: the first day of each quarter of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to the maximum allowable by law of pretax annual compensation, as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Employer may make a discretionary matching contribution and may make a discretionary nonelective contribution.

The Plan allows participants to direct their accounts into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the amount of deferred salary, rollovers, and an allocation of the employer's discretionary matching and nonelective contributions. The net investment income or losses of the Plan are allocated based upon the actual earnings for each participant's individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Upon their effective date of participation, participants are 100% vested in their salary and Roth deferrals and rollover contributions plus the earnings thereon.

Participants are vested in the employer discretionary profit sharing and matching contributions based on a graduated vesting schedule, becoming 100% vested after year six as follows:

Completed Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Participants are eligible to receive a distribution of benefits at the age of 65 or upon death, disability, or termination of employment as defined under the plan. At age 59½, participants may elect to take distributions from any accounts that are 100% vested without being required to terminate employment. Participants entitled to receive a distribution of benefits shall be paid in a lump-sum payment. Hardship distributions are permitted by the Plan.

Excess Contributions Payable

Distributions made to participants are net of payments made in the following year to certain participants to return their excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. Amounts required to be included in the Plan's statements of net assets available for benefits as an accrued liability for excess contributions payable as of December 31, 2019 and 2018 totaled $1,997 and $0, respectively.

Forfeited Accounts

Non-vested forfeiture accounts may first be used to pay any plan administrative expense and then may reduce any future employer contributions. During the year ended December 31, 2019, no forfeited non-vested amounts were used to reduce employer contributions. The balance in the forfeiture account was $157 and $0 at December 31, 2019 and 2018, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. Upon termination all participants will become 100% vested in all amounts credited to their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The Plan's financial statements are presented on the accrual method of accounting based on accounting principles generally accepted in the United States of America, which requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value - see Note 8). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's investments are valued daily.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments purchased and sold as well as held during the year.

Note Receivable – Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits the payment of the Plan expenses to be made from the Plan assets. If the Company does not pay these expenses, then the expenses paid using the Plan's assets will be allocated among the participant accounts. For the year ended December 31, 2019, administrative fees paid for by Plan assets totaled $3,661.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

	2019	2018
Investments at fair value:		
Pooled separate accounts	$ 7,194,129	$ 6,749,563
Investments at contract value:		
Fully benefit-responsive investment contract	1,879,051	1,212,122
Receivables:		
Notes receivable from participants	203,385	263,160
Investment income:		
Net appreciation in fair value of investments	1,443,313	
Interest and dividends	24,429	
Interest income on notes receivable from participants	14,389	

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement.* FASB ASC 820 defines fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 input consists of unadjusted quoted prices in active markets for identical assets and has the highest priority.
- Level 2 inputs are based on observable inputs corroborated by market data but not quoted on active markets.
- Level 3 inputs are based on unobservable inputs and includes situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Pooled separate accounts: valued at the net asset value (NAV) of units of the separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on fair value of the underlying investments held by the account less its liabilities. The practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. The pooled separate accounts are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there were no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2019 and 2018, the Plan's investments at fair value by level within the fair value hierarchy were classified as follows:

December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value*	$ -	$ -	$ -	$ 7,194,129

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value*	$ -	$ -	$ -	$ 6,749,563

*In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use Net Asset Value per Share Practical Expedient

The following tables summarize investments measured at fair value based on net asset value per share as of December 31, 2019 and 2018:

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 7,194,129	N/A	Daily	30 days

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 6,794,563	N/A	Daily	30 days

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets were invested in funds managed by the custodian of the Plan. These transactions are party in interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the custodian of $3,661 for contract expenses during the year ended December 31, 2019. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

NOTE 6 – TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan has adopted a volume submitter form of a prototype plan sponsored by Benefits Consultants Group, Inc. The volume submitter received its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by the Plan. The Plan is required to be in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years ended December 31, 2016 through December 31, 2019, the years that remain subject to examination by major tax jurisdictions as of December 31, 2019.

NOTE 7 – AMOUNTS OWED TO WITHDRAWN PARTICIPANTS

As of December 31, 2019, the amount of net assets available for benefits that were in accounts of participants that are no longer employees of the plan sponsor total $1,122,093. Of those balances no amounts have been requested to be paid to participants.

NOTE 8 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Sentry Life Insurance Company (Sentry). Sentry maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Sentry. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to December 31, 2019, through the date of the independent auditor's report (the date of which the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator has identified the items in the following paragraph requiring recognition or disclosure in the financial statements.

In March 2020, the World Health Organization categorized the Coronavirus Disease (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the fair value of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. The impact on the Plan Sponsor and the Plan could be material.
