A. DESCRIPTION OF PLAN

The following description of the StaffScapes, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

1. General

The Plan is multiple employer defined contribution plan covering substantially all employees of StaffScapes, Inc. and other adopting employers (collectively, the "Company"). Eligibility varies among the adopting employers, with age requirements ranging from no minimum age to 21 years and term of service ranging from 0 to 1,000 hours. As of December 31, 2019 and 2018, the Plan had 23 and 13 adopting employers, respectively.

The original Plan was established effective January 1, 1998, by the Company for the benefit of its employees and the employees of any adopting employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan was amended and restated on October 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2. Contributions

Each year, participants may contribute before tax and qualified Roth deferrals to the Plan, up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Certain adopting employers make safe harbor matching contributions and may elect to make discretionary matching contributions or discretionary profit-sharing contributions each year, depending on the individual adopting employers. The Plan year ending December 31, 2019, the adopting employers matched 100% of the participant's deferred compensation varying between 3% to 4%, of the participant's compensation, plus 50% of the amount of the participant's deferred compensation that exceeds 3% of the participant's compensation but not in excess of 5% of the participant's compensation, as defined in the adopting employer's plan documents. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

A. DESCRIPTION OF PLAN (Continued)

3. Participant Accounts

Each participant's account is credited with the participant's contribution, the adopting employer's safe harbor matching contributions, discretionary matching contributions, and discretionary profit-sharing contributions, as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions and the adopting employer's safe harbor contributions plus actual earnings thereon. Vesting in the adopting employer's discretionary matching contributions and discretionary profit-sharing contributions is based on continuous years of service, as defined in the adopting employer's plan documents, as applicable.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, as defined in each individual adopting employer's plan documents. The loans are secured by the balance in the participant's account. The loan interest rate will be based on the Prime rate plus 1.00%. Principal and interest is paid ratably through monthly payroll deductions.

6. Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a specified period of time (annually, quarterly or monthly), not exceeding the participants' life expectancy or joint life expectancy with their designated beneficiary, or as part lump sum and part installment payments, as defined in each adopting employer's plan documents.

7. Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,714 and $1,095, respectively. These accounts will be used to pay future Plan expenses. Any forfeitures left after paying Plan expenses will be used to reduce future employer contributions. During 2019, plan expenses were reduced by $489 from forfeited non-vested accounts. .

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Certain adjustments have been made to the financial statements in order for them to conform to the accrual basis of accounting.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statement of changes in net assets available for benefits and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions of $26,584 to the applicable participants prior to March 15, 2020. The Plan distributed the 2018 excess contributions of $17,741 to the applicable participants prior to March 15, 2019.

6. Payments of Benefits

Benefits are recorded when paid.

7. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments on the statement of changes in net assets available for benefits.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Transfers of Assets to this Plan

All Pro Restoration 401(k), (APR) plan assets have been transferred to this Plan. When the APR plan was acquired, the participants rolled over their accounts to the Plan.

C. CUSTODIAN CERTIFICATION AND ADMINISTRATIVE SERVICES

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Massachusetts Mutual Life Insurance Company (the Custodian) provides services, which included executing participants' investment transactions and the payment of benefits. The Custodian provided the 2019 and 2018 fund summaries by investment type to the administrators, which were used to prepare the Plan's financial statements.

The following information, included in the accompanying financial statements, was obtained from data that has been prepared and certified to as complete and accurate by the Custodian as of and for the years ended December 31:

	2019	2018
Investments, at fair value	$ 5,315,192	$ 3,802,118
Note receivable from participants	$ 45,276	$ 81,205
Net appreciation in fair value of investments	$ 752,679	
Dividend and interest income	$ 229,479	
Interest income on notes receivable from participants	$ 2,591	

The Company pays certain Plan accounting and administrative fees. The Company incurred $11,032 for accounting and administrative fees during the year ended December 31, 2019. These fees are not reflected in the accompanying financial statements.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, (ASC 820) defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon the market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access.

Level 2 Inputs – Inputs other than the quoted market prices in active markets that are observable either directly or indirectly

Level 3 Inputs – Inputs based on prices or valuation techniques that are unobservable and significant to the overall fair value measurements.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial statement items could result in a different estimate of fair value at the reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such items existed, or had such items been liquidated, and those differences could be material to the financial statements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Assets Measured at Fair Value

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,315,192	$ -	$ -	$ 5,315,192

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,802,118	$ -	$ -	$ 3,802,118

Due to their short-term nature, the carrying value of short-term receivables and short-term payables approximate their fair value as of December 31, 2019 and 2018.

Transfers Between Levels
For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

G. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian and therefore these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. These party in interest transactions are exempt from the prohibited transactions rules of ERISA.

H. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by the Custodian. The Custodian received an opinion letter from the IRS, dated May 11, 2009, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through July 6, 2020, the date on which the financial statements were available to be issued.

The global COVID-19 pandemic, along with the government's response and mandated restrictions, has caused substantial economic and industry related challenges. On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) into law. The CARES Act contained some assistance for retirement plans and participants including:

1. Waiving the 10% penalty on early withdrawals up to $100,000 from tax-qualified retirement plans to eligible participants during 2020. Income taxes related to the hardship distribution, to the extent the distribution is taxable, can be paid ratably over three years beginning with the tax year of the distribution. The distribution will not be taxable if it is repaid over the three years after the distribution.
2. Eligible participants are allowed plan loans up to the lessor of $100,000 or 100% of the participant's vested account balance beginning March 27, 2020 and ending 180 days later. Loan repayments will not be required to begin until one year following the date of the loan. Any current outstanding loans as of March 27, 2020 may suspend loan repayments due between March 27, 2020 and December 31, 2020 for one year.
3. Any required minimum distributions are waived during 2020.
4. The CARES Act allows retirement plans to immediately adopt the distribution and loan provisions, even if the retirement plan does not currently allow for such provisions. However, the retirement plan must be amended to allow such provisions. Amendments related to the CARES Act must be adopted no later than the last day of the plan year beginning on or after January 1, 2022.
