NOTES TO FINANCIAL STATEMENTS

A - DESCRIPTION OF PLAN

The following description of the Southwestern Carpets, LLC 401(k) Plan (the “plan”) is provided for general information purposes only. The plan sponsor is Southwestern Carpets, LLC and its affiliate. (See note I.) Participants should refer to the Summary Plan Description (SPD) for additional information.

General

The plan, which was established on and effective as of August 15, 2003, is a qualified defined contribution plan covering all eligible employees of Southwestern Carpets, LLC who have completed six months of service and are 21 years of age or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Pentec Pension Management acts as the third party administrator for the plan. Empower Retirement is the custodian of the plan and has been designated to hold the assets of the plan for the benefit of plan participants and their beneficiaries in accordance with the terms of the plan document. The trust fund established by the plan's custodian will be the funding medium used for the accumulation of assets from which plan benefits will be distributed.

Allocations

Assets of the plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant's account and any earnings thereon.

Contributions

In order to allow participants the opportunity to increase their retirement income, each participant may, in accordance with nondiscriminatory procedures established by the administrator, elect to make employee voluntary contributions to the plan. Such contributions must generally be paid to the custodian within a reasonable period of time after being received by the employer. Employee elective deferrals may be pre-tax 401(k) elective deferral contributions Roth 401(k) deferrals.

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the plan. Such amounts, if incurred, are recorded as a liability in the year in which they are initially contributed to the plan. In addition, they are netted against contributions received in the statement of changes in net assets available for benefits. During 2019, the plan recorded corrective distributions of \$35,898.

The Company may elect to make matching and/or profit sharing contributions to be determined annually by Board of the Company. The Company made a discretionary matching contribution of \$37,198 for the year ended December 31, 2019.

A - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of the participant's accounts plus actual earnings thereon is 25% after year one of service increasing 25% each year until fully vested after four years. A participant is 100 percent vested in employer contributions upon attainment of normal retirement age, death, total disability or after six years of service.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. For termination of service due to other reasons, participants with account balances of \$5,000 or less will receive a full distribution of their account regardless of whether they consent to receive it. If the value of a participant's vested account balance exceeds \$1,000 and the account balance is immediately distributable, the participant must consent to any distribution of such account balance.

A participant may receive a hardship distribution of their salary reduction contributions if the distribution is (1) on account of medical expenses incurred by the participant, their spouse or dependents, (2) to purchase (excluding mortgage payments) a principal residence of the participant, (3) for the payment of tuition, related educational fees and room and board for the next twelve months of post-secondary education for the participant, their spouse, children or dependents, (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence, (5) payments for burial or funeral expenses of your deceased parent, spouse, children or other dependents, or (6) expenses for the repair of damage to your principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

Forfeitures

Under the terms of the Plan, the Employer may use forfeitures to reduce administrative expenses of the Plan, restore forfeited account balances of rehires who are eligible for a restoration or reduce employer contributions. During the current year, the Plan had \$700 of forfeitures. As of December 31, 2019, there were \$127 of unallocated forfeitures.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTES TO FINANCIAL STATEMENTS (Continued)

A - DESCRIPTION OF PLAN (Continued)

Investment options

Upon enrollment in the plan, participants direct the investment of their contributions and the Company contributions into various investment options offered by the plan. The participants exercise control over their investments in the plan and can modify them to meet their need.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time, and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Because the plan is a defined contribution plan, it is not covered by Pension Benefit Guaranty Coverage insurance.

Notes receivable from participants

Loans to participant are permitted under the plan. A participant may borrow the lesser of fifty percent of the present value of their vested interest in the plan (less any outstanding loans) or \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The minimum amount of any loan is \$1,000. All loans are considered directed investment of the participant's account and all payments of principal and interest will be credited to their account. Loan terms may not exceed 5 years. The participant's loan is collateralized by the balance in the participant's account and bears interest at a fixed, commercially reasonable rate. Each loan will be amortized with level payments of principal and interest paid at least quarterly. Participants may only have one loan outstanding at a time.

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis when received. Related fees are charged directly to the borrowing participant's account when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Participant rollovers

Participants are allowed to transfer or rollover funds into the plan from other qualified plans.

Administrative expenses

The plan pays substantially all administrative fees and expense related to maintaining the plan. Contract administrative fees of \$20,085 were charged to the plan in 2019. The sponsor pays audit fees and other overhead and administrative costs. Indirect fees from mutual funds are paid by the plan and are reductions to the earnings of the mutual funds.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the plan's management, who is responsible for their integrity and objectivity.

Basis of presentation and use of estimates

The plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Investment valuation and income recognition

Mutual funds are reported at fair value based on published market prices, which represent the quoted net asset values of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the exdividend date. Net appreciation in fair value of investments includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

Contributions

Contributions from employees are recorded in the period in which the Company makes the payroll deductions from participant earnings. The Company may elect to make matching and/or profit sharing contributions which are recorded at the time of payment.

Plan expenses

Plan expenses are paid by both the Company and the plan.

Payment of benefits

Benefits are recorded when paid.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value measurements

The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3

Fair values are based on at least one significant unobservable input for the asset.

The methods and significant assumptions used to estimate fair values of financial instruments are as follows. There have been no changes in the methodologies used in the previous year.

<u>Asset type</u>	<u>Level</u>	<u>Rationale</u>
Mutual funds	1	Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Following is a summary of plan assets measured at fair value.

INPUT LEVELS BY INVESTMENT CATEGORY

<u>Investment category</u>	<u>Year ended December 31, 2019</u>

For the year ended December 31, 2019, the plan had net realized/unrealized gain (loss) of \$223,948. The carrying value of notes receivable from participants approximate their fair value at December 31, 2019 and 2018, respectively.

Southwestern Carpets, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

C - FIXED ANNUITIES

The Key Guaranteed Portfolio Fund is a general account product offered through a group annuity contract, participant principal and interest are fully guaranteed by the entire general account assets of Great West. The fixed account guarantees a minimum rate of interest for the life of an annuity contract but may credit a higher interest rate from time to time. Interest is credited to the principal and the investment increases through compound interest to create a book value amount to the participant. Amounts allocated to the fixed account are held in funds offered through an insurance company's general account or separate account. Because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

D - TAX STATUS

On August 15, 2014, the Company adopted the prototype plan of Pentec Pension Management Group, Inc., the Plan's third party administrator. The IRS has determined and informed the volume submitter, Pentec, by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with the applicable regulations of the IRC. It is the view of the plan administrator and the plan's counsel that the plan continues to be designed and operated in compliance with the applicable requirements of the IRC and the plan and the related trust continue to be tax exempt. Therefore, no provision for income tax has been included in these financial statements.

E - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (Unaudited)

The Company has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement, as custodian of the plan, has certified that all the following data included in the accompanying financial statements and supplemental schedule is complete and accurate through December 31, 2019.

Total assets as shown in the statement of net assets available for benefits as of December 31, 2019 and 2018.

Net investment income, contributions and expenses as shown in the statement of changes in net assets available for benefits exclusive of the adjustment for corrective distributions for the year ended December 31, 2019.

G - CONCENTRATIONS OF RISK

The following is a summary of financial instruments subject to credit risk at year end.

Notes receivable from participants

As discussed in Note A above, if a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document. Consequently, no allowance for collectability is considered necessary by plan management.

Investment securities

The plan's investments are not insured by agencies of the United States government. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. The maximum amount of loss due to credit risk that the plan would incur if parties to the financial instruments failed to perform according to the terms of the contracts and the collateral, if any proved to be of no value, would approximate the balances that appear on the Statement of Net Assets Available for Benefits.

Southwestern Carpets, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

G - CONCENTRATIONS OF RISK (Continued)

General business economy

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Decline in fair value of investments

Since December 31, 2019, the outbreak of COVID-19 and related global responses have caused material disruptions to businesses around the world, leading to an economic slowdown. Global equity markets have experienced significant volatility and weakness. While governments and central banks have reacted with monetary interventions designed to stabilize economic conditions, the duration and extent of the impact of the COVID-19 outbreak, as well as the effectiveness of government and central bank responses, remains unclear at this time. Subsequent changes, if any, in the fair value of the plan's investments have not been reflected in the financial statements as at December 31, 2019.

H - PARTY IN INTEREST TRANSACTIONS

The plan invests in various investment securities through Empower Retirement, the plan's custodian, as defined by the plan. Therefore, these transactions qualify as "party in interest" transactions. Pentec Pension Management acts as third-party administrator for the plan and is therefore considered a "party in interest". Administrative fees related to the custodian's administration of the plan are paid by the plan. Other administration fees are paid by the plan or the plan sponsor on behalf of the plan.

I - SINGLE EMPLOYER PLAN (RELATED PARTIES)

As defined in ERISA, Single Employer plans are generally established by the management of one employer (or a controlled group of corporations) either unilaterally or through collective bargaining, and the employer is the plan sponsor. By contrast, multiemployer plans are normally negotiated and established pursuant to a collective bargaining agreement between an associated group of employers, such as in the construction trades, and the union representing the employees.

For financial reporting purposes, Southwestern Carpets, LLC 401(k) Plan is considered a single employer plan which includes the employees of Southwestern Carpets, LLC 401(k) Plan and Blinds By Design, LLC, an affiliated company.

Southwestern Carpets, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

J - RECENT ACCOUNTING PRONOUNCEMENTS

Fair value measurement

In August 2018, the FASB issued ASU 2018-13 Disclosure Framework (Topic 820) - Changes to the Disclosure Requirements for Fair Value Measurement. This guidance removes or modifies various disclosures relating to the activity or reconciliations of Level 1, Level 2 and Level 3 fair value measurements. It is effective for interim and annual periods beginning after December 15, 2019. Plan management is currently evaluating this guidance and the impact it will have on the financial statements.

K - DATE OF MANAGEMENT'S REVIEW

The plan's management has evaluated subsequent events through date of the independent auditor's report, which is the date the financial statements were available to be issued.

L - SUBSEQUENT EVENT – COVID -19

COVID -19 (the "Coronavirus")

Plan management is currently evaluating the impact of the COVID -19 pandemic on the Plan and has concluded that while it is reasonably possible that the virus could have a negative effect on the Plan's net assets or changes in net assets, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.
