East Balt 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

1. Description of the Plan

The following description of the East Balt 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of East Balt US, LLC and the related employers (the Company and Plan Sponsor) as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who are at least 21 years of age are eligible to participate. Participants become eligible immediately at time of hire and can enter the Plan on January 1, April 1, July 1, or October 1 following the date that the eligibility requirements are met. Upon enrollment in the Plan, a participant may direct contributions to any combination of available investment options. Effective October 1, 2018, leased and union employees are eligible for participation in the Plan. Bank of America N.A., the Plan's trustee (Trustee) is responsible for the oversight of the Plan. The Plan's finance committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee and to Merrill Lynch Retirement and Benefit Services, the Plan's recordkeeper.

Effective midnight December 31, 2019, the Plan merged with the Bimbo Bakeries USA Savings Plan and the Bimbo Bakeries USA Union Savings Plan (collectively, the "Bimbo Bakeries Plans"). Effective January 1, 2020, participants in the Plan became eligible to participate in the Bimbo Bakeries Plan.

Contributions

Participants may contribute up to 100 percent of pretax annual compensation (salary reduction contributions), as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions) with the consent of the plan administrator. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at one percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 100 percent of the first three percent of base compensation that a participant contributes to the Plan plus 50 percent of the amount between three and five percent of base compensation that a participant contributes to the Plan. Company contributions are subject to the applicable limits of the IRC. Leased and union employees are not eligible for Company contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, as well as an allocation(s) of the Plan's earnings or losses. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's eligible compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their participant, Company, and rollover contributions, plus earnings thereon. Employees who were participants in the East Balt, Inc. Retirement Savings Plan are 100 percent vested in their account balance transferred in to the Plan.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate ranging from 4.25 percent to 6.50 percent at December 31, 2019, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions and are reimbursed in the investment option(s) designated by the participant. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, in-service withdrawals or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments over a period of time as defined by the Plan document. Participants experiencing financial hardship may withdraw a portion of this account balance if certain criteria are met, as defined in the plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis and represent the net assets available for benefit and changes in those assets in accordance with principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's finance committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

December 31, 2019 and 2018

Expenses

Certain expenses of the Plan are paid by the Company. In addition, certain administrative expenses of the Plan are paid through asset-based fee payments from investment managers and also through Plan assets. These payments are not shown on the Plan's financial statements as they are netted against net appreciation in the fair value of investments. The Plan received no such asset-based payments during the year ended December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 25, 2020, the date the financial statements were available to be issued.

On January 2, 2020, remaining plan assets in the amount of \$25,908,028 were transferred to the Bimbo Bakeries Plans.

3. Information Certified by Trustee - (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Trustee has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

East Balt 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investments that are registered with the Securities Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The stable value fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Daily unit values are determined by dividing the Fund's net assets by the number of participating units outstanding on the valuation date. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or redemption restrictions for participant initiated transactions. Were the Plan to initiate a full redemption from the trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,908,028	\$ -	\$ -	\$ 25,908,028
Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,534,702	\$ -	\$ -	\$ 18,534,702
Total assets in the at fair value hierarchy				18,534,702
Investment measured at net asset value (a)				1,486,173
Total investments at fair value				\$ 20,020,875

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan, who invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

6. Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan pays administrative fees to the Merrill Lynch Retirement Services, an affiliate of the Trustee for certain recordkeeping transactions. These fees are included as part of administrative expenses, a deduction from Plan assets for the year ended December 31, 2019, and qualify as party-in-interest transactions. As described in Note 1, asset based fees were also paid to Merrill Lynch Retirement Services for recordkeeping services. These transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants which are secured by the participant's account balance. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan held one such investment totaling \$25,908,028 and \$6,947,945, respectively.
