NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the AS America, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of American Standard Brands (the "Company") with no service requirement, except employees must be employed at the end of the year to receive profit sharing contributions. Employees are automatically enrolled in the Plan at a 5% deferral rate 30 days after the employees' date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute pre-tax and after tax contributions up to the lessor of 75% of compensation or the maximum allowed under the Internal Revenue Code ("IRC"), as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from another qualified plan. In addition, the Company contributes a safe harbor matching contribution equal to 100% of the first 3% of employee salary deferrals and 50% of the next 2% of employee salary deferrals. The Company also has the option to make a discretionary non-elective contribution. No non-elective contributions were made for the years ended December 31, 2019 and 2018, respectively. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, contributions or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting schedule provides for 100 percent vesting of employer contributions after three years of credited service for all contributions previously made before switching to a safe harbor plan. Due to closing of plants, mergers or other events, certain classes of employees are subject to different vesting schedules as detailed in the plan document. Participants are immediately vested in safe harbor contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides that participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing interest rates charged on similar loans under like circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

RETIREMENT, DEATH AND DISABILITY BENEFITS

Under the Plan, a participant upon retirement, death or disability, shall become 100 percent vested in their entire account.

PAYMENT OF BENEFITS

Upon separation of service for any reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in installment payments. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship.

FORFEITED ACCOUNTS

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $86,307 and $89,576, respectively. These accounts will be used to pay plan expenses and to reduce future employer contributions. During 2019 and 2018, $3,592 and $2,154 in forfeitures were used to reduce employer contributions. Also during 2019 and 2018, $14,750 and $16,131 in forfeitures were used to pay plan expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Related fees are recorded as administrative expenses and expensed when they are incurred.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS (UNAUDITED)

Fidelity Management Trust Company (the "Trustee") held the Plan's investments and executed transactions during the plan years. In accordance with the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Trustee with respect to the completeness and accuracy of the investment information, notes receivable from participants and related income as provided by the Trustee. This investment information, notes receivable from participants and related income which is included in the accompanying financial statements and supplementary schedule is based on information provided by the Trustee and has not been audited by the independent auditors of the Plan.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan invested in funds managed by the Trustee of the Plan and notes receivable from participants, and therefore, these transactions qualify as party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Some fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The Plan paid other investment advisory, recordkeeping and administration fees to the Trustee, Hancock Whitney Bank, Strategic Advisory, Inc. and audit fees to Kruggel, Lawton & Company, LLC which also qualify as party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 6 - TAX STATUS AND PLAN AMENDMENTS

The Plan uses a volume submitter document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Mutual Funds.* Valued at the published daily net asset value (NAV) of shares held by the Plan at year-end.

- *Stable Value Fund*. Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Wells Fargo may, at its sole discretion, impose restrictions on issues and redemptions of units. The plan administrator does not believe that any events which would limit the Plan's ability to transact at NAV with participants are probable of occurring. The collective trust fund's objective is to provide a moderate level of stable income. It is 100% invested in the Wells Fargo Stable Return Fund G.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2019 and 2018.

Investment Assets at Fair Value as of December 31, 2019

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

NOTE 10 - SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

Although the Company cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have an adverse effect on the future contributions to the Plan as well as the fair market value of investments held by the Plan for fiscal year 2020.

The Company has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued. Except as noted above, no additional events or transactions occurred during this period which require recognition or disclosure in the financial statements.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the AS America, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of American Standard Brands (the "Company") with no service requirement, except employees must be employed at the end of the year to receive profit sharing contributions. Employees are automatically enrolled in the Plan at a 5% deferral rate 30 days after the employees' date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute pre-tax and after tax contributions up to the lessor of 75% of compensation or the maximum allowed under the Internal Revenue Code ("IRC"), as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from another qualified plan. In addition, the Company contributes a safe harbor matching contribution equal to 100% of the first 3% of employee salary deferrals and 50% of the next 2% of employee salary deferrals. The Company also has the option to make a discretionary non-elective contribution. No non-elective contributions were made for the years ended December 31, 2019 and 2018, respectively. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, contributions or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting schedule provides for 100 percent vesting of employer contributions after three years of credited service for all contributions previously made before switching to a safe harbor plan. Due to closing of plants, mergers or other events, certain classes of employees are subject to different vesting schedules as detailed in the plan document. Participants are immediately vested in safe harbor contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides that participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing interest rates charged on similar loans under like circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

RETIREMENT, DEATH AND DISABILITY BENEFITS

Under the Plan, a participant upon retirement, death or disability, shall become 100 percent vested in their entire account.

PAYMENT OF BENEFITS

Upon separation of service for any reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in installment payments. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship.

FORFEITED ACCOUNTS

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $86,307 and $89,576, respectively. These accounts will be used to pay plan expenses and to reduce future employer contributions. During 2019 and 2018, $3,592 and $2,154 in forfeitures were used to reduce employer contributions. Also during 2019 and 2018, $14,750 and $16,131 in forfeitures were used to pay plan expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Related fees are recorded as administrative expenses and expensed when they are incurred.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS (UNAUDITED)

Fidelity Management Trust Company (the "Trustee") held the Plan's investments and executed transactions during the plan years. In accordance with the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Trustee with respect to the completeness and accuracy of the investment information, notes receivable from participants and related income as provided by the Trustee. This investment information, notes receivable from participants and related income which is included in the accompanying financial statements and supplementary schedule is based on information provided by the Trustee and has not been audited by the independent auditors of the Plan.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan invested in funds managed by the Trustee of the Plan and notes receivable from participants, and therefore, these transactions qualify as party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Some fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The Plan paid other investment advisory, recordkeeping and administration fees to the Trustee, Hancock Whitney Bank, Strategic Advisory, Inc. and audit fees to Kruggel, Lawton & Company, LLC which also qualify as party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 6 - TAX STATUS AND PLAN AMENDMENTS

The Plan uses a volume submitter document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Mutual Funds.* Valued at the published daily net asset value (NAV) of shares held by the Plan at year-end.

- *Stable Value Fund*. Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Wells Fargo may, at its sole discretion, impose restrictions on issues and redemptions of units. The plan administrator does not believe that any events which would limit the Plan's ability to transact at NAV with participants are probable of occurring. The collective trust fund's objective is to provide a moderate level of stable income. It is 100% invested in the Wells Fargo Stable Return Fund G.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2019 and 2018.

Investment Assets at Fair Value as of December 31, 2019

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

NOTE 10 - SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

Although the Company cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have an adverse effect on the future contributions to the Plan as well as the fair market value of investments held by the Plan for fiscal year 2020.

The Company has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued. Except as noted above, no additional events or transactions occurred during this period which require recognition or disclosure in the financial statements.
