NOTE 1 – DESCRIPTION OF THE PLAN

The following description of MTT Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established by Medical Technology Transfer Corporation (the "Company" or "Employer") to provide benefits to eligible employees, as defined in the Plan documents. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company has appointed a Plan administrator to manage the operation and administration of the Plan. The Company has contracted with Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the "trustee" or "Great-West") to act as the trustee and recordkeeper to process and maintain the records of participant data; Ascensus Holdings, Inc. as third-party administrator; and LPL Financial LLC to act as an investment advisor to the Plan.

Eligibility

All employees who are age 21 or over and have completed 500 hours of service within the six-month time period following their date of hire, are eligible to participate in the Plan. If the employee does not complete 500 hours of service within the six-month time period of employment, then he or she will have satisfied the service requirement with one year of service. The eligible participant may enter the Plan on the first day of the following calendar quarter.

Effective November 1, 2019, the Plan was amended, to change the entry date by an eligible employee. Going forward, the entry date is the calendar month following the date of eligibility.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contributions and the employer's contribution, if any. Plan earnings are allocated based on participant account balances, as defined in the Plan.

Participant Contributions

Each year, participants may enter into a salary deferral agreement and contribute any amount, with a minimum of 1% of compensation and not to exceed elective deferral limits imposed by the IRC, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants are also allowed to make rollover contributions to the Plan from another qualified retirement plan or from an IRA. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

On April 26, 2016, the Plan was amended to include an automatic salary deferral feature. Accordingly, once a participant is eligible, and unless an alternative salary deferral election is made, the Employer will automatically withhold 3% of eligible compensation and contribute that amount to the Plan as a pretax deferral.

Employer Contributions

As defined in the Plan, the Employer may make elective matching contributions at its sole discretion. In 2019, the Employer matched the lower of 25% of each participant's deferral contribution, or 1.5% of salary, for a maximum of $4,200 per participant. All Employer contributions are invested in the same manner that the participant directs his or her investments.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Great-West website.

Vesting

Plan participants are immediately vested in their contributions including actual earnings thereon. In addition, participants are entitled to a portion of the discretionary employer contributions based on their years of services over a five-year vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 1 year	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 of more years	100%

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior 12-month period. The loans are secured by the balance in the participant's account and bear a rate of interest as determined by the Plan administrator, based on the prevailing interest rates charged by persons in the business of lending money under similar circumstances. Notes receivable from participants at December 31, 2019 and 2018 bear interest ranging from 4.25% to 6.50% and mature through February 2024.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Loan terms are specified for each loan. Loans must be repaid within a five-year period, unless the loan is used to purchase a principal residence. Principal and interest are paid ratably through biweekly payroll deductions.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $317 and $418, respectively. These accounts may be used to pay Plan expenses, reduce nonelective contributions, or reduce any future matching contributions. During 2019, forfeitures were used to reduce the 2019 Employer contribution.

Plan Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the trustee and custodian and independent public accountants, may be paid by the Employer. Administrative expenses not paid by the Employer are paid by the Plan. Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected, net of these fees. Expenses that are paid by the Company are excluded from the financial statements.

Payment of Benefits

Active participants may withdraw amounts from their accounts up to their entire vested interest if they attain the age of 59 ½ years or qualify for financial hardship.

Upon death or disability, the participant may elect to receive a lump-sum cash payment and they immediately become 100% vested in their account balance. An employee who terminates employment with a vested account balance of $5,000 or less will receive an involuntary cash-out distribution.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with the Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recoded as of December 31, 2019 and 2018.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan provides for various investments options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

In March 2020, the World Health Organization declared the COVID-19 outbreak a public health emergency of international concern and declared it to be a pandemic on March 11, 2020.

The disruption resulting from the COVID-19 pandemic is currently expected to be temporary, but there is considerable uncertainty around the duration and the Company expects this matter to negatively impact its operating results. However, the related financial impact and duration cannot be reasonably estimated at this time.

The Coronavirus Aid Relief and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

The Plan administrator has evaluated subsequent events through September 25, 2020, which is the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements, or disclosure in the notes to the financial statements.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. According, Great-West, the trustee of the Plan, have certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018;

- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Assets reflected on the supplemental schedule of assets (Held at End of Year) as of December 31, 2019.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Registered investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,800,104	$ -	$ -	$ 2,800,104

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,312,495	$ -	$ -	$ 2,312,495

NOTE 5 – GROUP ANNUITY CONTRACT WITH GREAT-WEST FUNDS

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West, totaling $89,269 and $80,866 as of December 31, 2019 and 2018, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 – UNCERTAIN TAX POSITIONS

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 8 – PLAN TERMINATION OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions. Net assets available for benefits would be distributed to the participants, based on each participant's interest in the Plan.

NOTE 9 – INTERNAL REVENUE SERVICE STATUS

Effective March 31, 2008, the Plan adopted a prototype plan sponsored by Medical Technology Transfer Corporation. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

The Plan administrator believes the amendments to the original Plan document will not adversely impact the Plan's compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 10 – NONEXEMPT TRANSACTIONS

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and Employer.

During 2016, the Plan sponsor failed to remit contributions to the trustee as a result of an administrative error. Delinquent participant contributions for the 2016 plan year included $3,066 of employee contributions and $253 of loan repayments.

NOTE 10 – NONEXEMPT TRANSACTIONS (Continued)

During 2019, the Plan sponsor failed to deposit $72 of participants' contributions within the required timeframe as defined by the United States Department of Labor's regulations. The Company deposited the contributions with the trustee in 2020.

The Employer intends to reimburse the Plan for lost interest, file Form 5330, and pay the applicable excise tax in 2020. The excise tax payments will be made from the Employer's assets, and not from assets of the Plan.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, and December 31, 2018, to the Form 5500:
