NOTE A – PLAN DESCRIPTION

The following description of the Patreon 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution plan sponsored by Patreon, Inc. (the "Company" and "Employer"), with a plan year end of December 31st. The original Plan was organized January 1, 2016 and was most recently restated September 1, 2019 to include an auto-enrollment provision. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ELIGIBILITY
The Plan covers substantially all employees of the Company with no minimum age requirement or service requirement. An employee may enter the Plan at any time after their date of hire.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to make pre-tax contributions to the Plan from 1 to 90% of eligible compensation, or any set dollar amount, subject to a maximum annual limitation set by the Internal Revenue Service (IRS). After-tax Roth contributions are also permitted. As of September 1, 2019, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested into the specific retirement age-based fund based on their anticipated retirement age at the time of their enrollment, until changed by the participant. Participants who have attained age 50 or more before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan using amounts distributed to them from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary matching and/or non-elective contributions to the Plan. Participants must be employed on the last day of the Plan year to receive these Company contributions. For the plan year ended December 31, 2019 and 2018, no discretionary Company contributions were made to the Plan. Contributions are subject to certain IRS limitations. Company contributions are invested as directed by the participant.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution as well as the Company's contributions if applicable, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING AND FORFEITURES
Participants are immediately vested in their elective (voluntary) contributions, Company discretionary contributions, and income or loss thereon. There was no balance in the forfeiture account at December 31, 2019, and 2018. Forfeitures can be used to reduce Employer contributions or pay Plan expenses. No amounts were available or were used during the 2019 Plan year from the forfeiture account.

PAYMENT OF BENEFITS
Distributions of benefits are defined in the Plan document. Generally, upon termination of employment, death, disability, or normal retirement, a participant (or designated beneficiary) may elect to receive 100% of his or her vested account balance in either a lump sum cash payment or a direct rollover to another qualified plan, or partial payouts. Participants who have attained age 59 1/2 may also withdraw all or a portion of their vested account balances. Minimum distributions are required once the participant reaches age 70 1/2. Distributions in the event of a financial hardship are also permitted.

NOTE A – PLAN DESCRIPTION – Cont.

NOTES RECEIVABLE FROM PARTICIPANTS
Participants may borrow from their accounts up to the lesser of one-half of the participant's total vested account balance or $50,000. The minimum loan amount is $500. The loans are secured by the balance in the participant's account. Repayment of loans shall not exceed 5 years except for loans used to acquire the participant's principal residence in which case the loan term may not exceed 30 years. Loans bear interest at prime plus one percent and are repaid ratably through payroll deductions. The Plan allows two participant loans to be outstanding at any given time.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from the estimates that were used.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

PAYMENT OF BENEFITS
Benefit payments to participants and their beneficiaries are recorded when paid.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of the investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through September 21, 2020, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after September 21, 2020.

NOTE C – INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Reliance Trust Company, the custodian, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.
b. Net investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs the three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019. and 2018.

Mutual Fund Shares: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,192,785	$ -	$ -	$ 4,192,785
Investments at Fair Value	$ 4,192,785	$ -	$ -	$ 4,192,785

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,699,983	$ -	$ -	$ 1,699,983
Investments at Fair Value	$ 1,699,983	$ -	$ -	$ 1,699,983

For the year ended December 31, 2019 and 2018, there were no transfers between levels.

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company is the custodian of plan assets and ADP provides third party administrative services, and therefore these transactions qualify as party-in-interest transactions, along with the notes receivable from participants. Fees incurred by the Plan for the investment management services are included in the net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payout.

Audit fees and certain other administrative expenses are rendered by parties in interest and are paid by the Company. The Company also provides certain administrative services for the Plan for which it receives no compensation.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – TAX STATUS

The Plan, which is a prototype plan sponsored by ADP, LLC, has received a favorable opinion letter dated July 8, 2014 in which the Internal Revenue Service has stated that the Plan Document is acceptable under section 401 of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the plan is qualified, and the related trust is tax-exempt.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts including employer contributions.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net plan assets available for benefits per the financial statements as of December 31, 2019 and 2018, to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 4,293,324	$ 1,763,413
Less: contributions receivable	(68,711)	(63,430)
Net assets available for benefits per the Form 5500	$ 4,224,613	$ 1,699,983

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2019 to the Form 5500:

	2019
Contributions per the financial statements	$ 2,294,416
Less: 2019 contributions receivable	(68,711)
Add: 2018 contributions receivable	63,430
Contributions per the Form 5500	$ 2,289,135

NOTE J – SUBSEQUENT EVENT

In the first three quarters of 2020, a novel strain of coronavirus has caused general business disruption throughout North America. It has also created frequent financial market fluctuations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Therefore, while the Plan does not expect this matter to result in Company layoffs or employee terminations over the next few months, the related overall long-term impact to the Plan and the duration of the impact cannot be reasonably estimated at this time.

The Plan Document was amended effective January 1, 2020, to reflect the change in address of the Plan Sponsor. No plan provisions were changed. Participants should refer to the full Plan Document for a complete list of all Plan provisions.
