Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bourns, Inc. Profit Sharing and Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Bourns, Inc. Profit Sharing and Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a defined contribution profit sharing and 401(k) plan established by Bourns, Inc. on January 1, 1993, at which time the assets from four previously-existing plans were transferred into the Plan. The Plan covers all United States employees of Bourns, Inc.; its subsidiary, CAI Barrington, Inc.; and employees of certain foreign affiliates as elected by Bourns, Inc. (collectively, referred to as the "Company").

Vanguard Fiduciary Trust Company serves as trustee of the trust assets. The trustee accounts for all assets of the trust, independently determines the value of trust investments, and is required to regularly provide an accounting of all receipts, disbursements, and transactions made on behalf of the trust.

Under the terms of the Plan, the Investment Review Committee, consisting of members appointed for indefinite terms by the Board of Directors of the Company, has primary oversight authority for matters related to plan investments and plan investment choices. The Audit Committee of Bourns, Inc. has primary oversight authority for matters related to the financial statements of the Plan. The Executive Compensation Committee of Bourns, Inc. has primary oversight authority for matters related to plan design and plan benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is in conformity with all subsequent applicable tax law changes.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching the age of 21 and completing three months of service. Starting in 2008, new employees who have met the eligibility requirements are automatically enrolled in the Plan at a contribution rate of 2 percent for the first year, increasing automatically by 1 percent each year to a maximum of 10 percent. Employees are eligible for the Company's profit sharing contribution after reaching the age of 21 and completing one year of service. Participation in the 401(k) plan is voluntary and the employee has the option to opt out of the Plan and also to opt out of the automatic 1 percent increase. Contribution rates for employees enrolled prior to 2008 do not increase automatically unless the employee elects to participate in the automatic increase option. Effective May 1, 2019, the Plan increased the rate in which eligible participants are automatically enrolled from 2 percent to 5 percent.

Contributions

Participant contributions – Participants may elect to defer up to 50 percent of eligible compensation per pay period up to the amount allowed by the Internal Revenue Code (IRC) on either a pre-tax or after tax basis. Both company and participant contributions are allocated to various investment funds based on the elections made by the participant. Contributions of participants automatically enrolled are allocated by default to a target date retirement fund based on age.

Note 1 – Description of Plan (continued)

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company matches 100 percent of each participant's contribution up to 3 percent of eligible compensation and 50 percent of each participant's contribution above 3 percent up to a maximum of 5 percent of eligible compensation. The Company may make additional profit sharing contributions to the Plan in an amount determined at the sole discretion of the Company's Board of Directors. Company profit sharing contributions are allocated among eligible participants in the ratio that each eligible participant's number of credits bears to the total number of credits of all eligible participants. Each eligible participant receives one credit for each $100 of eligible compensation, subject to maximum compensation limitations, and one credit for each year of service. For the 2019 plan year, the Company made discretionary matching contributions and a discretionary profit sharing contribution of $1,052,866 and $1,000,000, respectively, to the Plan.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company-matching contributions as well as allocations of the Company's profit sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions, the Company-matching contributions, and any earnings thereon. Participants vest in the Company's profit sharing contributions based on the following schedule.

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

In the event of termination of employment at age 60 or above, permanent disability, or death, participants are 100 percent vested in the Company profit sharing contributions regardless of the number of years of service.

Note 1 – Description of Plan (continued)

Notes receivable from participants – Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through biweekly payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.25 to 6.50 percent with various maturities through November 2024.

Payment of benefits – Upon death or termination of employment with the Company, or any time thereafter, a participant (or if the participant is deceased, the beneficiary) may request a distribution of vested benefits. If no request for distribution is made, a participant's vested benefit will remain in the Plan until the participant is required to begin distributions in accordance with IRC section 401(a)(9)(c). A participant eligible for a distribution may elect one (or a combination) of the following methods of distribution: (1) one-time partial distribution; (2) lump-sum distribution; or (3) installment payments. If the participant's vested account balance does not exceed $1,000, the participant's account will be distributed in a lump sum upon death or termination of employment with the Company. In addition, in accordance with IRC section 401(k)-1(d)(3)(i), hardship withdrawals are allowed to satisfy an immediate and heavy financial need.

Forfeitures – In the event a participant terminates employment prior to becoming fully vested, the participant is entitled to receive a distribution of the vested portion of his or her account balance and the non-vested portion of the participant's account balance becomes a forfeiture. Forfeitures are maintained in a separate account and may, at the Company's discretion, be applied to the payment of the Plan's administrative expenses, to restore participants' individual accounts or to reduce company contributions. Forfeitures in the amount of $10,000 were used to reduce the Company's profit sharing contributions in March 2020. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $41,936 and $64,424, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Vanguard Fiduciary Trust Company, certifies the fair market value of all other investments. If available, quoted market prices are used to value investments.

Note 2 – Summary of Significant Accounting Policies (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are paid by the Plan and are included in administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued. Note 9 provides disclosure of certain subsequent events that did not result in recognition in the financial statements.

The Plan has evaluated subsequent events through September 18, 2020, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Note 3 – Fair Value Measurements (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2019 and 2018.

Registered investment companies (mutual funds and money market funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Collective trust – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments and redemption restrictions at December 31, 2019 and 2018.

Note 3 – Fair Value Measurements (continued)

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 103,435,147	$ -	$ -	$ 103,435,147

Collective trust				15,625,500
Investments at fair value				$ 105,253,275

Note 4 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 28, 2014, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 6 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Party-in-Interest Transactions

The Plan has not considered Company contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions. Certain plan investments are shares of mutual funds managed by Vanguard Investment Group. Vanguard Fiduciary Trust Company, an affiliate of Vanguard Investment Group, is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for administrative expenses were $37,125 for the year ended December 31, 2019.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested and all assets remaining in the Plan shall be converted into cash, and the net amount realized after the payment of fees and expenses associated with the conversion shall be distributed to the participants in proportion to the participants' relative account balances as of the date of such termination.

Note 9 – Subsequent Events

In January 2020, the World Health Organization (WHO) announced a global health emergency due to COVID-19 and subsequently, in March 2020, the WHO classified the emergency as a pandemic (the "Pandemic"). The Pandemic has triggered volatility in financial markets and an overall negative impact on the global economy. As of the date of this report, the Plan has not incurred a significant decline in fair value since December 31, 2019; however, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that could be recognized in subsequent periods, if any, cannot be determined. The full impact of the Pandemic continues to evolve as of the date of this report.

In response to the COVID-19 outbreak, the CARES Act was signed into law March 27, 2020. The CARES Act includes one mandatory provision to waive required minimum distributions for 2020. It also includes optional provisions, which the Plan has elected to apply, including delaying loan repayments for up to one year for participants who elect to do so, allowing participants to take loans of up to $100,000 and 100% of their account balance from April through September 2020, and allowing participants to take a CARES Act distribution of up to $100,000 if they have experienced adverse financial impacts due to COVID-19.
