INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Progressive Machine & Design, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Progressive Machine & Design, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Progressive Machine & Design, LLC 401(k) Plan (the "Plan") provides only general information. The Plan was established to provide tax-deferred retirement savings to eligible employees. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all eligible employees of Progressive Machine & Design, LLC and its affiliated company Global Packaging Systems, LLC (collectively known as the "Company"). Employees must be age eighteen or older for participation in the employee elective deferral contributions of the Plan. Employees that have completed one month of service are eligible for the employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan agreement provides that participants shall be permitted to make contributions not to exceed the ceiling imposed by the Internal Revenue Service of $19,000 and $18,500 for the years ended December 31, 2019 and 2018, respectively. If a participant is age 50 or over, the ceiling is increased to $25,000 and $24,500 for the years ended December 31, 2019 and 2018, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make an annual discretionary contribution out of current or accumulated profits. The amount of contributions made in a given year is left solely to the discretion of the Company.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations of plan earnings and administrative expenses are based on participant account balances or specific participant transactions, as defined. Allocations of the Company's contributions are based on participants' compensation for the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. The stated rate was between 4.25 and 6.50 percent at December 31, 2019 and 2018. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures - Forfeitures arising under the Plan may be used to reduce the Company's matching contributions and administrative expenses. Unallocated forfeitures as of December 31, 2019 and 2018 amounted to $12,923 and $4,526, respectively. During 2019 and 2018, $4,525 and $26,827, respectively, of forfeitures were used to reduce the Company's matching contributions.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors, custodians and the insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

	2019	2018
Investments, at fair value	$ 21,177,049	$ 15,752,390
Notes receivable from participants	$ 299,589	$ 326,260
Investment income (loss)	$ 3,499,746	$ (814,410)
Interest income on notes receivable from participants	$ 17,308	$ 17,596

Note 4. Fair Value Measurements

ASC 820-10 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market - Valued at the net asset value of shares held by the Plan at year-end (Level 1).

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common Collective Trust - Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are summarized below:

	December 31, 2019	
	Level 1	Total
Money market funds	$ 119,781	$ 119,781
Mutual funds	20,416,532	20,416,532
Total assets in the fair value hierarchy	20,536,313	20,536,313
Investments measured at net asset value (a)	-	640,736
Investments at fair value	$ 20,536,313	$ 21,177,049

	December 31, 2018	
	Level 1	Total
Money market funds	$ 80,631	$ 80,631
Mutual funds	15,048,470	15,048,470
Total assets in the fair value hierarchy	15,129,101	15,129,101
Investments measured at net asset value (a)	-	623,289
Investments at fair value	$ 15,129,101	$ 15,752,390

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5. Net Asset Value (NAV) Per Share

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value Using Net Asset Value per Share December 31, 2019	
	Fair Value *	Unfunded Commitment
Common collective trust - stable value (b)	$ 640,736	$ -

	Fair Value Using Net Asset Value per Share December 31, 2018	
	Fair Value *	Unfunded Commitment
Common collective trust - stable value (b)	$ 623,289	$ -

* The fair values of the investments have been estimated using the net asset value of the investment.

(b) Strategies seek to invest in a variety of investment contracts offered by major insurance companies and other approved financial institutions and in certain types of fixed income securities.

Note 6. Related Party and Party-In-Interest Transactions

The Plan pays administrative fees to its trustee and these transactions are non-prohibited party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $49,104 and $46,508 for the years ended December 31, 2019 and 2018, respectively. Participant loans also qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 21,476,638	$ 16,078,650
Differences in:		
Certain deemed distributions of participant loans	(22,241)	-
Net assets available for benefits per the Form 5500	$ 21,454,397	$ 16,078,650

	2019	2018
Certain deemed distributions of participant loans per the financial statements	$ 1,395	$ -
Certain deemed distributions of participant loans	22,241	-
Certain deemed distributions of participant loans per the Form 5500	$ 23,636	$ -

Note 11. Subsequent Event

The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of COVID-19 virus on a national, regional and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the Plan and its future results and financial position is not presently determinable.
