1. DESCRIPTION OF PLAN

The following description of the Stellar Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan was established by Stellar Services, Inc. (the "Company" or "Employer") effective January 1, 2003. The Plan is a defined contribution plan, which covers all eligible employees of the Employer, except employees covered by a collective bargaining agreement and non-resident aliens. Employees must be twenty-one years of age and complete one month of service during the Plan year to be eligible to participate in elective deferrals. The contributory portion of the Plan is based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan are made by the participants. Participants may elect to make pre-tax elective deferrals from 1% to 30% of their gross pay, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Employer, at its discretion, may make a matching contribution. For the year ended December 31, 2019, except as noted below, the Employer made matching contributions equal to 100% of the first 6% of the participant's compensation contributed to the Plan subject to certain limitations as specified in the Plan agreement. During the second quarter of 2019, in order to incentivize participation to the Plan, the Employer temporarily increased its matching contributions to 200% of the first 6% of the participant's compensation contributed to the Plan subject to certain limitations as specified in the Plan agreement. Employer matching contributions for the year ended December 31, 2019 totaled $746,387.

In addition, the Employer may make discretionary profit sharing contributions at the option of the Employer's Board of Directors. This contribution is determined each year by the Employer. There were no Employer discretionary profit sharing contributions for the year ended December 31, 2019.

Participant Accounts

Each account is credited with the participant's contribution, an allocation of the Employer's contribution and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of earnings are based on participant account balances, participant account earnings, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants are not permitted to borrow from their account in the Plan.

Investment Options

Participants may direct Ascensus Trust Company, the trustee of the Plan, to invest their elective 401(k) contributions, rollovers, if any, as well as Employer matching contributions to the Plan in any of the available mutual or money market funds. Participants can individually determine their investment options based on desired level of risk and return for all contributions (Employer and participant) to the Plan.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. A participant is entitled to 100% of his or her vested account balance upon retirement, death or disability. Vesting in the discretionary Employer contributions is based on years of service in accordance with the following:

Years of Service	Vested Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump sum distribution or in installment payments.

Administrative Expenses

The Employer has elected to pay all administrative expenses incurred by the Plan except for certain transaction fees such as distribution requests, which are paid by the Plan. Direct compensation paid by the Plan to the outside third party administrators for these transaction fees totaled $18,915 for the year ended December 31, 2019. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts

Forfeitures may be used to reduce Employer contributions to the Plan or to pay Plan expenses. At December 31, 2019 and 2018, forfeiture nonvested amounts totaled $59,974 and $37,039, respectively. During the year ended December 31, 2019, $15,278 was forfeited by withdrawing participants, $437 was used to pay Plan expenses, and the forfeiture account earned $8,094 in investment income.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in publicly traded mutual funds are stated at fair value based upon quoted market prices. Fund transactions are accounted for on the trade date (date the securities are purchased and sold). Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation/depreciation in the fair value of its investments, which consists of realized gains and losses on investments bought and sold during the year and the unrealized appreciation/depreciation on investments held at the end of the year.

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The codification establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about inputs market participants would use at the measurement date.

The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1 – Valuation based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Valuation based on quoted prices for similar assets or liabilities in active markets; for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the financial instrument has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the financial instrument.

Level 3 – Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Management Fees and Administrative Expenses

Investment management fees and administrative expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Ascensus Trust Company, has certified that the following data included in the accompanying financial statements is complete and accurate.

	December 31, 2019	December 31, 2018
Mutual funds	$ 11,945,790	$ 8,406,230
Money market funds	1,399,191	1,006,097
Total	**$ 13,344,981**	**$ 9,412,327**

	Year Ended December 31, 2019
Investment income:	
Net appreciation in fair value of investments	$ 2,194,483
Interest and dividend income	195,374
Total investment income	**$ 2,389,857**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2019 and 2018:

		Fair Value Measurements at December 31, 2019		
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	$ 1,399,191	$ 1,399,191	$ -	$ -
Mutual funds	11,945,790	11,945,790	-	-
	$ 13,344,981	**$ 13,344,981**	**$ -**	**$ -**

3. INVESTMENTS (CONTINUED)

	Total	Fair Value Measurements at December 31, 2018 Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	$ 1,006,097	$ 1,006,097	$ -	$ -
Mutual funds	8,406,230	8,406,230	-	-
	$ 9,412,327	**$ 9,412,327**	**$ -**	**$ -**

Mutual funds are valued at the quoted market prices of shares held by the Plan at year end. Money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. TAX STATUS

The Plan has adopted a prototype plan, which has obtained an Internal Revenue Service ("IRS") letter on March 31, 2014, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, Plan management believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted on March 27, 2020 in the United States. In consideration of the recent enactment of this legislation, the Plan determined not to adopt the new rules which eliminate tax penalties on certain early withdrawals and relax certain rules on loans for those affected by COVID-19. The full impact of the COVID-19 outbreak continues to evolve as of the date of the auditor's report.

The Plan has evaluated subsequent events through September 23, 2020, which is the date the financial statements were available to be issued.
