Corporate Visions, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

1. Plan Description

The following description of the Corporate Visions, Inc. 401(k) Plan (the "Plan") is provided for general purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees except those covered under a collective bargaining agreement and non-resident aliens with no U.S. source income (as defined in the plan document) of Corporate Visions, Inc. (the "Company"). The Plan is administered by a third party and qualified under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

An employee of the Company becomes an eligible participant in the Plan following 1 month of service. Participants can enter the Plan on the first day of each calendar month of the plan year, coincident with or next following the satisfaction of the eligibility requirement.

Contributions

Each year, a participant may contribute up to 100% of their eligible compensation to the Plan on a pre-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, participants age fifty or older are allowed to make catch-up contributions as defined in the Plan. Contributions are subject to certain IRC limitations. The Company may, at its discretion, make matching contributions and profit sharing contributions for the plan year. The Company did not make any matching contributions and profit sharing contributions for the years ended December 31, 2019 and 2018. Employer contributions related to lost earnings on prior years' delinquent participant contributions totaled \$470 and \$0 for the years ended December 31, 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit sharing contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals and losses on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Corporate Visions, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

1. Plan Description (*continued*)

Vesting

A participant is 100% vested in their contributions plus allocated earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of continuous service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Investment Options

Upon enrollment in the Plan, participants may direct their elective contributions and Company contributions into the various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan per participant can be outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Loans must be repaid over a period not to exceed five years, except in the case of loans incurred for the purchase of a primary residence, which can be repaid over a period of up to thirty years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the vested balance is \$5,000 or less. If the participant's vested interest is over \$5,000, the participant may elect to receive payment in a lump-sum amount or installments paid over certain number of years selected by the participant. Hardship distributions are permitted under the Plan.

Corporate Visions, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

1. Plan Description (*continued*)

Forfeitures

Forfeitures can be used to reduce the Company's matching contributions, or pay administrative expenses. Unallocated forfeited non-vested accounts totaled \$60,047 and \$48,962 at December 31, 2019 and 2018. There were no forfeitures used to reduce the Company's matching contributions or pay administrative expenses in 2019 and 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2019 and 2018, all of the Plan's investments, that were valued at fair value, were valued using Level 2 inputs.

Investment Valuation and Income Recognition

Pooled separate accounts are valued at fair value as reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. Guaranteed interest accounts are recorded at contract value which represents contributions made, plus earnings, less participant withdrawals and administrative expenses.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Corporate Visions, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

2. Summary of Significant Accounting Policies *(continued)*

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through September 21, 2020, the date which the financial statements were available to be issued.

3. Information Certified *(Unaudited)*

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company U.S.A. ("John Hancock"), the custodian of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the related investment activity and interest on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

Corporate Visions, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

4. Guaranteed Interest Accounts

The Guaranteed Interest accounts are recorded at contract value which approximates fair value, as reported by John Hancock. The Guaranteed Interest accounts guarantee the return of principal plus compound interest earned over a defined 3 or 5-year term, less any applicable contract or participant-level recordkeeping charges.

Guaranteed Interest accounts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive Guaranteed Interest accounts. The Guaranteed Interest accounts are considered fully-benefit responsive. The interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the Guaranteed Interest accounts in that month. At the end of each reporting year, a composite rate of interest is determined for each participant's account depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. Withdrawals taken from Guaranteed Interest accounts prior to the end of the guarantee period may be subject to a market value adjustment. At this time, no events are probably of occurring that might limit the ability of the Plan to transact at contract value with John Hancock and that would limit the ability of the Plan to transact at contract value with the participants.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Party-In-Interest Transactions

All investments of the Plan are managed by John Hancock. John Hancock is the Plan's custodian as defined by the Plan and therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees of the Plan may borrow from their accounts and such loans qualify as party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

7. Tax Status

The Company has adopted a volume submitter prototype plan document which received an Internal Revenue Service opinion letter dated March 31, 2014, which indicated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Corporate Visions, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

7. Tax Status (*continued*)

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examination for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year-end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred a significant volatility in their fair value since December 31, 2019. Because the value of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.
