1. Description of the Plan

The following description of the Simmons Hanly Conroy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan generally covering all employees of Simmons Hanly Conroy, LLC, Consumer Acquisition Solutions, Sokolove Law, LLC and Digital Strategery, LLC, (the "Company"), as defined in the Plan, who are age 21 and older. There is no service requirement to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. Automatically enrolled participants may elect to increase or decrease percentages, and may elect to stop the deferrals as defined by the Plan.

Transfer of Assets

Effective January 1, 2018, the Plan was amended to add Sokolove Law, LLC and Digital Strategery, LLC, companies related through common ownership with the Company, as participating employers in the Plan. During 2018, plan assets of $5,365,231 and $1,573,917 were transferred into the Plan from the Sokolove Law, LLC 401(k) Plan (the "Sokolove Plan") and the Digital Strategery, LLC 401(k) Plan (the "Digital Strategery Plan"), respectively, and are included in the statement of net assets available for benefits. Participant loan balances were included in the transfer of plan assets.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, subject to Internal Revenue Code ("IRC") limitations, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis.

The Plan provides for discretionary Company matching contributions for participants who have completed at least one year of service working at least 1,000 hours. During the years ended 2019 and 2018, the Company made discretionary matching contributions equal to 100% of eligible compensation that a participant contributed to the Plan. The Company may also make additional discretionary contributions, but did not elect to do so for the years ended December 31, 2019 and 2018.

Contributions are subject to certain IRC limitations.

Participants may direct the investment of all their contributions among one or more funds offered by the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions and any discretionary Company matching contributions, as well as allocations of (a) any additional discretionary Company contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service. A participant is 25% vested after two years of service and then vests an additional 25% each year thereafter. A participant is 100% vested after five years of credited service or in the event of death or total and permanent disability.

Notes Receivable from Participants

Participants are not permitted to borrow from their accounts, however, certain notes receivable balances were transferred into the Plan effective January 1, 2018, as part of the transfer in of plan assets. The notes are secured by the balance in the participants' accounts and bear interest at the rate agreed upon under the prior plan. Principal and interest are paid ratably through payroll deductions. Additional notes receivable withdrawals are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement, separation of service or attainment of age 59 ½, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested interest in the Plan is less than $5,000, a mandatory lump-sum distribution may be made to the participant. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeited Accounts

Forfeited accounts may be used to pay administrative expenses of the Plan or to reduce future Company contributions. Forfeited non-vested accounts totaled $2,426 and $16,241 at December 31, 2019 and 2018, respectively. Forfeitures of $17,371 and $23,590 were applied to Company contributions for the years ended December 31, 2019 and 2018, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 5 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Concentrations of Significant Investments

No significant investment concentrations existed at December 31, 2019 or 2018.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure

under ERISA. Accordingly, the Plan's trustee, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

December 31,	2019	2018
Mutual funds, at fair value	$ 15,392,480	$ 11,179,605
Pooled separate accounts, at fair value	27,000,519	20,215,120
Common/collective trusts, at fair value	28,158,354	20,157,447
Guaranteed interest account, at contract value	4,493,930	4,339,652
Notes receivable from participants	6,498	11,955

Years Ended December 31,	2019	2018
Net appreciation (depreciation) in fair value of investments	$ 13,441,910	$ (4,750,319)
Interest and dividend income	308,403	245,598
Interest income on notes receivable from participants	$ 385	$ 700

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements and supplemental schedules.

5. Fair Value Measurements

ASC Topic 820, *"Fair Value Measurements and Disclosures,"* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for investments held at December 31, 2019 and 2018.

Mutual Funds - Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of mutual funds that are traded on an active market. Pooled separate accounts may be redeemed by participants daily at NAV. There are no unfunded commitments from participants in the Plan who invest in these accounts and there is no redemption notice period.

Common/Collective Trusts - Valued using the NAV provided by the Administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
		Fair Value Hierarchy Level		
	Total	Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	$ 15,392,480	$ 15,392,480	-	-
Total assets at fair value level	$ 15,392,480	$ 15,392,480	-	-
Total investment measured at NAV*	$ 55,158,873			
Total investments, at fair value	$ 70,551,353			

	Assets at Fair Value as of December 31, 2018			
		Fair Value Hierarchy Level		
	Total	Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	$ 11,179,605	$ 11,179,605	-	-
Total assets at fair value level	$ 11,179,605	$ 11,179,605	-	-
Total investment measured at NAV*	$ 40,372,567			
Total investments, at fair value	$ 51,552,172			

* Certain investments which are measured at fair value using the NAV per share (or its equivalent) practical expedient, have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively.

Total	**$ 55,158,873**	$ 40,372,567			

6. Guaranteed Interest Accounts

The Plan offers a benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Principal may not terminate the contract at any amount less than contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

8. Tax Status

The Plan adopted a volume submitter plan from Principal, which received an opinion letter from the IRS on March 31, 2014, stating that the prototype plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the aforementioned opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. The Plan is currently under IRS audit for the year ended December 31, 2016. There are no other audits for any tax periods currently in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the custodian and insurance company for the years ended December 31, 2019 and 2018, in the amounts of $73,809 and $64,989, respectively, which were not covered by revenue sharing. All other fees incurred due to Plan operations are paid by the Plan Sponsor, annually. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Suspended required minimum distributions for 2020
