Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DPT Laboratories, LTD. 401(k) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A. and The Standard Insurance Company, trustee and custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Bank of America, N.A. held the Plan's investment assets and executed investment transactions for the period January 16, 2019 to December 31, 2019. The Standard Insurance Company held the Plan's investment assets and executed investment transactions for the period January 1, 2019 to January 15, 2019 and for the year ended December 31, 2018. The Plan administrator has obtained a certification from the trustee and custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

DPT LABORATORIES, LTD. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2019 AND 2018 AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF THE PLAN

The following description of the DPT Laboratories, LTD. 401(k) Plan ("the Plan") provides only general information. For a complete description of the Plan, please refer to the Plan document.

General — In June 2016, Mylan Inc. ("Mylan" or the "Company") acquired the net assets of DPT Laboratories, LTD ("DPT Labs"), as a component of Mylan's acquisition of the non-sterile, topicals-focused business of Renaissance Acquisition Holdings, LLC ("Renaissance"). In connection with the acquisition of DPT Labs, Mylan became the Plan Administrator. DPT Labs is the Plan Sponsor.

The Plan is a defined contribution plan that covers substantially all employees of DPT Labs and affiliated companies participating in the Plan who have completed 30 days of service and are age 18 or older. Certain employees of the Company are members of a union that provides retirement benefits. These employees are not eligible to participate in the Plan. Eligible participants are automatically enrolled in the Plan once they have completed 30 days of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions — The Company may, at its discretion, make a primary matching contribution of the participant's contribution, limited to 5% of the participant's annual compensation, as defined by the Plan. For 2019, the Company matched 50% of the participant's contribution up to 5% of the participant's annual compensation. Participants eligible to receive matching contributions are those who are employed on December 31 for the respective year, was on a leave of absence on the last day of the plan year, or died or became disabled while an employee or terminated employment after attaining early or normal retirement age. Secondary profit sharing amounts may be contributed at the option of the Company's Board of Directors. No secondary profit sharing amounts were made for 2019. Company contributions are subject to certain limitations.

Participants may elect to contribute up to the annual maximum amount allowed by the Internal Revenue Code ("IRC"). The Plan contains an automatic deferral feature in which the participant will be automatically entered into the Plan, once eligible, at a contribution rate of 5% of compensation, as defined by the Plan. The Plan offers various investment options for participants. Participants can make an election not to participate, or choose a different percentage deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make additional contributions in accordance with the IRC guidelines. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Trustee, Custodian and Recordkeeper — Bank of America N.A. (the "Trustee") is the trustee of the Plan and Merrill Lynch, Pierce, Fenner, and Smith Incorporated (the "Recordkeeper") is the recordkeeper for the period January 16, 2019 to December 31, 2019. The Standard Insurance Company (the "custodian") was the custodian and recordkeeper for the period January 1, 2019 to January 15, 2019 and as of December 31, 2018.

Participant Accounts — Participants direct the investment of their contributions into various fund options offered by the Plan. Participants can change their investment options on a daily basis. If a participant is automatically enrolled, the participant's contributions are invested in the applicable life cycle fund based on the participant's age until the participant changes the investment election. Company contributions are allocated to the participant's investment options in the same manner as that of the participant's elective contributions.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching contributions have a graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 1 year	—%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Notes Receivable From Participants — Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions. The maximum term of a loan is 30 years for primary residence loans and five years for other general purpose loans.

Payment of Benefits — On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or periodic payments as defined by the Plan. Any balance under $5,000 is automatically paid out as soon as administratively possible. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are also available subject to certain limitations.

Forfeitures — Participant forfeitures of nonvested balances will be used to reduce future expenses of the Plan and employer contributions. In the event there are Plan expenses or employer contributions for which the forfeitures can be used, the forfeitures are allocated annually to the participants per the Plan document. During 2019, no employer contributions were reduced from forfeited nonvested accounts. At December 31, 2019 and 2018, there were no unallocated forfeitures.

Administrative Expenses — Administrative expenses may be paid by either the Plan sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing the loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting — The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with U.S. GAAP.

Notes Receivable From Participants — Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition — The Plan's investments, except for the guaranteed income fund held at December 31, 2018 (Note 5) are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits — Benefits are recorded when paid.

3. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The Standard has certified the following information included in the accompanying financial statements:

- Net appreciation for the period January 1, 2019 to January 15, 2019 in the amount of $2,092,369.
- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018

The Trustee of the Plan's assets has certified, as complete and accurate, the following unaudited information:

	December 31, 2019
Statement of net assets available for benefits:	
Investments at fair value:	
Cash and Cash Equivalents	$ 662
Mutual Funds	34,676,589
Common/Collective Trusts	30,936,115
Notes receivable from participants	2,585,532

	For the period from January 16, 2019 to December 31, 2019
Statement of changes in net assets available for benefits:	
Dividend income	$ 2,830,339
Net appreciation in fair value of investments	7,666,648
Interest income on notes receivable from participants	186,938

The Trustee has certified all investment information in Note 4 as of December 31, 2019, excluding the classification and level of investments, and the supplemental schedule.

4. INVESTMENTS (FAIR VALUE MEASUREMENTS)

Financial Accounting Standards Board's ("FASB's") Accounting Standards Codification ("ASC"), *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurement and Disclosures*, are described below:

Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2 — Inputs to the valuation methodology are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 2 inputs.

Level 3 — Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 3 inputs.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value are classified in the tables below:

	December 31, 2019	
	Level 1	Total
Cash and Cash Equivalents	$ 662	$ 662
Mutual Funds	34,676,589	34,676,589
Total Assets in the Fair Value Hierarchy	34,677,251	34,677,251
Investments Measured at Net Asset Value [(1)]		
Common/Collective Trusts	—	30,936,115
Total Assets at Fair Value	$ 34,677,251	$ 65,613,366

(1) In accordance with ASU 2015-07, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified on the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy.

At December 31, 2019 and 2018, there were no liabilities held by the Plan. While the Plan believes its valuation methods used to assess the classification of financial instruments within the hierarchy are appropriate, the use of different methodologies or assumptions could result in a change in a financial instrument's fair value tier from year to year. In such instances, a transfer would be reported at the beginning of the reporting period. In connection with the transfer in trustee, custodian and recordkeeper and investment options, between 2018 and 2019, investments were previously held at net asset value (see below for pooled separate accounts at December 31, 2018) are included in the fair value hierarchy at December 31, 2019.

Following is a description of the valuation methodology used for assets measured at fair value.

- *Cash and cash equivalents* — The Company considers to be cash and cash equivalents all highly liquid investments and demand deposits in banks and financial institutions with an initial maturity of 90 days or less.
- *Mutual funds* — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Common/collective trusts* — Valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The redemption frequency of assets for which fair value is estimated using NAV per share is immediate, and there is no redemption notice period. There are no unfunded commitments at December 31, 2019. At December 31, 2019, the Plan invested in the following collective funds: Northern Trust CL EAFE Index Fund II, Northern Trust CL S&P 400 Index II, Northern Trust CL S&P 500 Index II, and the Wells Fargo Stable Value Fund CL E. These funds invest in a diversified pool of high quality stocks, bonds, and other short-term investments, together with book value contracts and guaranteed investment contracts, of varying maturity, size and yield.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2018:

	Fair Value			
	December 31, 2018	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts [1]	$ 44,638,512	$ —	Immediate	None

[1] Investments measured at fair value using NAV as a practical expedient are not categorized within the fair value hierarchy.

Pooled separate accounts — The pooled separate accounts are valued using the net asset value (NAV) as a practical expedient of the fund shares, which is calculated based on the valuation of the funds' underlying investments, which include common stocks, corporate bonds, and U.S. government securities at fair value at the end of the year. The investments are public investment vehicles, which are valued using the NAV provided by the custodian, acting as administrator of the funds. The NAV is based on the value of the underlying assets owned by the funds, excluding transaction costs, minus its liabilities, and then divided by the number of shares outstanding.

5. GUARANTEED INTEREST FUND

In 2018, the Plan offered as an investment option a benefit-responsive guaranteed interest fund with Standard. Standard maintained the contributions in a general account. The account was credited with earnings on the underlying interest contract. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed interest fund was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise as of December 31, 2018.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The events did not limit the Plan's ability to transact at contract value with participants.

The Plan transferred the assets in the guaranteed interest fund into the Wells Fargo Stable Value Fund CL E in 2019.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated. Merrill Lynch, Pierce, Fenner, and Smith Incorporated is the recordkeeper of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. At December 31, 2019, the Plan held $662 of cash and cash equivalents maintained by BlackRock Liquidity Fund which is managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated. In 2018, certain Plan investments were managed by the Standard. The Standard was the custodian for the period January 1, 2019 to January 15, 2019 and as of December 31, 2018.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan sponsor contributions.

8. TAX STATUS

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

For the period from January 16, 2019 to December 31, 2019, the Plan adopted a standardized form of a prototype Plan with Merrill Lynch, Peirce, Fenner and Smith Incorporated. The prototype plan received an opinion letter from the IRS dated March 31, 2014 as to the prototype Plan's qualified status.

The Plan has been amended subsequent to receiving the letters. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions to the IRC.

9. RISKS AND UNCERTAINTIES

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through July 1, 2020, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to our disclosures in the financial statements except for the matter described in the following paragraph.

The coronavirus pandemic could materially and adversely affect the Plan, its operations, and its performance. Government imposed quarantines has caused market performance of the investments to decline. Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law which provides both plan sponsor and participant relief. The following provisions have been adopted by the Plan.

1. A new distribution option is made available for Coronavirus-Related Distributions from March 27, 2020 through December 31, 2020.
2. Participant loan maximums have been increased to the lesser of $100,000 or 100% of participants vested account balance. Participants may take a 12-month delay for loan repayments due from March 27, 2020 to December 31, 2020.

Management of the Plan is unable to accurately predict how the coronavirus will affect the results of Plan operations because of the severity and duration of the pandemic are uncertain. However, while it is premature to accurately predict the ultimate impact of these developments, the Plan's financial results for the year ended December 31, 2020 could be materially impacted.

The Company adopted an amendment to the Plan to permit an in-Plan Roth conversion feature, which allows participants to convert some or all eligible non-Roth assets in the Plan to Roth assets. The amendment is effective as of April 1, 2020.

Effective February 20, 2020, the Plan switched three funds to share classes with lower expense ratios. The three funds include the Northern Trust CL S&P 500 Index II , Northern Trust CL S&P 400 Index II and the Northern Trust CL EAFE Index Fund II funds.
