JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Jess Howard Electric Company, Inc. Retirement Savings Plan (the "Plan") was formed for the purpose of providing retirement benefits to employees of Jess Howard Electric Company, Inc. (the "Company") who are subject to prevailing wage laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In 2019, the Company authorized the merger of the Retirement Savings Plan into the 401(k) Plan sponsored by the Company. The Plan merger was completed as of December 2, 2019.

Eligibility

Employees are eligible upon date of hire to receive contributions when they work on a prevailing wage job. The Plan excludes all union, non-resident alien, and leased employees.

Contributions

Prevailing wage contributions (for work performed under prevailing wage contracts and the Davis-Bacon Act) are contributed to the Plan by the Company on behalf of the employee based on the wage rate and job classification of the employee.

The Company may make, at the discretion of the Plan Administrator, a discretionary profit sharing contribution to the account of each participant. No such discretionary contribution was made for 2019. Employee contributions are not permitted by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (a) Company prevailing wage contributions, (b) Company profit sharing contributions when applicable, and (c) plan earnings. Each participant account is charged with an allocation of administrative expenses, when applicable. Allocations are based on account earnings, Company contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Prior to the plan merger, participants directed the investment of their accounts into various investment options offered by the Plan, consisting of mutual funds with varying fund objectives and degrees of investment risk. Participants could change their investment options at any time.

Vesting

Prior to the plan merger, participants were immediately 100% vested in contributions made to their accounts plus earnings thereon.

Notes Receivable from Participants

Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms ranged from one to five years. The loans were secured by the balance in the participant's account and bore interest at a rate of 1.00% above prime on the date the loan is initiated. Principal and interest were paid ratably through weekly payroll deductions. There were no outstanding loans remaining as of December 2, 2019.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Prior to the plan merger, a participant could elect to receive a lump sum amount equal to the value of his or her vested interest in the account on termination of service, disability, retirement, or death. A participant could also elect to take a hardship or in-service distribution if they met the requirements listed in the Summary Plan Description. A participant was entitled to 100% of his or her account balance upon retirement, death, or disability regardless of years of services.

Forfeited Amounts

Prior to plan merger, forfeitures, if any, could first be used to reduce employer contributions. Any remaining forfeitures could be used to offset plan expenses at the discretion of the Plan Administrator. At December 2, 2019 and December 31, 2018, total unallocated forfeited amounts were \$0 and \$25, respectively. Remaining balance was merged into 401(k) Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are primarily paid by the Plan.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Subsequent events have been evaluated through September 28, 2020, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 2, 2019 and December 31, 2018, and net appreciation in fair value of investments, interest, and dividends for the period ended December 2, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

JESS HOWARD ELECTRIC COMPANY, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 2, 2019 and December 31, 2018.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at period end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments held by the Plan at December 2, 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Fair Value Measurements at December 31, 2018

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,232,341	\$ -	\$ -	\$ 2,232,341

NOTE 6: TAX STATUS

The Plan adopted a volume submitter form of a plan. The plan received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The plan opinion letter was relied upon by this Plan. The Plan administrator believes the Plan, as amended, was being operated in compliance with applicable requirements of the Internal Revenue Code and was exempt from Federal income taxes. Therefore, no provision for income taxes was included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 2, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 2, 2019, the Plan investments had been merged into the Plan Sponsor's 401(k) plan.
