Notes to Financial Statements

December 31, 2019 and 2018

Plan Description

The following description of the Northwoods Consulting Partners, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Northwoods Consulting Partners, Inc. (the "Company") who are eligible upon hire. Union employees, non-resident aliens, leased employees and interns are not eligible to participate in the Plan. There are no age restrictions for participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 401(k) contributions on a pretax and after-tax basis up to a maximum of 100 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan has an automatic deferral provision whereby the Company will automatically withhold a portion of compensation for each payroll period and contribute that amount to the Plan as a pretax deferral unless a contrary election is made. The automatic deferral percentage shall be three percent and increase one percent per year thereafter to reach a maximum automatic deferral percentage of six percent. Effective January 1, 2019, the automatic deferral percentage increased to six percent with one percent increase per year thereafter to reach a maximum automatic deferral percentage of 10 percent.

The Plan provides for employer matching contributions of 100 percent of the participant's first one percent of compensation and 50 percent of the participant's next five percent of compensation not to exceed 3.5 percent of the employee's eligible compensation.

The Plan also provides for discretionary non-elective contributions as determined on an annual basis by the Company. The Company made no such discretionary non-elective contributions in 2019 and 2018.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Plan Description (continued)

Vesting

Participant accounts are immediately vested and non-forfeitable at all times.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Participants may have up to two loans outstanding at any time. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Principal and interest are paid ratably through payroll deductions. Participants may borrow funds for a term of no more than five years unless the note is used to purchase a primary residence.

Payment of Benefits

Under the Plan, a participant receives the full value of his or her vested account balance upon retirement, termination of employment or disability. Beneficiaries are entitled to the participant's account upon the participant's death. The Plan also provides for employees to make in-service withdrawals from their account under certain "hardship" circumstances. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company. Benefits are paid in a lump-sum.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid by the Plan to the extent not paid by the Company and are recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as administrative expenses.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

The custodian also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

Net appreciation (depreciation) in investment value	\$ 1,815,949	\$(973,610)

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- Mutual Funds:* Valued at the quoted market prices of shares held by the Plan at year-end.

NORTHWOODS CONSULTING PARTNERS, INC.

401(k) PLAN

Notes to Financial Statements December 31, 2019 and 2018

Fair Value Measurements (continued)

*Common
Collective
Trust:*

Valued at the net asset value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,690,518	\$ -	\$ -	\$ 12,690,518
Investments measured at net asset value *	-	-	-	144,336
Total assets at fair value	\$ 12,690,518	\$ -	\$ -	\$ 12,834,854

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,321,751	\$ -	\$ -	\$ 9,321,751
Investments measured at net asset value *	-	-	-	119,938
Total assets at fair value	\$ 9,321,751	\$ -	\$ -	\$ 9,441,689

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

The Plan pays fees to various parties in interest, including its investment advisor, third party administrator and recordkeeper. Fees paid by the Plan amounted to \$48,900 and \$44,067 during 2019 and 2018, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2019 statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.

The Plan Sponsor concluded that subsequent to the date of the financial statements, due to the outbreak of the COVID-19 pandemic, supply chains and affected production and sales across a range of industries has been disrupted. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on certain developments, including the duration and spread of the outbreak. Impact of the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

Subsequent Events (continued)

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants.

Plan management is continuing to evaluate the relief provisions available to plan participants under the CARES Act and has implemented the following provisions effective April 17, 2020:

- In-service withdrawals will be allowed for COVID-19 related distributions up to \$100,000. Early withdrawal penalties on these distributions will be waived.
- Impacted participants may borrow up to \$100,000 or 100% of their vested account balance for 180 days beginning on March 27, 2020.
- Waiver of required minimum distributions for the 2020 plan year.
