INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Big Sandy Furniture, Inc. Employee Stock Ownership Plan
Franklin Furnace, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Big Sandy Furniture, Inc. Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Big Sandy Furniture, Inc. Employee Stock Ownership Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) referred to as “supplemental information” is presented for the purpose of additional analysis, and is not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

BIG SANDY FURNITURE, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

(1) DESCRIPTION OF THE PLAN

The following description of the Big Sandy Furniture, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

Big Sandy Furniture, Inc. (the “Company”) established the Plan effective as of January 1, 2005. Effective January 1, 2013, the Plan was amended and restated and operated, in relevant part, as a leveraged employee stock ownership plan (ESOP). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the officers of Big Sandy Furniture, Inc. An independent third-party is the Plan’s trustee and an independent third-party service organization provides administration services for the Plan.

The Plan purchased 90,000 shares of common stock of the Company by entering into stock purchase agreements with the former shareholders of the Company, and holds the stock in a trust established under the Plan. As the Plan made each payment of principal on the original purchase loan, an appropriate percentage of stock was allocated to eligible employees’ accounts in accordance with applicable regulations under the Code. On May 31, 2015, the Plan paid off the principal and interest on the borrowings from the former shareholders. Therefore, as of December 31, 2019 and 2018, the former shareholders have no rights against the shares since they are fully allocated to participant accounts under the ESOP.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such Plan year and are age twenty-one or older. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

Contributions may be made at the discretion of the Company’s Board of Directors. Employee contributions are not permitted.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. The amount distributed is based upon the immediately preceding valuation date. For accounts exceeding \$10,000, distributions will generally be made in five equal annual installments. For accounts of \$10,000 or less, distributions will generally be made in one lump sum payment. Distributions are made in cash.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan, except fees charged for participant distributions.

Voting Rights

Each participant or participant's beneficiary is entitled to exercise voting rights attributable to shares allocated to his or her account on issues involving any corporate matter which involves the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction, and is to be notified by the Trustee prior to the time such rights are to be exercised. The trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock and any forfeiture of terminated participants' non-vested accounts not allocated to Plan expenses. Additionally, accounts are credited with an allocation of any discretionary Company contributions. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Those with six or more years of service are 100% vested, where a year of service is defined as 1,000 hours worked during the year. Participants become vested as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20
3	40
4	60
5	80
6	100

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants, and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified.

Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures are added to the employer's contributions and allocated to participants eligible to share in such contributions. Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year.

During 2019, forfeitures of terminated non-vested account balances allocated to remaining participants totaled \$2,765.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using U.S. generally accepted accounting principles and the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note (4) for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid or when requested by participants by year-end, but not yet paid.

Subsequent Events

Subsequent events were evaluated through September 19, 2020, which is the date the financial statements were available to be issued.

(3) INVESTMENTS

The estimated fair value of the Plan's investment in Big Sandy Furniture, Inc. common shares at December 31, 2019 and 2018 are as follows:

	December 31, 2019	December 31, 2018
Number of shares	90,000.000	90,000.000
Cost	\$ 8,640,000	\$ 8,640,000
Estimated fair value	\$19,170,000	\$13,770,000

(4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Big Sandy Furniture, Inc. stock - The estimated fair value of the Big Sandy Furniture, Inc. common stock held by the Plan is determined by an independent appraisal. This appraisal is based upon a combination of the income and market valuation techniques consistent with prior years. The valuation specialist took into account historical and projected cash flows and earnings, average adjusted earnings, and average gross revenues. Multipliers and capitalization rates were derived from an analysis of transactions involving sales of comparable closely held companies or public stock prices, or both. This methodology to estimate fair value is considered to use Level 3 inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets measured at fair value on a recurring basis and the related fair value measurement category as of December 31, 2019 and 2018 are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<u>December 31, 2019</u>				
Big Sandy Furniture, Inc. common stock	<u>\$19,170,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$19,170,000</u>
<u>December 31, 2018</u>				
Big Sandy Furniture, Inc. common stock	<u>\$13,770,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$13,770,000</u>

The following provides additional details of the Plan's Level 3 assets for the year ended December 31, 2019:

	<u>Sponsor Company Stock</u>
Ending balance, December 31, 2018	\$ 13,770,000
Interest credited	-
Realized gains (losses)	-
Unrealized gains (losses)	5,400,000
Purchases	-
Sales	-
Transfers in and/or out of Level 3	-
Ending balance, December 31, 2019	<u>\$ 19,170,000</u>

The unrealized gain of \$5,400,000 for the year ended December 31, 2019 is reported in net unrealized appreciation (depreciation) in estimated fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The Big Sandy Furniture, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. The appraisal was based upon a combination of three valuation techniques as illustrated in the following table.

<u>Asset</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>
Sponsor Company common stock	\$ 19,170,000	Guideline Public Company Method	Public company comparables EBITDA multiple
		Capitalized Cash Flows Method	Present value of future projected cash flows Discount rate
		Guideline Transaction Method	Similar line of business companies Acquired companies EBITDA and EBIT

The valuation process involves plan management's selection of an independent appraiser. Management accumulates the data for the appraiser from audited financial statements of the Company. The appraiser prepares a report which management, along with the ESOP trustee, reviews, discusses, and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the Sponsor Company common stock could result in a different fair value measurement at the reporting date.

(5) TRANSACTIONS WITH RELATED PARTIES AND PARTIES-IN-INTEREST

The Plan invests in Company common stock, which is a related party and party-in-interest transaction.

Certain administrative functions are performed by officers or employees of Big Sandy Furniture, Inc., the Plan sponsor. No such officer or employee receives compensation from the Plan.

The Plan's assets, which primarily consist of Big Sandy Furniture, Inc. common shares, are held by Thomas E. Potts Jr. the Trustee of the Plan. The Trustee manages employer contributions, invests any cash received, interest, or dividend income, and makes distributions to participants through a custodial agreement with Community Trust and Investment Company. Administrative expenses for the Trustee and his designated custodian are usually paid directly by the Company. However, the Plan paid fees associated with distributions totaling \$5,750 to Community Trust and Investment Company for the year ended December 31, 2019.

SES Advisors, Inc., the Plan's third-party administrator provides administrative services and prepares the Form 5500 for the Plan. The Company paid professional fees to SES Advisors, Inc. on-behalf of the Plan. Fees paid by the Plan to SES Advisors, Inc. totaled \$5,500 for the year ended December 31, 2019.

(6) RISKS AND UNCERTANTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the valuation process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(7) PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the officers of Big Sandy Furniture, Inc. shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

(8) TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated June 19, 2014, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

(9) SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan’s investments, including the Company’s common stock, have and will fluctuate in response to changing market conditions and the valuation assumptions determined by the Company (such as future earnings and cash flows and valuation techniques), the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.
