RAISING CANE'S RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Raising Cane's Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Raising Cane's USA, LLC (the Company or Employer) who are not covered by a collective bargaining agreement and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's 401(k) Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's retirement committee.

Contributions: Each year, participants may elect to defer up to 90% of their compensation, as defined by the Plan. Participants may also make contributions in the form of after-tax Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

The Company may make discretionary matching contributions. The Company's matching contribution for the year ended December 31, 2019, was 25% of a participant's contribution deferrals with a maximum matching contribution of 6% of a participant's plan compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts: Each participant's account is credited with the participant's and the Company's matching contribution and Plan earnings. Participants are charged with an allocation of administrative expenses that are charged to the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions is based on the number of completed years of service as follows:

Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

1. Description of Plan (continued)

Forfeitures: At December 31, 2019 and 2018, forfeited non-vested accounts totaled $49,741 and $158,388 respectively. These accounts will be used to reduce future Employer contributions and reduce fees to the Plan. During 2019, the Plan used $15,987 in forfeitures to pay Plan expenses, and Employer contributions receivable and related Employer contributions have been reduced by $152,100, which will be offset by the forfeiture account.

2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of withdrawals to participants are charged directly to the participant's account and are included in administrative expenses while expenses for items such as recordkeeping are allocated to participants. Investment-related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

3. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds and money market fund: Value at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3
Money market fund	$ 390,010	$ -	$ -
Mutual funds	22,669,030	-	-
Total assets at fair value	$23,059,040	$ -	$ -

3. Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2018		
	Level 1	Level 2	Level 3
Money market fund	$ 423,986	$ -	$ -
Mutual funds	14,319,742	-	-
Total assets at fair value	$14,743,728	$ -	$ -

4. Income Tax Status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code and is exempt from income taxes under Section 401(a) of the Internal Revenue Code. The Plan has executed an adoption agreement using Fidelity Management Trust Company non-standardized profit sharing/401(K) plan and relies on the determination letter issued for the prototype plan dated March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan continues to operate in accordance with applicable rules and therefore, remains tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Employer contributions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

7. Information Prepared and Certified by the Trustee

Pursuant to 29 CFR 2520.103-8 the Plan qualified for a limited scope audit. Information relating to investment assets, investment transactions, investment earnings and the schedule of assets (held at end of year) was certified as complete and accurate by the trustee, Fidelity Management Trust Company, as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the financial statements to the Form 5500 at December 31, 2019 and 2018 and for the year ended December 31, 2019:

	2019	2018
Net assets available for benefits per financial statements	$ 23,487,056	$ 15,271,151
Add: excess contributions payable at December 31	243,184	-
Less: amounts receivable at December 31	(671,200)	(527,423)
Net assets available for benefits per Form 5500	$ 23,059,040	$ 14,743,728

Contributions to the Plan per the financial statements	$ 6,018,231
Add excess contributions payable	243,184
Less: amounts receivable as of the current year end	(671,200)
Add: amounts receivable as of the prior year end	527,423
Contributions to the Plan per Form 5500	$ 6,117,638

The Form 5500 is prepared on the cash basis of accounting.

9. Related Party Transactions

The Plan invests securities managed by affiliates of the trustee. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. The Plan paid administrative fees to Fidelity Management Trust Company, which totaled $17,437 for the year ended December 31, 2019, and is included in the statement of changes in net assets available for benefits.

10. Excess Contributions

For the year ended December 31, 2019, the Plan failed to satisfy the relevant nondiscrimination provisions of the Plan. In order to be in compliance, the Plan returned certain excess contributions by March 15th of the following year. At December 31, 2019, excess contributions to be returned to participants were $243,184 and were recorded as liabilities on the statements of net assets available for benefits.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 22, 2020, and determined that the following matter required additional disclosure in the financial statements. No other subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

In March, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States. The COVID-19 pandemic has negatively impacted the global economy and created significant volatility and disruption of financial markets. The extent of the impact of the COVID-19 outbreak, if any, on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits cannot be reasonably estimated.

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), an aids package designed to help the economy as it suffers from the effects of the COVID-19 pandemic. The CARES Act contains several provisions that affect employee benefit plans beginning in 2020, including temporary suspensions on limitations or expanded provisions related to hardship distributions, required minimum distributions and participant loans.
