Generational Equity, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

General

The following description of the Generational Equity, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Generational Equity, LLC (Company) for the benefit of its employees who have at least 90 days of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Reliance Trust Company (Reliance) serves as Plan trustee. Certain plan assets are invested in funds offered by T. Rowe Price who serves as third-party administrator (TPA).

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Participants over 50 years of age are allowed catch-up contributions subject to allowable amounts under Internal Revenue Code (IRC) regulations. Employee rollover contributions are also permitted. The Company's matching and profit-sharing contributions are discretionary as determined by the Company's board of directors. The Company made matching contributions of 25% of employees' salary deferral amounts for the years ended December 31, 2019 and 2018. No profit-sharing contributions were made during 2019 or 2018. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Participants have the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary contributions and plan earnings and losses. Each participant's earnings are invested separately according to the participant's investment direction so that each participant's account realizes appreciation or depreciation based on related investment performance. Plan earnings are calculated and credited to each participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and related earnings thereon. Vesting in the Company's discretionary contributions and related earnings thereon is based on years of continuous service which occurs at a rate of 20% per year of employment. A participant is 100% vested after five years of continuous service.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator. A participant may only have two loans outstanding at any time.

Payment of Benefits

Benefits may be paid under the Plan, subject to limitations and conditions imposed by the IRC, upon a participant's termination of employment, retirement, disability, death or hardship due to an immediate and heavy financial need. The Plan specifies that distributions can be made in a lump-sum cash distribution or a rollover to another retirement plan or individual retirement account. At December 31, 2019 and 2018, there were no requested unpaid benefits.

Forfeited Accounts

When an employee termination occurs, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures of employer discretionary contributions may first be used to pay for plan expenses and then to supplement the Company's discretionary contributions. In 2017, the plan document was amended to allow forfeitures to be used to reduce any type of employer contribution. At December 31, 2019 and 2018, forfeited non-vested accounts were $4,373 and $6,865, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) per shares held by the Plan at year-end. The Plan's investment in the common collective trust is valued at NAV per share utilizing the practical expedient at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans may be reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Note 3: Certification of Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons. These transactions qualify as party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan.

Certain plan investments are shares of mutual funds managed by T. Rowe Price, who is the Plan's TPA. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2019				
Mutual funds	$ 14,908,866	$ 14,908,866	$ -	$ -
Total assets in the fair value hierarchy	14,908,866	$ 14,908,866	$ -	$ -
Investment measured at net asset value (A)	942,412			
Investments at fair value	$ 15,851,278			

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	$ 10,756,422	$ 10,756,422	$ -	$ -
Total assets in the fair value hierarchy	10,756,422	$ 10,756,422	$ -	$ -
Investment measured at net asset value (A)	857,239			
Investments at fair value	$ 11,613,661			

(A) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2019 and 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 3 securities at December 31, 2019 and 2018.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2019				
Common collective trust	$ 942,412	$ -	Daily	1 day
December 31, 2018				
Common collective trust	$ 857,239	$ -	Daily	1 day

Note 6: Risks and Uncertainties

The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype volume submitter 401(k) plan and trust. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service (IRS) stating that the prototype constitutes a qualified plan under Section 401 of the IRC and that the related trust was tax-exempt as of the financial statement date.

Note 9: Nonexempt Transaction

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $2,107 were not remitted within the required time period for the year ended December 31, 2019. These funds were remitted in 2020.

Note 11: Subsequent Events

Effective January 1, 2020, the Plan was amended to switch from a prior year end method to a current year method for ADP and ACP non-discrimination testing.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the investments held by the Plan. The

potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the *Coronavirus Aid, Relief, and Economic Security Act* (the CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Effective March 2020, the Plan was amended to include optional features within the CARES Act and to reflect the operational changes in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated through September 25, 2020, which is the date the financial statements were available to be issued.
