Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Howden USA 401(k) Savings Plus Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Adoption

The Plan was formed effective September 28, 2019. On September 30, 2019, Colfax Corporation completed its divestiture of its air and gas handling business which created the Howden American Fan Company (the "Employer" or "Company"). Pursuant to the sale, the assets of the related participants were transferred from the Colfax Corporation 401(k) Savings Plan Plus to the Plan. On October 21, 2019, net assets, including investments and participant loans totaling \$59,175,901, were transferred to the Plan.

General

The Plan is a defined-contribution plan covering substantially all employees of Howden American Fan Company and participating affiliates (collectively, the "Employer"). Non-resident aliens, leased employees, and temporary employees who are not 21 years of age and have not completed at least 1,000 hours of service during an eligibility period are not included in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute to the Plan up to 75 percent of eligible pre-tax compensation. Participants, other than those covered by a collective bargaining agreement, are automatically enrolled with a 2 percent deferral contribution when the participant has fulfilled the eligibility requirements, unless the participant affirmatively elects not to participate in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer contributes a non-discretionary matching contribution of 100 percent of the first 2 percent of eligible compensation deferred upon by participants who are part of the Howden Roots Union and have less than 5 years of service. Howden Roots Union participants must complete 90 days of service in order to be eligible for the non-discretionary matching contribution. The Employer contributes a non-discretionary matching contribution of 100 percent of the first 4 percent of eligible compensation deferred upon by all other participants. The Plan also allows for a discretionary nonelective Employer contribution, which is made separately for the Howden Roots Union participants and separately for all other participants. During the period from September 28, 2019 to December 31, 2019, the Employer elected to contribute 2 percent of eligible compensation for nonunion participants, totaling \$234,747, and no discretionary nonelective Employer contribution was made for Howden Roots Union participants.

Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Contributions are subject to certain limitations.

Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Employer contribution, and an allocation of plan earnings and expenses, thereon. Allocations are based upon participant earnings, account balances, or participant requested services, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant and Employer contributions may be invested in several investment options, as directed by the participant. The Plan currently offers mutual funds, money market funds, and a common/collective trust as investment options.

Vesting

Participants are immediately vested in their deferral and Employer matching contributions plus actual earnings thereon. Vesting in the discretionary Employer contributions is based on years of continuous service. Upon two years of continuous service the participant is 20 percent vested, 40 percent vested after three years, 60 percent vested after four years, and 100 percent vested after five years. Discretionary Employer contributions for the Howden Roots participants are 25 percent vested after two years of service. Vesting increases 25 percent for each additional year of services until the participants are fully vested at year five.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50 percent of their vested account balances. The minimum loan is \$1,000 and the maximum loan is \$50,000. The loans are secured by the balance in the participant's vested account and bear a reasonable interest rate based on prevailing interest rates that ranged between 4.25 percent to 6.5 percent in 2019. Loan terms may not exceed 5 years, except on the purchase of a primary residence. Participants may only have one loan outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. The Plan also allows for early retirement at age 55 with 10 years of service. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to the provisions in the Plan document and applicable law. Benefits are payable in lump sum or installment payments. Vested account balances below \$1,000 may be automatically paid to participants, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Employer.

Forfeitures

Forfeitures may be used to pay Plan expenses or to reduce the Employer's matching contributions. No forfeitures were used during the period from September 28, 2019 to December 31, 2019. Amounts forfeited and available for use at December 31, 2019, was approximately \$7,500.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and Fidelity Management Trust Company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. A participant's loan shall be considered in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter (end of "cure period") in which a loan is initially past due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded at December 31, 2019. During the period from September 28, 2019 to December 31, 2019, approximately \$30,500 was recorded as deemed distributions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. The Plan pays administrative expenses including investment and trustee fees, in addition to certain participant requested services. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncement

The Financial Accounting Standard Board ("FASB") issued Accounting Standard Update ("ASU") No. 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework- Changes to the Disclosure Requirements for Fair Value Measurements*, in August 2018. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between level 1 and 2 investments, the valuation policies for level 3 measurements, and for nonpublic entities, the change in the level 3 investment unrealized gains and losses included in earnings. ASU No. 2018-13 also amends certain disclosures including disclosing purchases, sales, and transfers for level 3 investments instead of the level 3 roll forward. ASU No. 2018-13 was effective for periods beginning after December 15, 2019. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the Plan's financial statements.

3. Information Certified by Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by the Plan's trustee, Fidelity Management Trust Company, as of December 31, 2019 and for the period from September 28, 2019 (Plan Inception) to December 31, 2019, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

A summary of the Plan's financial information, which has been certified by the Plan's trustee, is presented as follows:

<i>December 31,</i>	<i>2019</i>
Investments, at fair value	\$ 62,515,734
Notes receivable from participants	\$ 1,147,468
<hr/>	
<i>Period from September 28, 2019 (Plan Inception) to December 31,</i>	<i>2019</i>
Net appreciation in fair value of investments	\$ 1,826,038
Interest and dividends	\$ 1,466,275
Interest on notes receivable from participants	\$ 12,537

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Common/collective trust ("CCT") represents investments with various investment managers. Units held in the CCT are valued at the NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The objective of the Morley Stable Value Fund, the common collective trust fund in the Plan, is to provide a low-risk, moderate-yield investment. Withdrawals for benefit payments and participant directed transfers to noncompeting options are made to plan participants promptly, to the extent possible, but within 30 days after notification has been received. The Morley Stable Value Fund reserves the right to delay plan sponsor initiated redemptions for up to 365 days, subject to certain conditions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the period from September 28, 2019 (Plan Inception) to December 31, 2019, there were no significant transfers in or out of levels 1, 2 or 3.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

<i>December 31, 2019</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 60,239,685	\$ 60,239,685	\$ -	\$ -
Total	\$ 60,239,685	\$ 60,239,685	\$ -	\$ -
Total investments measured at the NAV as a practical expedient	2,276,049			
Total investments at fair value	\$ 62,515,734			

5. Party-in-Interest and Related Party Transactions

The Plan pays administrative fees and investment management fees. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will remain fully vested and nonforfeitable.

7. Tax Status

The Internal Revenue Service issued an opinion letter to the recordkeeper by a letter dated March 31, 2014, that the Plan prototype and related trust are designed in accordance with the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been recorded.

Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

In accordance with ASC 740, *Income Taxes*, accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions.

8. Risks and Uncertainties

The Plan invests in various investments, including mutual funds and a common/collective trust. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. As of December 31, 2019, two investments comprised 19 percent of total net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through September 29, 2020, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified, except as follows:

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

Notes to Financial Statements

In accordance with ASC 740, *Income Taxes*, accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions.
