NOTE 1 – PLAN DESCRIPTION

The following description of the Uretek USA, Inc. Employee Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of Uretek USA, Inc. (the "Company" or "Employer"). The Plan, which commenced effective January 1, 1994 is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was amended effective January 1, 2019 to adopt the statutory changes pursuant to the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2018, and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations, and any related guidance.

Plan Administration – The Plan's assets are held by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (the "Custodians"). Among other duties, the Custodians receive contributions, hold and invest fund assets in accordance with the directions of participants, and make disbursements as directed by the Company. Certain officers of the Company serve as Trustees of the Plan.

Eligibility – Employees who have attained age 18 are eligible to participate in the Plan beginning on the first day of each quarter coincident with or following completion of one month of service. Seasonal employees must reach 18 years of age and complete one year of service. However, the following employees or classes of employees are not eligible to participate: employees covered by a collective bargaining agreement, independent contractors, employees who are non-resident aliens and receive no United States-source income, and leased employees.

Participant Contributions – The Plan permits eligible employees, through salary deferral election and on a before-tax basis, to make annual contributions of up to 100% of their eligible compensation as defined by the Plan and subject to the annual limit established by the IRC, which was $19,00 for 2019. The Plan was amended effective August 1, 2019 to permit after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the maximum annual limit established by the IRC, which was $6,000 for 2019. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Those participants with a deferral rate greater than zero will have that deferral increased annually by 1% as a pre-tax deferral contribution until a deferral rate of 5% is reached.

Employer Contributions – The Plan provides for Safe Harbor Employer matching contributions. In the 2019 Plan year, the Employer made Safe Harbor matching contributions to the Plan on behalf of participants in an amount equal to 100% of the first 3% of each participant's eligible compensation and 50% of the next 2% of each participant's eligible compensation contributed to the Plan as employee contributions.

The Plan also provides for discretionary profit sharing contributions and discretionary employer matching contributions. The Employer made no such contributions for the year ended December 31, 2019.

Rollover Contributions – Rollover contributions represent funds transferred to the Plan from other qualified plans. Participants may rollover balances from certain individual retirement accounts and qualified plans of former employers.

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION – continued

Investment Options – Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Vesting – Participants are vested immediately in their contributions and Safe Harbor Employer matching contributions plus actual earnings thereon. Discretionary profit sharing contributions and discretionary Employer matching contributions to the Plan, plus any income or loss thereon, are vested based on years of continuous service as follows:

Number of Years of Completed Service	Percentage of Vested Interest
1	0%
2	20%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at commercially reasonable rate of interest, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions to a terminated employee with a vested account balance less than $5,000 are automatically made as soon as administratively possible. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts – At December 31, 2019 and 2018, forfeited non-vested accounts totaled $11,273 and $2,071, respectively. These accounts will be used to reduce future employer contributions and pay Plan administrative fees. During the year ended December 31, 2019, forfeitures of $3,463 were used to pay Plan administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts ("FIBRICs"). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Investment Valuation and Income Recognition – Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – In August 2019, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2019-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification, and addition of certain disclosure requirements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan has elected not to early adopt ASU 2019-13 and does not expect the ASU to have a material impact on its financial statements or disclosures.

Subsequent Events – See Note 10. The Plan has evaluated all events and transactions that occurred through August 3, 2020, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.
- *Common Collective Trust Funds*: These funds are primarily comprised of FBRICs that are valued at NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV is based on the fair value of the underlying assets and liabilities of the trust. Participant transactions (purchases and sales) may occur daily. There were no unfunded commitments as of December 31, 2019 and 2018, and no redemption restrictions for the years ended December 31, 2019 and 2018. The redemption notice period is twelve months.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,348,439	$ -	$ -	$ 4,348,439
Total assets in fair value hierarchy	4,348,439	-	-	4,348,439
Investments measured at NAV (a)	-	-	-	2,132,867
Total investments at fair value	$ 4,348,439	$ -	$ -	$ 6,481,306

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,490,396	$ -	$ -	$ 3,490,396
Total assets in fair value hierarchy	3,490,396	-	-	3,490,396
Investments measured at NAV (a)	-	-	-	1,303,661
Total investments at fair value	$ 3,490,396	$ -	$ -	$ 4,794,057

(a) In accordance with ASC 820-10, certain investments (common collective trusts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. Interest earned on the Key Guaranteed Portfolio Fund value is compounded daily to the effective annual interest rate. The interest rate to be credited to the Plan will be determined by the insurance company prior to the last day of the previous calendar quarter. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount which would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds or units of the common collective trusts and are managed by the Custodians. As such, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivables from participants at December 31, 2019 and 2018. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

Prior to August 1, 2019, the Plan adopted a volume submitter profit sharing plan sponsored by Sungard Business Systems LLC. Effective August 1, 2019, the Plan adopted a volume submitter profit sharing plan sponsored by CCH Incorporated DBA FTWilliam.com (collectively the "Volume Submitter Plans"). The IRS has determined and informed the Volume Submitter Plan Sponsors by letter dated March 31, 2014 that the Volume Submitter Plans were designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letters, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – TAX STATUS – continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Sponsor has elected the cash method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2019	2018
Investments at fair value	$ 6,481,306	$ 4,794,057
Investments at contract value	99,743	23,440
Notes receivable from participants	224,516	107,271

Year Ended December 31,	2019
Net appreciation in fair value of investments	$ 1,086,497
Dividends	112,107
Interest	652
Interest income on notes receivable from participants	9,090

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 10 – SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the COVID-19 pandemic has affected and may continue to affect the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID- 19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 10 – SUBSEQUENT EVENTS – continued

Effective January 1, 2020, the Plan has implemented certain requirements by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which law changed the age for requiring participants to begin taking mandatory required minimum distributions ("RMDs") from age 70 ½ to age 72. The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that was signed into law on March 27, 2020. The CARES Act suspends RMDs from qualified plans and IRAs for the year 2020 including required beginning distributions that should have been taken by April 1, 2020.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
