ARROW GEAR INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan

The following description of the Arrow Gear Incentive Savings Plan (the "Plan", formerly Arrow Gear Company Incentive Savings Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all employees, except employees of an affiliate that is not a participating employer and leased employees, of Arrow Gear LLC (formerly Arrow Gear Company) (the "Company"), who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During 2019, the Company approved a resolution to change the Plan's trustee from Principal Trust Company to Bank of America, N.A. effective May 1, 2019. In connection with this change, assets totaling $17,102,000, which represented all of the Plan's assets, except for funds invested in the Principal Fixed Income Option 401(a)/(k) group annuity contract (see Note 4), were transferred from Principal Trust Company to Bank of America, N.A.. See also subsequent events Note 12.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, with automatic annual increases of 1% on or after each January 1 up to a maximum percentage of 15%. Automatically enrolled participants have their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching contributions equal to a percentage as determined by the Company, and the amounts matched may be different for union and non-union employees. During 2019, the Company matched 25% of the first $4,800 of the participant's elective deferrals for union employees, and 50% of the first 5% of base pay a participant contributed to the Plan (up to a maximum company match of $2,000) for non-union employees. The Company may also make additional discretionary contributions equal to a discretionary percentage of participant's base pay, to be determined by the Company. For the 2019 Plan year, the Company made additional discretionary contributions equal to 1.75% of base pay for union employees and 2% of base pay for non-union employees. Company contributions are invested in a portfolio of investments as directed by participants. During the year ended December 31, 2019, the Company made matching contributions totaling $203,576 (net of forfeitures of $20,961) and additional discretionary contributions totaling $204,660. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants' Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ARROW GEAR INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding note balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of issuance. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, a series of substantially equal annual payments over a fixed period, or in the form of various annuity options. Participants with vested account balances of $5,000 or less will receive the value of the vested interest in his or her account balance as a lump-sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $15,088 and $0, respectively. These accounts shall be first, used to offset the Plan's administrative expenses, second, any remaining forfeitures shall be used to reduce company contributions, and third, any remaining forfeitures shall be allocated to participants. During the year ended December 31, 2019, $16,201 of the Plan's administrative expense were paid from forfeitures and $20,961 was used to reduce Company contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ARROW GEAR INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses paid by the Plan are included in administrative expense and consist of advisory and recordkeeping fees and fees related to the administration of notes receivable from participants which are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 12 for disclosure information of subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount from the reported net asset value

The following table sets forth the Plan's assets at fair value as of December 31, 2019 and 2018. There were no level 2 or 3 assets held by the Plan at December 31, 2019 and 2018.

	Assets at Fair Value	
	2019	2018
Mutual funds (level 1)	$ 17,508,763	$ 15,117,993
Common collective trust (at net asset value) *	655,059	-0-
Total investments at fair value	$ 18,163,822	$ 15,117,993

*Investments measured at fair value using the NAV per share as the practical expedient are excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table sets forth additional disclosures for investments measured at fair value using the NAV per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2019:				
Common collective trust	$ 655,059	N/A	Daily	12 months

Note 4 – Guaranteed Group Annuity Contract with Principal Life Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract, the Principal Fixed Income Option 401(a)/(k) (PFIO), with Principal Life Insurance Company (Principal Life) totaling $2,820,745 and $3,289,121 at December 31, 2019 and 2018, respectively. The PFIO is a guaranteed general account-backed group annuity contract issued by Principal Life to Principal Trust Company as Trustee. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The PFIO does not have a guaranteed minimum interest crediting rate. The crediting rate is reviewed semiannually for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 4 – Guaranteed Group Annuity Contract with Principal Life Insurance Company (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain investments held by the Plan during 2019 and 2018 were managed by Principal Life Insurance Company, an affiliate of Principal Trust Company (Principal). Principal was the Plan’s directed trustee prior to May 1, 2019. Subsequent to May 1, 2019, Principal remained as trustee only for the PFIO group annuity contract held by the Plan (see Note 8). These transactions qualify as exempt party-in-interest transactions under ERISA.

The Plan also uses various other third-party service providers who provide certain administrative and investment related services to the Plan pursuant to service agreements. Expenses paid by the Plan to these service providers are netted against investment earnings if paid through revenue sharing arrangements or included in administrative expenses if paid directly. During 2019, the Plan made direct payments to third-party service providers totaling $52,156, which are included in administrative expenses. These transactions qualify as exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated March 31, 2014, that the prototype non-standardized profit-sharing plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

ARROW GEAR INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 7 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Trustee Certifications

Certain information disclosed in the accompanying financial statements and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) related to investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants, for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company and Bank of America, N.A, the trustees of the Plan. Principal Trust Company held certain Plan investment assets and executed investment transactions as of and for the year ended December 31, 2019 and 2018, and Bank of America, N.A. held certain Plan investment assets and executed investment transactions as of December 31, 2019, and for the period May 1, 2019 to December 31, 2019.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Self Correction Program

During 2019, the Company self-corrected an operational error related to certain 2018 employee elective deferrals and related matching contributions under the IRS's Employee Plans Compliance Resolution System using the Self-Correction Program and making the required qualified non-elective contributions (QNEC) and related lost earnings to the affected participants' accounts. The Company recorded a receivable at December 31, 2018 related to these contributions, which totaled $38,515.

Note 11 – Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018

Note 12 – Subsequent Events

In January 2020, the contract period for the Principal Fixed Income Option 401(a)/(k) group annuity contract between the Plan and Principal Life Insurance Company (see Note 4) concluded, and the Plan administrator initiated the final transfer of Plan assets from Principal to Bank of America, N.A., the Plan's new trustee (see Note 1). As of January 22, 2020, there were no investment assets of the Plan held by Principal Trust Company.

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019, which was enacted and signed into law on December 20, 2019 to incentivize saving and investing for retirement, went into effect. The SECURE Act a) increases the required minimum distribution (RMD) age for retirement accounts from age 70.5 to age 72; b) repeals the maximum age for traditional IRA contributions; c) requires employers to include long-term part-time employees who have completed at least 500 hours of service each year for three consecutive years and are age 21 or older, as participants in 401(k) plans, except in the case of collectively bargained plans. However, these participants can be excluded from safe harbor contributions, nondiscrimination and top-heavy requirements; d) allows for distributions of up to $5,000 from retirement accounts penalty-free within a year of birth or adoption for qualified expenses; e) allows automatic-enrollment safe harbor plans to increase the cap on raising payroll contributions from 10 percent to 15 percent; and f) allows individuals to withdraw up to $10,000 from 529 plans to repay their child's student loans.

In March 2020, the novel coronavirus (COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak, the values of investment securities declined significantly. Such events may also adversely affect business and consumer confidence, generally, and the Plan sponsor and its customers, and their respective suppliers, vendors and processors may be adversely affected. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of COVID-19 on the Plan and on participants' account balances, and amounts reported in the 2019 statement of net assets available for benefits, will depend on future developments that are highly uncertain and cannot be predicted at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was enacted and signed into law. Section 2202 of the CARES Act provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain qualified retirement plans. The CARES Act a) provides for expanded distribution options and waives the 10% early distribution penalty, for up to $100,000 of coronavirus-related distributions from eligible retirement plans (certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs) to qualified individuals, as well as providing special rollover rules with respect to such distributions; b) allows plan sponsors to adopt a provision to allow participants who were impacted by COVID-19 and meet certain criteria, to increase the maximum amount eligible participants may borrow from their account to the lesser of $100,000 (minus outstanding plan loans of the individual), or 100% of the participant's vested balance for loans established from March 27, 2020, to September 22, 2020. Furthermore, it allows participants with existing loans to defer their loan repayments with a due date from the enactment date through December 31, 2020, for up to one year; and c) waives the requirement for participants to take a required minimum distribution (RMD) from their retirement account for the 2020 calendar year.

During 2019, the Plan was restated to adopt the Merrill Lynch Prototype Defined Contribution Plan and Trust. The provisions in the restated Plan document were intended to remain the same as in the former Plan document. During 2020, it was identified that the definition of eligible compensation for purposes of determining the discretionary employer contributions in the restated Plan document was inconsistent with the definition of eligible compensation in the prior Plan document, and inconsistent with the Company's intent and how the Plan had been consistently administered. The Company is in the process of filing a submission with the Internal Revenue Service under the Voluntary Compliance Program of the Employee Plans Compliance Resolution System (Rev. Proc. 2019-19) with the intention of correcting the error through a retroactive amendment to the restated Plan document.
