The accompanying Notes to Financial Statements are an integral part of these financial statements.

**1. Description of the Plan**

The following description of the Kahlig Enterprises, Inc. dba Bluebonnet Motors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Kahlig Enterprises, Inc. dba Bluebonnet Motors (the "Company") who have completed one year of service, except for employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions:** Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. Participants may also make after-tax contributions. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. This withholding will increase by one percent each subsequent year until the automatic election reaches a maximum withholding contribution of five percent of compensation. The Company may make discretionary matching contributions. An allocation is made to each participant who is employed with the Company on the last day of the Plan year based on the first $6,000 of salary deferrals contributed by the participant during the Plan year, and allocated based upon the employee's deferrals compared to total eligible employee deferrals. The Company made discretionary matching contributions of $222,000 during the year ended December 31, 2019. Non-elective amounts may also be contributed at the discretion of the Company. Participants must be employed on the last day of the Plan year to receive an allocation of any discretionary non-elective contributions. There were no such contributions for the Plan year ended December 31, 2019. Contributions are subject to certain limitations.

**Participant accounts:** Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, the Company's discretionary non-elective contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, are based on the ratio of the participant's eligible compensation to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

**Payment of benefits:** Benefits are payable upon retirement at age 65, early retirement at age 55 with seven years of service, death, disability or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from after-tax and rollover contributions are permitted at any time. Benefits are payable in lump sum payments, installments, or, if qualified, as an annuity.

**Vesting:** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching and non-elective contributions is based on years of continuous service. A participant is 10 percent vested after one year of service is completed, 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

**Forfeited accounts:** At December 31, 2019 and 2018, forfeited nonvested accounts totaled $7,557 and $5,304, respectively. Forfeitures are reallocated to participants in the same manner as Company discretionary matching contributions. During 2019, $5,256 of forfeited nonvested accounts were reallocated to participants.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant’s account. Participants are also charged an asset based fee for recordkeeping. These fees are included in administrative expenses.

## 2. Significant accounting policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual method of accounting.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

**Excess contributions payable:** Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

**Payment of benefits:** Benefits are recorded when paid.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Subsequent events:** The Plan has evaluated subsequent events for disclosure in these financial statements through September 24, 2020, which is the date the financial statements were available to be issued.

**3. Certified information**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee, has certified as to the completeness and accuracy of all investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedules, summarized as follows:

| | **2019** | 2018 |
|---|---|---|
| Investments, at fair value | **$ 13,664,092** | $ 11,015,013 |
| Notes receivable from participants | **$ 453,605** | $ 481,477 |
| Interest and dividend income | **$ 371,972** | |
| Net appreciation in fair value of investments | **1,930,283** | |
| **Total investment income** | **$ 2,302,255** | |
| Interest income from notes receivable from participants | **$ 24,127** | |

**4. Fair value measurements**

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of common collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trust is used as a practical expedient to estimate fair value and is determined by the trustee based on the fair value of underlying assets in the trust, less the liabilities.

The fair value of assets is as follows:

| | Assets at Fair Value as of December 31, 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 11,906,529 | $ - | $ - | $ 11,906,529 |
| Total assets within the fair value hierarchy | $ 11,906,529 | $ - | $ - | 11,906,529 |
| Investments measured at net asset value[(a)] | | | | 1,757,563 |
| **Total assets at fair value** | | | | $ 13,664,092 |

| | Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 9,287,389 | $ - | $ - | $ 9,287,389 |
| Total assets within the fair value hierarchy | $ 9,287,389 | $ - | $ - | 9,287,389 |
| Investments measured at net asset value[(a)] | | | | 1,727,624 |
| **Total assets at fair value** | | | | $ 11,015,013 |

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2019 and 2018 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Participant initiated withdrawals can be made from the Reliance Trust Company Stable Value Fund each business day. Company initiated withdrawals may result in a reduction in value if the fair value of the fund's underlying assets is less than the guaranteed value of the Fund. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for this investment as of December 31, 2019 and 2018.

**5. Risks and uncertainties**

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

**6. Tax status**

The Plan is a prototype plan of Great-West Trust Company, LLC which received an opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**7. Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

**8. Party-in-interest transactions**

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as exempt party-in-interest transactions.

Participants are charged an asset based fee for recordkeeping by Great-West Trust Company, LLC ("Great-West"). The Plan is a party to a Plan Expense Agreement ("PEA") with Great-West that provides for a portion of the revenue earned by Great-West with respect to the services it provides for the Plan, including the recordkeeping fees paid from participant accounts, to be made available to the Plan to pay expenses. For the year ended December 31, 2019, Great-West deposited approximately $18,000 into the PEA. This amount has been netted against administrative expenses in the accompanying Statement of Changes in Net Assets Available for Benefits. The Plan incurred approximately $18,000 in investment advisory fees during the year ended December 31, 2019, which was paid from the PEA. Amounts due to the investment advisor of approximately $5,000 and $4,000, respectively, is included in accrued expenses in the Statements of Net Assets Available for Benefits at December 31, 2019 and 2018. The balance in the unallocated account was $6,285 and $5,848 at December 31, 2019 and 2018, respectively.

During 2017 and 2018, the Company failed to remit to the trustee certain employee contributions and loan repayments totaling $16,921 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions. The Company made corrective contributions to the Plan in 2019 to compensate affected participants for lost earnings on the delinquent remittances.

**9. Reconciliation to Form 5500**

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

| | **2019** | 2018 |
|---|---|---|
| Net assets available for benefits per the financial statements | **$ 14,257,801** | $ 11,659,792 |
| Employer contributions receivable | **(222,000)** | (208,000) |
| Excess contributions payable | **68,548** | 33,418 |
| Accrued expenses | **13,348** | 11,280 |
| Loans deemed distributed | **(31,742)** | (30,524) |
| **Total net assets per Form 5500** | **$ 14,085,955** | $ 11,465,966 |

| | |
|---|---|
| Total additions per the financial statements | $ 3,428,762 |
| Employer contributions receivable - 2019 | (222,000) |
| Employer contributions receivable - 2018 | 208,000 |
| Excess contributions payable - 2019 | 68,548 |
| Classification difference | (1,015) |
| **Total income per Form 5500** | $ 3,482,295 |

| | |
|---|---|
| Total deductions per the financial statements | $ 617,989 |
| Change in accrued expenses | (2,068) |
| Excess contributions payable - 2018 | 33,418 |
| Change in loans deemed distributed | 1,218 |
| Classification differences | (1,015) |
| **Total expenses per Form 5500** | $ 649,542 |

**10. Subsequent events**

Effective January 1, 2020, the Plan was amended to increase the initial automatic enrollment percentage to five percent and to provide for annual increases of one percent each subsequent year until the automatic election reaches a maximum withholding contribution of ten percent of compensation. The new provisions apply to all participants unless the participant has a salary reduction agreement in place on the effective date equal to at least five percent.

As a result of the spread of the coronavirus ("COVID-19") in 2020, economic uncertainties have arisen that could negatively impact the operations of many businesses. As the duration and severity of the COVID-19 outbreak, and its impact on the overall economy, cannot be predicted, the financial impact on the Company, and its ability to continue to make contributions to the Plan, is uncertain. In addition, COVID-19 has resulted in volatility in financial markets in 2020. If the financial markets continue to be impacted over an extended period, the Plan's investment performance may be materially adversely affected.

In response to the COVID-19 impact on the economy, Congress passed legislation in March 2020 that eases restrictions on distributions and loans from retirement plans. Management has adopted certain of the provisions of this legislation in 2020 in Plan operations. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
