## Note 1 - Description of Plan

The following description of the Persistent Systems, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan that covers all eligible employees of Persistent Systems, LLC (the "Company" or "Plan Sponsor") who have attained the age of 21 and completed 90 days of service in a Plan Year. A "Plan Year" is the 12 consecutive month period ending on December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan. The Plan Sponsor determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan administrator.

The Plan became effective January 1, 2010.

### Contributions

The Plan allows employees to defer a portion of their salaries for tax purposes through contributions to the Plan. The amount an employee may contribute is an amount which may not exceed the maximum amount permitted under the Internal Revenue Code (the "Code"). The maximum amount permitted in 2019 is $19,000. In addition, the Plan allows participants that have attained age 50 to make additional catch-up contributions. For 2019, the catch-up limit is $6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Company may decide before the beginning of each Plan Year, to contribute one dollar for each dollar saved by a participant up to 3% of compensation. In such event, the Company will also contribute an additional fifty cents for each dollar that each participant saves in excess of 3% of compensation but not more than 5% of compensation.

Each participant's account is credited with the participant's contribution, the Company's matching contributions, as well as allocations of the Plan earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are 100% vested in their voluntary contributions, employer qualified nonelective and employer qualified matching contributions to the Plan at all times.

The Company may characterize all or a portion of the Company's contribution it makes to a participant's account as a qualified nonelective contribution. Qualified nonelective contributions are treated like tax-deferred contributions to satisfy federal nondiscrimination rules. Therefore, like tax-deferred contributions, a participant's interest in the value of the qualified nonelective contributions is always 100%.

Participants are always fully vested in any balances in the participant's accounts.

**Notes receivable from participants**
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the participant's account balance.

The loans bear interest at a rate of 4.25% to 6.5%, which is based on the prime rate at the date of issue. Principal and interest are paid ratably through weekly payroll deductions.

**Payment of benefits**
The participant may elect to receive his or her benefit in the form of a lump-sum payment and/or direct rollover into an IRA or other eligible retirement plan.

In general, the payment of Plan benefits will not be made until April 1 of the calendar year following the calendar year in which the participant reaches the age of $70^{1/2}$ or retires, whichever is later. The participant may request the payment of benefits at any time after his or her termination of employment, in which case payment will be made as soon as reasonably practical, provided the applicable consents are obtained.

## Note 2 - Summary of significant accounting policies

**Basis of presentation**
The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates**
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

**Investment valuation and income recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Notes receivable from participants**
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

**Payment of benefits**
Benefits are recorded when paid.

**Expenses**
Certain expenses of maintaining the Plan are paid by Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent events**
The Plan has evaluated subsequent events through September 25, 2020, which is the date the financial statements were available to be issued.

## Note 3 - Related party transactions and party-in-interest transactions

Certain Plan investments are managed by Betterment For Business LLC. Betterment For Business LLC is the trustee of certain investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third-party administrator of $19,726, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

## Note 4 - Plan termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions.

## Note 5 - Tax status

The Plan has adopted an Internal Revenue Service ("IRS") approved prototype plan and as such believes it is in compliance with the applicable requirements of the Code. The Plan obtained its latest opinion letter on September 8, 2015, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

## Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 7 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2019 and 2018, and investment income and interest income on notes receivable from participants for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) (Schedule H, Line 4i), supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

## Note 8 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

| | 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 9,211,149 | $ - | $ - | $ 9,211,149 |
| Total investments at fair value | $ 9,211,149 | $ - | $ - | $ 9,211,149 |

| | 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 5,884,701 | $ - | $ - | $ 5,884,701 |
| Total investments at fair value | $ 5,884,701 | $ - | $ - | $ 5,884,701 |

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

## Note 9 - Nonexempt transactions

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2019.

## Note 10 - Commitments and contingencies

During the year ended December 31, 2019, the Company failed to maintain a bond in the amount prescribed in accordance with applicable rules and regulations. As such, the Plan was in violation of DOL regulations. Effective November 12, 2019, the Company amended the bond to increase the amount to an amount prescribed in accordance with applicable rules and regulations.

## Note 11 - Subsequent events

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets, however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020. Portions of the CARES Act make changes to existing law including relating to the amount and circumstances permitting penalty-free distributions. Plan Management intends to evaluate the CARES Act to determine if changes to the Plan are necessary as a result.
