1. Plan Description

The following description of Clarins USA, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan that provides a cash or deferred feature. The Plan is intended to satisfy the applicable sections of the Internal Revenue Code (the "IRC"). The Plan covers all eligible employees of Clarins USA, Inc. (the “Company” or “Employer”) who have reached at least 21 years of age and have completed 1,000 hours of service within a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute, on a pre-tax basis, from 1% to 100% of their eligible compensation, up to a maximum dollar amount in accordance with Section 402(g) and Section 415(c) of the IRC as defined in the Plan agreement, for the contribution period. Participants may also contribute amounts representing distributions from other qualified plans. The Plan currently offers various registered investment companies and collective trusts as investment options for participant contributions. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company has a Safe Harbor matching contribution feature whereby the Company makes matching contributions equal to 100% of a participant’s elective deferrals that do not exceed 3% of the participant’s Plan compensation plus 50% of a participant’s elective deferrals that exceed 3% but do not exceed 5% of the participant’s Plan compensation. In addition, the Plan was amended whereby a participant shall be credited with a year of service for vesting purposes upon completing 1,000 hours of service.

Vesting

Plan members are immediately vested in their voluntary pre-tax contributions plus allocations of earnings thereon. Vesting in the remainder of their accounts is based on years of service. Company matching and regular employer contributions vest as follows:

Period of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

1. Plan Description *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

If a participant terminates their employment with the Companies, the non-vested contribution plus allocated earnings thereon may be used to reduce future employer contributions. Any remaining forfeitures not used to reduce employer contributions may be used to reduce administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited account balances held in non-participant directed accounts totaled $20,449 and $32,848. During 2019, Employer contributions were reduced by $22,092 from the forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Loan repayments must be made through payroll deductions over a term not to exceed 5 years unless the proceeds of the loan are used to purchase the participant's principal residence, in which case the Plan administration may permit a longer repayment period. Principal and interest is paid ratably through periodic payroll deductions.

Plan Credit Account

During 2018, the Plan and Bank of America, N.A. entered into a service based pricing arrangement whereby a portion of the revenue earned by the trustee is passed through to the Plan for payment of permitted plan expenses. The Plan Credit Account is an account within the Plan, similar in design to forfeiture accounts. The Plan Credit Account balance was $7 and $7,716 at December 31, 2019 and 2018. During 2019, administrative expenses were reduced by $7,800 from the Plan Credit Account and there were no employer contributions reduced from the Plan Credit Account.

Plan Assets

Upon enrolling in the Plan, a participant may direct their contributions in any of the Plan's investment options.

Participants may transfer past investments and change the allocation of investments on future contributions among investment options at any time during participation. Transfers or changes become effective on the first business day following the date of transfer or change.

1. Plan Description *(continued)*

Plan Assets (continued)

Participants should refer to each funds' prospectus for a more complete description of the risks associated with each fund.

Withdrawals and Benefit Payments

Under the terms of the Plan, a participant may make a withdrawal for reasons of economic hardship prior to attaining age 59½. Such hardship withdrawals are available for immediate and heavy financial need and only when other financial resources are exhausted. Upon attaining age 59½, participants may withdraw their entire vested account balance or a portion thereof, no more frequently than once every six months. Upon termination of employment prior to retirement, Plan members with account balances greater than $5,000, may elect to defer distributions to normal retirement age. Participants with account balances less than $5,000 will receive a lump sum cash payment as soon as practicable following termination of employment.

Expenses

As provided in the Plan document, administrative expenses are paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value (“NAV”) per share as a practical expedient is not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds and money market fund held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds and money market fund are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 28, 2020.

3. Information Certified (Unaudited)

The plan administrator has elected a method of compliance under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Investments

The following tables set forth by level with the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	$ 33,109,424	$ -	$ 33,109,424
Common/collective trust	-	6,135,748	6,135,748
Money market fund	98,915	-	98,915
	$ 33,208,339	$ 6,135,748	$ 39,344,087

	2018		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	$ 28,182,556	$ -	$ 28,182,556
Common/collective trust	-	5,136,899	5,136,899
Money market fund	14,047	-	14,047
	$ 28,196,603	$ 5,136,899	$ 33,333,502

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Common/Collective Trust

The Morley Stable Value Fund (the "MSV Fund") is an investment fund that is designed for retirement trusts that are exempt from federal income tax under the IRC. Principal Global Investors Trust Company, formerly Union Bond & Trust Company, is the trustee of the MSV Fund and Morley Capital Management, Inc. is the investment advisor of the MSV Fund. The objective of the MSV Fund is to provide preservation of capital, relatively stable returns consistent with its competitively low risk profile and liquidity for benefit responsive payments.

The MSV Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents.

The net asset value of the MSV Fund is determined each business day. Contributions to the MSV Fund may be made daily at the current net asset value. Withdrawals from the MSV Fund for benefit payments and participant transfers to noncompeting options may be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the trustee's approval.

5. Common/Collective Trusts *(continued)*

Market value events may limit the ability of the MSV Fund to transact at contract value with the issuer. Such events may include but are not limited to: MSV Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the MSV Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the MSV Fund, transfers to competing options without meeting the equity wash provisions of the MSV Fund, and plan sponsor withdrawals without the appropriate notice to the MSV Fund and /or issuer.

In the normal course of business, such events or conditions would not limit the ability of the MSV Fund to transact at contract value with the participants. The MSV Fund is managed to maintain a certain amount of liquidity to provide for the day to day liquidity needs of participants as well as the occasional market value event.

6. Tax Status

The Internal Revenue Service issued an opinion letter to the prototype plan document preparer dated March 31, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan’s investments have incurred volatility in their fair value since December 31, 2019. Because the value of the Plan’s investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.
