NOTE 1. DESCRIPTION OF THE PLAN

General

The following description of FMSbonds, Inc. (the "Company" or "Sponsor") Employees' 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, which was formed on January 1, 1979, is a defined contribution plan covering all eligible employees. Employees are eligible to participate in the Plan following the completion of five hundred hours of service within six months of the date of their employment and are over age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount up to the maximum statutory amount allowed as an elected deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary matching contributions to the Plan up to 50% of the first $2,000 of compensation that a participant contributes to the Plan. For the year ended December 31, 2019, the Company elected to contribute $39,067. The Company may also make a discretionary profit-sharing contribution in an amount to be determined annually. For 2019, the Company elected to make a discretionary profit-sharing contribution of $336,413. In order to be eligible for the matching contribution and discretionary profit sharing contribution, participants must attain the age of 21 and completed twelve (12) months of service with a minimum of 1,000 hours of service. Each year following that, participants must work at least 1,000 hours of service and must be employed by the Company as of the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's matching contribution and allocations of Plan earnings, net of any administrative expenses directly chargeable to a participant's account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the full value of their contributions plus actual earnings. Vesting in the Company's matching and profit-sharing contributions is based on years of continuous service. A participant is fully vested after six years of continuous service.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $3,461 and $1,979, respectively. These accounts will be used to reduce future employer contributions or administrative expenses. During the 2019 plan year, forfeitures of $1,979 were used to reduce employer contributions.

Plan Administration

The Plan is administered by the Company and investments are maintained in a trust by the Company (the "Trustee") which has been appointed as Trustee by the Plan. The Trustee is responsible for the management and control of the Plan's assets. The Plan assets are maintained by its custodians, John Hancock Life Insurance Company U.S.A. ("John Hancock") and First Clearing, LLC ("First Clearing"). Sentinel Benefits & Financial Group ("Sentinel Benefits") serves as the record keeper for the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions in any of the various investment options, including self-directed brokerage accounts. Participants may change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%, at the time of application. At December 31, 2019, the interest rate on participant loans was 4.25% - 6.50%. At December 31, 2018, the interest rate on participant loans was 4.25% - 6.25%. Principal and interest are paid ratably over a period up to 60 months, or up to 120 months if loans are to purchase a primary residence, through payroll deductions.

Payment of Benefits

On any termination of service, whether due to death, disability, retirement, or other termination of employment, a participant is entitled to the value of the participant’s vested interest in his or her account (the “Vested Balance”). If the participant’s Vested Balance is less than or equal to $5,000 at the date of termination of service, the participant receives either a single lump-sum payment or rollover into an IRA. If the participant’s Vested Balance is greater than $5,000 at the date of termination of service, the participant may elect to receive a distribution of the vested account balance in a single lump-sum payment in cash or in property, depending upon investment option.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The Plan's investments in pooled separate accounts are stated at the net asset value as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments less its liabilities.

The self-directed brokerage accounts are recorded at the fair value of the individual investments held in the brokerage account. Equity securities are valued at quoted market prices of the individual securities. The fair value of municipal bonds is estimated using recently executed transactions, market price quotations and pricing models that factor in, where applicable, interest rates, bond or credit default swap spreads and volatility. Corporate bonds are valued using recently executed transactions, market price quotations (where observable), bond spreads or credit default swap spreads. When observable price quotations are not available, fair value is determined based on cash flow models with yield curves, bond, or single name credit default swap spreads and recovery rates based on collateral values as key inputs.

Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payment

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Sponsor. No such employees receive compensation from the Plan. Administrative expenses, such as professional fees, are paid directly by the Company. Fees related to distributions and loans are paid by the participant engaging in any such transaction and are recorded when incurred.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Party-In-Interest Transactions

Certain plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Concentrations

Substantially all of the Plan's assets are held by John Hancock, located in Buffalo, New York and First Clearing, located in St. Louis, Missouri.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INVESTMENTS

Information related to the investments held by the Plan as of December 31 is as follows:

a) Investments in self-directed brokerage accounts aggregate $36,152,975 and $26,178,940 at December 31, 2019 and 2018, respectively.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) held in self-directed brokerage accounts appreciated in value by $8,061,319. In addition, for the year ended December 31, 2019, interest and dividends relating to the Plan's investments, as well as interest on notes receivable from participants held in self-directed brokerage accounts amounted to $972,283 and $11,861, respectively. Notes receivable from self-directed account participants aggregated $186,202 and $260,360 at December 31, 2019 and 2018, respectively.

NOTE 3. INVESTMENTS (Continued)

b) The following information about the Plan's pooled separate account investments and notes receivable from participants included in the accompanying financial statements and supplemental information was obtained from data that has been certified as complete and accurate by John Hancock.

Investments in pooled separate accounts aggregate $9,254,173 and $7,088,586 at December 31, 2019 and 2018, respectively.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts appreciated in value by $1,784,466. In addition, for the year ended December 31, 2019, interest on notes receivable from participants held by John Hancock amounted to $3,785. Notes receivable from participants held by John Hancock aggregated $68,752 and $45,960 at December 31, 2019 and 2018, respectively.

NOTE 4. FAIR VALUE MEASUREMENT

Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31, 2019 and 2018:

ASSETS, at fair value as of December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Self-Directed Brokerage Accounts	$ 24,750,084	$ 11,402,891	$ -	$ 36,152,975
Pooled Separate Accounts, measured at NAV(a)				$ 9,254,173
Total investments measured at fair value				$ 45,407,148

ASSETS, at fair value as of December 31, 2018	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Self-Directed Brokerage Accounts	$ 16,022,095	$ 10,156,845	$ -	$ 26,178,940
Pooled Separate Accounts, measured at NAV(a)				$ 7,088,586
Total investments measured at fair value				$ 33,267,526

(a) In accordance with ASU 2015-07, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the

fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

There were no transfers between the levels of the fair value hierarchy during the year ending December 31, 2019.

NOTE 5. INCOME TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although, the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with *"Accounting for Uncertainties in Income Taxes"* as prescribed by the *Accounting Standards Codification*, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 6. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 29, 2020 which is the date the accompanying financial statements were available to be issued.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts financial markets will depend on future developments that are highly uncertain and cannot be predicted.
