Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2019

Note 1 - Description of the Plan

The following description of Rimkus Consulting Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General

The Plan is a defined contribution plan established on April 3, 1992 covering all full-time employees of Rimkus Consulting Group, Inc. and affiliates (the "Company" or "Employer") who are age 21 or older. The Plan was most recently amended effective July 1, 2019. The Plan is administered by the Company. Voya Retirement Insurance and Annuity Company served as the custodian for the Plan through July 11, 2018. Effective July 12, 2018, Voya Institutional Trust Company became the custodian of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees are eligible to participate in the Plan one month after the date of hire, as long as they have attained 21 years of age. Effective July 1, 2019, the Plan was amended to disallow part-time, temporary or seasonal employees unless they have completed one year of service which is defined as 1,000 hours of service in a Plan year.

Contributions

Participants may elect to defer a specified amount or percentage of their pre-tax or after-tax compensation as contributions to the Plan. Contributions are subject to certain limitations. The Company, at its discretion, may make matching and profit sharing contributions to the Plan. For 2019 and 2018, the Company matched 30% of the per-pay-period contribution of the participant's eligible compensation, limited to $200 per month and/or $2,400 per year per participant. There were no profit sharing contributions to the Plan in 2019 or 2018. Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts and a guaranteed investment contract with an insurance company as investment options for participants.

Participant contributions are presented net of returned excess contributions paid to certain active participants in order to satisfy the relevant nondiscrimination provisions of the Plan. There were no returned excess contributions in 2019. There were $28,449 in payments returned during 2018, and they are included in the statement of net assets available for benefits as excess contributions refundable.

A participant who receives a qualifying distribution from a former employer's retirement savings plan may contribute the distribution to the Plan, provided that such contribution qualifies as a rollover contribution in accordance with Section 402 of the Internal Revenue Code ("IRC") or is made by a direct trust-to-trust transfer.

Note 1 - Description of the Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, if any, and allocations of Plan earnings and losses and revenue credits. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the Company's contributions based on years of service. Participants begin vesting at 25% after one year of service, increasing 25% each year thereafter, with the participant 100% vested after four years.

Forfeitures

The Plan provides that non-vested portions of Company contributions are forfeited by terminated participants and may be used to reduce Company matching contributions or be reallocated to participant's accounts. Forfeitures of $26,625 and $10,892 were reallocated to participant's accounts during 2019 and 2018, respectively. As of December 31, 2019 and 2018, the Plan had $17,957 and $33,146, respectively, of forfeitures which had not yet been applied.

Payment of benefits

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or payment by some other method of distribution as specified in the *Plan Document*.

If the value of the participant's vested account balance (excluding rollover contributions) is less than $5,000, the Company is allowed to distribute the entire vested account balance out of the Plan. If the value of the participant's vested account balance is more than $1,000 but less than $5,000 and the participant does not consent to a lump sum distribution, the account balance will be distributed to an individual retirement account for the benefit of the participant at the direction of the Plan administrator. If the participant's vested account balance is greater than $5,000, the participant may elect to receive a lump sum distribution, roll the balance into another qualified retirement plan or an individual retirement account, or leave the vested balance in the Plan. Any taxable distribution paid by the custodian directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years. However, if the note is for the purchase of a principal residence, the Plan administrator may permit a longer repayment term. The notes are secured by the balance in the participant's account and bear interest at 1% over the prime rate index.

Note 1 - Description of the Plan (Continued)

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Basis of presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Valuation of investments and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan recognizes net appreciation or depreciation in the fair value of its investments. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year realized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and uncertainties

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any Plan investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Recent accounting pronouncement

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* in August 2018. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of the ASU are not expected to have a material impact on the Plan's financial statements.

Note 3 - Fair Value Measurements That Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value per share:

Investments as of December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 40,427,646	N/A	Daily	Daily
Investments as of December 31, 2018	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Pooled separate accounts	$ 31,963,177	N/A	Daily	Daily

Note 4 - Information Certified by the Custodians (Unaudited)

For the Plan years 2019 and 2018, the financial information included in the Plan's financial statements, except for contributions receivable, excess contributions refundable, contributions, benefits paid to participants, revenue credits, and administrative expenses, has been derived from information certified as complete and accurate by the custodians, in accordance with 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Note 5 - Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract (the "Contract") with the custodians. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value, as reported to the Plan by the custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

The Contract can be redeemed daily unless the amounts transferred from the Contract are being transferred to a competing contract for a period of 90 calendar days beginning on the date such an amount is transferred from the account or if a partial transfer has occurred within the last 90 calendar days. Participants may be subject to a surrender charge or market value adjustment upon early liquidation of their investment in the Contract.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00% and is guaranteed for the life of the Contract. The declared interest rate credited during a contract year shall not be less than the guaranteed rate for such contract year.

Note 6 - Plan Tax Status

The Plan has adopted a prototype plan document, which obtained its latest opinion letter dated September 1, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-In-Interest Transactions

The Plan incurs expenses related to general administration and recordkeeping. These expenses and certain accounting and auditing fees relating to the Plan are paid by the Company as the Plan sponsor.

Plan investments are pooled separate accounts and a guaranteed investment contract managed by the custodians, which, therefore, qualify as party-in-interest transactions.

The custodians provides certain administrative services to the Plan pursuant to a service agreement. The custodians receive revenue from investment service providers for services they provide to the funds. Pursuant to the Expense Account for Service Expenditures ("EASE") agreement, the Plan receives revenue credits calculated as 0.04% of the Plan's asset balance at the end of each month which is used to offset certain amounts owed to the custodians for their administrative services to the Plan. Effective July 1, 2018, the EASE agreement was amended to revise the revenue credit calculation to 0.29% of the Plan's asset balance at the end of each month and also includes a flat annual credit amount of $10,000 allocated to the Plan. If the revenue received by the Plan exceeds the amount owed under the EASE agreement, the custodians credit the excess to the Plan's trust quarterly on January 31st and each quarter thereafter, following the close of the Plan year. The excess, referred to as revenue credits, is used to pay other plan expenses or is allocated to participants on a pro-rata basis. During 2019 and 2018, the Plan received $2,505 and $14,118 respectively, of revenue credits.

Effective January 1, 2020, the Plan was amended to adopt the Bipartisan Budget Act hardship provisions and to remove all existing suspensions imposed for hardship withdrawals made prior to January 1, 2020. In addition, the Company increased the employer matching to 100% of per-pay-period contribution of the participant's eligible compensation, limited to $250 per month and/or $3,000 per year.

On April 8, 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") and have Coronavirus-related loan repayment relief under the Coronavirus Aid, Relief, and Economic Security Act. CRDs are permitted to qualified individuals during 2020 not to exceed $100,000 and are not subject to tax withholding or withdrawal penalties. Repayment of CRDs is permitted over a three-year period. Loan repayments due March 27, 2020 to December 31, 2020 can be delayed for up to one year.

During 2020, the Plan was amended to add Brashear Construction Consulting, Inc. (effective January 27, 2020), Amset, Inc. (effective February 8, 2020), Penway, Inc., and Metallurgical Technologies, Inc. P.A. (effective February 15, 2020) as participating employers in the Plan, and to recognize prior service with these employers.

Management has evaluated subsequent events as of September 22, 2020, which was the date the financial statements were available to be issued, and has determined that there are no other subsequent events to be disclosed.
